

Few Men Original.

Did you ever notice how few people are original in things they say and do? For instance, one man makes a fortune out of a simple thing—immediately hundreds of others try it. This is human nature. While it is gratifying to be the "first man" to bring out an idea, the great mass must be content to follow their leaders. There is one line that is always original, however, and that is the business of Bradley-Garretson Co. Limited of Brantford, Ont. Because they continually bring out publications to suit the times and seasons, thus their agents are kept steadily at it and make big money. In fact, no other occupation is more honorable, healthful, lucrative, or offers half as many opportunities for promotion. It is a life school. Many men and women in Canada to-day testify to the truthfulness of this claim. In fact, it is conceded on all hands that one year's experience with this Firm is worth more to any young man or woman than two or three years at college, from an educational point of view, and, financially, it is all that can be desired.

AGENTS: Did you ever think of handling our latest work? The Light of Life. If not now is a good time to start. Save a day now, some make twice that. Experience of capital unnecessary.
