A STRANGE VERDICT.
 HAVE THE JURY ARRIVED AT AN CORRECT
 CONCLUSION?

There can scarcely be any doubt that the
 investigation of Dr. Koch the German
 Specialist, will lead to radical changes in
 the treatment of tuberculous diseases.
 That the eminent physician has discovered
 a specific for certain forms of skin disease,
 the Medical fraternity have already admit-
 ted, but that he has made any advance in
 the treatment of pulmonary affections,
 they are not prepared to certify to, nor are
 they willing to believe that disintegrated
 tissues can be restored by the mere process
 of subcutaneous injection. On the other
 hand, the people at large have rushed wild-
 ly to Berlin with the firm conviction that
 Koch's lymph will stay the progress of ad-
 vanced consumption and lend them a new
 lease of life. Some have been benefited—
 not cured—for the very simple reason that
 the entire nervous system is overlooked in
 the treatment. No character of disease
 that assaults the vital organs can be suc-
 cessfully treated without reaching the nervo
 centres. In this very particular, the pub-
 lic appears to have rendered a strange ver-
 dict in favour of Dr. Koch, strange for this
 reason:—for many years the remedies dis-
 covered by Dr. T. A. Slocum of New York,
 now manufactured at 186 Adelaide street
 West, Toronto, have been supplied to the
 afflicted and so far have proved unailing
 as curative agents. They have been intro-
 duced into hundreds of thousands of house-
 holds free of cost, have been given grateful
 testimonials from numberless thankful
 hearts, have been publicly endorsed by suc-
 cessful practitioners and are to-day th-
 indispensable articles of the family medi-
 cine chest. With such a record the hap-
 hazard verdict of the people in favour o'
 Dr. Koch does indeed seem strange. Dr
 Slocum's treatment has been common
 property for years, has given incalculable
 relief, and is still administering its gener-
 ous, life-giving nourishment to stricken hu-
 manity. Consumptives or those disposed
 to pulmonary complaints, should consult
 Dr. Slocum's pamphlet and make imme-
 diate and methodical use of his remedies.
 Address a letter to T. A. Slocum, M. C.,

 will receive by Express two free sample
 bottles with full information regarding lung
 troubles and their proper and successful
 treatment.
