The FORTIETH NUMBER of VICK'S FLORAL GUIDE for 1873, containing Descriptions of Hyacinths, Tulips, Lilies and other Hardy Bulbs for Fall Planting and Winter Flowering in the House, is now published. 25 cents pays for the GUIDE a year—200 pages, 600 Illustrations. Fall Number 6 cents.

v10-16-31. Address: JAMES VICK, Rochester, N. Y.

WINDSOR NURSERIES!

THE STOCK OF FRUIT TREES, VINES, &c.,

Of all kinds, for sale this Fall, is very large and finely grown.

Fall planting, if the trees are got early, is better for all hardy fruits than Spring. If got late, they should be heeled in as directed in catalogue, and planted out in Spring, which is a much better plan for even tender varieties than waiting till Spring to order them, as they can be planted as soon as the ground is ready, a better selection can also be got.

v10-16-31. JAMES DOUGALL, Windsor

EVERY FARMER SHOULD HAVE ONE

THE LITTLE GIANT

SELF-REGULATING

THRESHER AND SEPARATOR,

IMPROVED FOR 1873 (FOR FARMERS' USE),

MADE AT THE

Stratford Agricultural Works.

I have manufactured large numbers of the above Thresher, which have given general satisfaction wherever introduced.

IT IS NO NEW INVENTION, HAS BEEN THOROUGHLY TESTED, AND IS CAPABLE OF

Threshing 200 to 300 Bushels of Wheat, or 400 to 500 Bushels of Oats per day.

It will also thresh Peas and Barley well.

It threshes clean, cleans well, and is not liable to throw grain over, having peculiarly constructed shoe and shakers. It has no canvass elevators or sieves, which in other machines are a continual annoyance. The Thresher is simple, can be worked by anyone, and can be driven with four or six horses. It takes up but little room on the barn floor, and is easily moved about, being placed on wheels. It is the best threshing machine for a farmer's own use (or even three or four farmers in partnership) while the price places it in the reach of everyone.

Price of Thresher alone \$115 Price of Thresher, with horse-power, Jack and, belting \$210 to \$215.

Send for descriptive circular. Will have one at coming Provincial Exhibition at London.

JOSEPH SHRAMAN, STRATFORD, ONT.
