BLACKLEY & ANDERSON

Robert Goodfan received.

Is New York agents to-day:

New York May 2.—The bull fever ran higher last sight and the people who voice the sentiment of Wall street said that it appeared to them that the tide had now set in dead sarness. Buying during past days indicates that the current of speculation will not change until the bull move has run its full limit. It is thought that all chasp stocks will take the lead in the advance in future.
