Absolute Safety and Privacy

To Those Who Clip Interest Coupons At the End of This Month

When you bring forth your Victory Bonds and Debentures from their hiding place—when you search for the scissors to cut the November coupons—consider this question: "What would I do should my Bonds be burned or stolen?"

Why not avoid the possibility of heavy loss, annoyance and sleepless nights of worry by safely lodging the Bonds in a private steel compartment in the Safe Deposit Vaults of The Canada Trust Company?

Over fourteen hundred residents of London and Western Ontario, many of them your friends and acquaintances, now enjoy this protection. Why not you?

You have jewelry, title deeds, policies and other valuable possessions hidden away in unsafe places—perhaps to become food for flames and prey for the robber.

Decide Upon Protection To-Day!

The cost is insignificant compared with your comfort and peace of mind. Bring your valuable documents and jewelry with you when you come to cash or deposit your interest coupons. Free yourself from worry by securing space in our vaults.

Special accommodation and rates are provided for silverware in sealed packages or boxes.

To the Citizens of
London and District:

The citizens of London and district should not be indifferent to the fact that a "Wave of Crime" is sweeping over this part of the country.

I cannot too strongly urge everyone to place their valuables in the safest possible places---to fasten all windows securely---to renew old locks and place new ones on unprotected doors---to lock their automobiles and in every other way make assurance of safety for life and property doubly sure.

Faithfully yours,

Robt. M. Birrell,
Chief Constable

Lock Everything Up!

THE YALE LOCK IS THE
SIGN OF SECURITY

Do not forget the side and back doors as well, also your windows, they need looking after.

YOUR GARAGE

will be secure if you have it locked with a
