IONDAY MORNING, DEC. 23, 1889.

MONDAY MORNING, DEC. 23, 1889. The Exception of the subject of "Unrestricted Reciprocity in the States," the object of which was to show that over there the "move-ment had been gaining very much of late, and that it is likely to be successful ere long. Mr. Butterworth's new Reciprocity Bill, presented to Congress hast week, was held up as an important indication, and we were im-yited to believe the time so much wished for by the Canadian Opposition was now nearly come at last. The Globe drew a rose-color picture for our Canadian Reciprocity ment to take courage. By a strange conjunction of contradictions, it so happened that on the same day The

XMASTIDE AT THE THRATRES. The Attractions Which Are to Be Press The attractions which are to me restant at the Playhouses This Week. The attractions for the present week at the theatres are of a variety and character that should mow with much favor. At the Grand Opers this evening Miss Rose Coghian will open a week's engagement in "For-get-Me-Not." Says the New York Tribune; "There

are few emotional actresses who have not attempted its title role, and there are few who have not four

In the Ranks,

the play. The Jersey City News says: "Ine the play is strong and devoid of much of that i sentimentatism that at one time retarded E plays from achieving popular successes. Mr. deserves great credit for the complete manner in he has staged the playmain in the selection of th bers of his company has shown judgment born experience in the dramatic profession."

its title role, and there are new who have not reprint their talents unequal to even its correct portrays Geniresve Ward, Jenrey, Lewis and Rose Coghian a the only American artists who have succeeded in the part. Miss Cougtan as "Stephanie' is without a rive She imbure the part with a vigor that the andienn which witnesses her britilant interpretations of the u which witnesses her britilant interpretations of the u Walk-Kilrain Muss Fay and Fine, President McConnell was seen last evening in his palatial Jarvis-street residence, in re-ference to Rochester's reported jump to the American Association and the anticipated disruption in the International circuit. "My only objection to the American Associa-tion," said the President, "is Sunday games," "But," said The World's Sporting Young Man (internet in With Agarban) She imbuse the part with a vigor time, the orthous-which witnesses her brillant interpretations of the un-lovely characters shudders while they applaud, pity while they condenna. The next play in her spectra is "Jocelyn," The scenes of this play they her failen home and restore to the play the start of the position and fortune they jost through their father by receiving the addresses of Prince Soviani, a villathous adventures, and rejecting her lover who is an advecate, but a fatewards aves a the failen house and consoles Jocelyn. The next play is "Peg Wolfington," one that all should be glad to see. Miss Coglian is said to be perfectly at home in this, as she played is over 500 times in New York city. Sho will close her engagement Saturday evening, produc-ing "London Assurance, Miss Coglian appearing as Lady Gay Spanker. In the Ensuits.

Man, "there is little doubt but you would excused from such matches." "Well, I might say that if the American As-

sociation lays down liberal terms to Toronto we will certainly join." Continuing he stated that he had expected At Jacobs & Sparrow's all not week the great mill-tary drama " In the Ranks " will be presented. Hamil-ton Harris is at the head of the company producin the pizy. The Jersey City News says: "The plot of

ORDERS SOLICITED.

Voluntarily since the free breakrasts com-menced a few weeks ago nearly 50 persons have signed the pledge. The analysis of this list gives a good idea of the composition and status of the Sunday guests. One-third of the signatorise describe themselves. A labor-ers; the other trades registered are: Machin-ist, the other trades registered are: Machin-ist, the other trades registered are: Machin-penter, blacksmith, watchmaker, fireman, bookkeeper, barber, sailor, plasterer, hatter, lather, tailor, pedlar, groom, and two pro-fessional men. The women work in laundries or factories. The lowest ago register is 23, the highest 60 years. The children's feast was abundant, and being Christmas Sunday, there was supple-mental currant cake and apples to the sand-wiches, tea and coffee. A little fellow of 5 hoarded his provisions "to take to my mo-h ther-she's sick." Another did the same to stake to "our Johnny-he's got the fever." f Mrs. Johnson of King and John-streets would thankfully receive donations for children's clothing. Thrilling addresses were given in the morning by Mr. Patterson of Cooke's t Church and at night by Mr. Dixon and Mr. Buill. John Macdonald & Co.

uxuries. Let us have snow at once.

A Montreal police sergeant says that "ther are many hundreds of men, women and chil-dren in that city in such abject poverty that wither fire nor food is seen in their wretched abodes from one week's end to the other. Weeks," eh I Would it not be better to traw it a little mildly ?

It is not at all likely that Police Court Clerk Meyerfey will turn up to face an inestigation into the affairs of his office, and his post must soon be filled by the City Council. Mr. Curran Morrison, who has acceptably occupied the office of assist-ant clerk, ought in the nature of

¹ rison is a young man who has been thor-oughly trained in the details of the office and is in every way competent to succeed to the clerkship. No better choice could therefore be made for the office of the late clerk than the selection of Mr. Morrison. There is no doubt that he would give sation affairs stand for promotion. Mr. Mor-rison is a young man who has been thor-oughly trained in the details of the office and be made to the second of Mr. Morrison. clerk than the selection of Mr. Morrison. There is no doubt that he would give satis-faction to all concerned, and The World hopes to see his preferment speedily put into effect. By the same rule Mr. Brady should get the assistant clerkship. The Canadian Manufacturer says "it is a concrete, frozen fact that American iron, pro-tected \$6 a ton, can be sold cheaper in Canada

of things beyond, not to supersede, but to clinch, to illustrate the messages of the sacred theorists, but-well, there you are,

University Progress.

The scientific side of the University of Toronto is being developed on broad and . The inauguration of the new uological laboratory last week was an ortant event in this direction. It is, ac cording to distinguished professors like Minot of Harvard, Osler of Johns Hopkins and Vaughan of Ann Arbor, the best equipped aboratory of its kind on the continent, and competent to do, and is doing, the best kind Saturday gave judgment affirming the conof investigation. It is alike open to the arts students and to the men of the medical schools.

Combination. The court holds that the business of the Tea In the same way and on the same lines a chemical laboratory will be established in the park just as fast as the resources of the University will admit. The new School of Science will afford improved accommodation

mate way.

for practical work in mineralogy. The physical laboratory in the main structure is another instance of this new departure in the history of the college. At the same time the iterary side of the University is being gradually enlarged. As the scientific departments are taken out of the main building additional accommodation is afforded to the language and philosophical professors.

The Montreal Witness' says that towards the end of the contest in Stanstead Mr. Colby got "thoroughly frightened." How he must ave suffered when he heard of the majority.

It is no longer regarded as good form in the higher circles to speak of a man as being in hard luck. The proper thing to say is that he is a victim of misplaced circumstances.

There is a man in Toronto who claims to be the first Canadian to have the Russian influenza, and he says it's sneezy thing to prove

It is said that the eight-hour movement is now a live political issue in England. A more demagogic measure was never agitated. There are scores of trades in which the hours must be regulated by the needs of trade. Just as a single illustration, what would be the state of things in America if every railroad man quit work after laboring just exactly eight hours?

In order to observe the proprieties, the authorities of a college in Ohio have decreed that a statue of Apollo shall be clothed in knee breeches. That is all very well, but how would Mr. Arollo look is a toberaring uthorities of a college in Ohio have decreed how would Mr. Apollo look in a tobogganing et in once

BUCKINGHAM, QUE., Nov. 22nd, 1889. GENTLEMEN.

GENTLEMEN. I have pleasure in bearing witness to the ex-cellence of St. Leon Mineral Water as a cura-tive agent For a number of years life was rendered a burden to me in consequence of frequent attacks of Piles. Other rennedles gave me relief, but none was permanent. In Quebec City I had opportunities of testing the efficiency of St. Leon Water; the effect was most satisfactory from the start. and in the course of time my oid enemy left me. I but in the sear and yellow left of the, but in the enjoyment of good health, for which 5 I feel that I owe much to the use of St. Leon Water. S. L.JONES, Printer, 136

Puritan Cut Plug is not a "cheap" tobacco; it is manufactured from the finest tobaccos procurable, and is placed on the market not for a day or a year,

but for "all time." Those who have tried it but for "all time." Those who have tried it pronounce it a remarkably fine, cool and sweet smoking tobacco. As its merits be-come known, the demand increases. "Many years' experience in handling tobaccos, with every facility for manufacturing and pur-chasing, insures the smoker a good article at a price consistent with the quality of same. D.
