**THIS IS AN AGE OF WEAK NERVES**

**Men and Women Alike Suffer From This Serious Ailment**

"No heart for anything" is the cry of thousands of men and women who might be made well and strong by the new, rich red blood Dr. Williams' Pink Pills actually make.

Misery day and night is the lot of hosts of men and women who are today the victims of weak nerves. Thin, pale, drawn faces and dejected attitude tell a sad tale, for nervous weakness means being tortured by morbid thoughts and unaccountable fits of depression. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken and their limbs tremble; appetite is poor and memory often fails. This nervous exhaustion is one of most serious evils affecting men and women of today.

The only way to bring back sound vigorous health is to feed the starved nerves, which are clamoring for new, rich blood. This new blood can be had through the use of Dr. Williams' Pink Pills, which fact accounts for the thousands of cures of nervous diseases brought about by this powerful blood builder and nerve restorer. Through a fair use of this medicine thousands of despondent people have been made bright, active and strong, among these is Miss Bibiane Chiasson, South Beach, Que. who says:—"I am a teacher by profession, and probably due to the close confinement and arduous nature of my duties I become much run down and suffered from extreme nervousness. The least noise would startle me, and my heart would beat violently. Indeed my condition was an unhappy one. I had often heard of Dr. Williams' Pink Pills as a cure for nervous troubles and decided to give them a fair trial. I am happy to say that this medicine completely restored my health, and I can confidently recommend it to all suffering from nervous troubles."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
