INCIDENTS BY THE WAY.

WESLEY PARK.—We attended the semi-annual meeting of the directors of the Park during the past month. Preparations are being made for the gatherings of the summer, which include Bro. Savage's Band Camp-Meeting, fully announced on another page; Missionary, Temperance and International Camp-Meetings; and last, but not least, one of the National Holiness Camp-Meetings, presided over by Rev. Mr. McDonald, successor to the late Rev. Mr. Inskip. As some of our readers are aware, we had the great privilege of attending one of these meetings four summers ago, at Round Lake, N.Y. We can therefore speak from a delightful and profitable experience concerning these meetings. They have stirred up the United States to the consideration and experience of the definite blessing of holiness as few other agencies have done. We advise our readers to peruse attentively all announcements concerning this gathering, and, if possible, put it on the programme for this summer's Christian work or privilege.

WELLAND.—On our way to the Falls we had the privilege of spending the Sabbath with the Secretary of our Association. We found him, as was to be expected, gradually mastering the situation. At his Sabbath morning holiness meeting, held for the hour and a half just before the preaching service, a large number was present, and we had a season of rich blessing. Some of the experiences were very satisfactory, and reminded us of some of the best at our Toronto meetings.

BRANTFORD.—We received our instructions to go to this city, and as such a course, according to our judgment,

would jeopardize the financial interest of the magazine, we felt called on to exercise unusual care in coming to a right conclusion concerning it. The Master was pleased to meet our expressed desires here, and give a clear, undoubted conviction that this was to be our destination; and so, without any misgivings, to Brantford we came.

INTENSE SATISFACTION.—How grand the sense of complete satisfaction in following Him, our Guide, when we hear His voice and obey, "My sheep know My voice and they follow Me." No fearfulness troubles the mind concerning results or consequences, for

*"The voice that rolls the stars along
Speaks all the promises."*

We found Bro. Galloway, whom we have for some time believed God has raised up to be the centre of the holiness revival in that region, in good health of body and soul, and working for the Master as opportunity afforded; and yet, upon close inquiry, we found that his faith had weakened somewhat before opposing forces. As a consequence, the holiness meeting which he had started some time previously had been broken up. He then tried to work after the Band pattern in the Church; but although the beginning was hopeful and encouraging, it did not last. The fact is, that when we undertake to work on a plane a little lower down than that which God requires us to move in, satisfactory success is impossible.

We had some informal holiness meetings whilst there, at which the presence of the Spirit was realized in a marked degree. Our brother, in yielding himself to God to be taught of the Spirit concerning his work, obtained clear light concerning the past, and especially concerning his privilege of welcoming the Comforter as his abiding guest in Pentecostal fulness and power, and so was enabled to reconsecrate himself to the work of spreading scriptural holiness.

Now, we do not, in speaking thus minutely, wish it to be understood as depreciating the rich Christian experience and the successful work which he was doing for the Master, especially in his private influence exerted upon single
