"THE young lady is in evening dress," said one of Dr. Holmes's friends as a rather elaborately dressed dame stepped out on the hotel piazza to admire the sunset. A NEW KING ON THE THRONE.

"Malarin," as a "popular ailment," has given place to a new potentate.

If you have Rheumatism now the medical wiser exclaim—"Uric Acid!"

If you have frequent headaches, they say by remark—"Uric Acid!"

If you have softening of the brain, they insist that it is—"Uric Acid!"

If Sciatic or Neuralgia make life miserable, it is—"Uric Acid!"

If your skin breaks out in Boils and Pimples, it is—"Uric Acid!"

If you have abscesses and piles, "Uric Acid" has set your blood on fire.

If you have dull, boggy feelings, back ache, kidney or bladder troubles, gout, gravel, poor blood, are ill at ease, threatened with paralysis or apoplexy, vertigo; are bilious, dropical, constipated or dyspeptic Uric Acid is the enemy to this situation, the cause of all your difficulties!

We do not know as madam Malaria will take kindly to this Masculine Usurper, but he has evidently come to stay.

"Uric Acid," the Monster, is the product of the decomposition of death—constantly taking place within us, and unless he is every day routed from the system, through the kidneys, by means of some great blood specific like Warner's safe cure, which Senator J. K. Bruce says snatched him from its grasp, there is not the least doubt but that it will utterly ruin the strongest human constitution!

It is not a young fellow by any means. It has a long and well-known line of ancestors. It is undoubtedly the father of a very great family of diseases, and though it may be the fashion to ascribe progeny to it that are not directly its own, the little doubt is that if one gets thoroughly seated in the human system, it really does introduce into it most of the ailments now, per force of fashion, attributed to its baleful influence.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure.

AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.
