THE CAR SHORTAGE

Consignees Can Help by Ordering Full Carloads

The railways solicit consignees' co-operation in their endeavor to provide all their patrons with a satisfactory freight car supply.

Many consignees never order more than the minimum authorized under the tariff classification. The result is an economical waste which reduces the efficiency of the railways and the public service.

To increase the average car loading by 1 ton, would be equivalent to placing 16,960 additional freight cars in service in Canada. To fully load cars would go a long way towards solving our transportation difficulties.

Railways realize that some consignees cannot always order full carloads, but they are requested to help by ordering in as large units as possible.

A car saved is a car gained. The difference between minimum loads and full loads of certain standard commodities is given herewith:

Flour shipped in 56 lb. barrels. Minimum load 210 lbs. A 30 ton car will hold 300 lbs. a 40 ton car will hold 420 lbs. etc.

Sugar shipped in 100 lb. sacks. Minimum load 300 sacks: A 30 ton car will hold 660 sacks, a 40 ton car will hold 880 sacks.

Cement shipped in 97 1/2 lb. sacks. Minimum load 457 sacks: A 30 ton car will hold 754 sacks, a 40 ton car will hold 1005 sacks.

Nails shipped in 107 lb. kegs. Minimum load 280 kegs: A 30 ton car will hold 616 kegs, a 40 ton car will hold 821 kegs.

Consignees can help by promptly releasing cars.

To most consignees such an appeal is unnecessary—they do not delay cars under load. There are others, however, who appear to be satisfied if they release cars in what is known as "free time."

Agreed, there are others who hold cars in storage service for weeks, and such consignees are largely responsible for car shortages and terminal congestion.

A recent check was made for unloading and held by consignees at some of the stations on one of the railways showed 700 cars delayed an average of twelve days. Had these cars been released within even five days they would have made nearly 4,400 trips, and would have handled about 35,000 tons of freight.

2,615 other cars unloaded within three days could have been placed for delivery on the tracks occupied by these 700 delayed cars.

The railways do not want their cars to earn demurrage, but want them employed in carrying freight.

If consignees will order freight from shippers so as to increase the average loading by 5 tons per car, and if they will reduce the average delay in unloading by 24 hours, it will prevent car shortages.

In Co-Operation There is Efficiency.

To Conserve Canada's Food

THE Canadian Pacific Railway Co. has played an important part in the interests of Canada in a great many ways, and has again been honored by the recent appointment of Mr. W. A. Cooper, one of its prominent officials, to the Food Conservation Committee.

Mr. Cooper has had considerable experience in dealing with foodstuffs, having been connected with the dining cars of the Canadian Pacific for twenty years, and his wide knowledge will be of much value to the Committee in the conservation of Canada's food stuffs.

FALKLAND RIDGE

August 6th Mrs. Mary Sproule returned home last Saturday. Emerson Wagner made a business trip to Dalhousie on Tuesday.

Glad to report Roland Marshall was successful in obtaining his "B." Charles Whidden has gone to Guysboro county to see his mother, who is ill.

Little Maurice Whidden is the guest of his grand mother at Upper Dalhousie. Mrs. John Hopkins, of Stanley, Hants, Co., and three children, are the guests of her brother, Mr. James Sprague.

Rev. H. Puddington preached on Sunday, a sermon in the interest of the Patriotic Fund. Arthur Hirtle, of Lunenburg, sang a solo, "My Father Watches Over Me."

Minard's Liniment Co., Limited. Gentlemen—I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal.

Notice has just been received that recruits suffering with the following disabilities may be accepted for any overseas service:

- (1) Men with one finger missing from one hand.
- (2) Men with one or two of the lesser toes missing from either or both feet.

For full particulars apply to the nearest depot or recruiting officer, or to REV. E. UNDERWOOD, Bridgetown.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of *Chas. H. Fletcher*

Model Eighty-Five

The Car Ahead

HERE IS the Overland Model Eighty-Five—the low-priced quality car that has been the choice of thousands.

Drive where you will, you are sure to see an "Eighty-Five" and more often than not it will be pointed out as the car ahead. For this Overland Eighty-Five has power and plenty of it.

Moreover, it is a smooth-running, easy-riding family car, one that will accommodate five people comfortably without crowding.

You can have your choice in this model of either a four cylinder engine or a six. The wheelbase of the Four is 112-inches—the Six 116-inches. Both are exceptional values. A demonstration will convince you.

For those who like smaller cars there are THE OVERLAND LIGHT FOURS
