**Toronto.**  
Toronto, July 29.—There was a very slow market at the Union stockyards today, and bidding was still decidedly groggy. Cattle went off another 20c largely owing to the poor quality of many shipments of the bad, grassy kind of stock. There was practically a universal complaint on the part of the dealers over the slowness of the turnover, many commission men not being able to find bidders at anywhere near their prices. There was a good run on hogs, with a steady and lambs up slightly. The hog trade is booming these days, while the cattle suffered from the tight market.

Receipts for to-day at the Union stockyards were 173 cars, with 3,253 cattle, 843 sheep and lambs, 1,271 hogs, 313 calves and one horse.

Trade was poor, with prices off in almost everything but hogs.

"Father grows younger every day." And his new photograph hints him to a "77".

The old portrait taken twenty years ago, made him look so serious and old-fashioned—not a bit like he really is.

We wouldn't part with it of course. But isn't it splendid to have a picture of him as we know him—just as he looks to-day.

And father says that he's glad he gave in and had it made—that having your picture taken is far from an unpleasant experience now-a-days.
