Two Teaspoonfuls of the Liquid Makes a Strong Delicious Cup of Coffee.

Not a manufactured substitute for Coffee, but the absolutely pure concentrated strength, flavor and aroma of a Private Plantation Java, imported and controlled exclusively by us

Economical for Table use as there can be no waste. An exquisite flavoring for Cake, Jellies, Custards, Confectionery, etc. Druggists pronounce it unequalled as a flavoring for Soda. Used in Iced Milk and Water it makes a delicious summer drink. Dyspeptics can drink it freely, as the harmful properties existing in the roasted Coffee Berry are by our process destroyed. The Traveler by Rail or Steamer; the Yachtsman, the Picnic Party; the Sportsman; the Military in Camp; the Business Man or Clerk in store or office, the Physician, Lawyer or Clergyman, each and every consumer of Coffee at home or abroad, can instantly make with the aid of boiling water a cup of Coffee clear as wine and elegant in strength and fragrance. Always packed in full quarts, pints and half pints, and guaranteed triple the strength and aroma of any other pure extract, consequently the cheapest for consumers to use.

General Notes.

James Collins, Brandon, shipped a carload of beef cattle to Medicine Hat last week.

Rowe, Fixley and Whear have purchased the livery and feed stable formerly carried on by W. D. Whitney, at Lethbridge.

The police hay contracts for Lethbridge have been awarded as follows: A. Whitney, 200 tons at \$14.50 per ton; P. Louthier, 150 tons at \$14 per ton.

C. Begin, Lethbridge, Alberta, has purchased the old post office store, which he now occupies, from J. D. Higginbotham. The price paid was \$1,000.

The *Toronto Mail* says: "The refiners have been making a disturbance on account of the large quantities of raw sugars that are being imported. They have themselves to blame. Grocers would rather not handle raws, but they are forced to do so owing to the scarcity of low grade yellows. Refiners will not sell the latter unless purchasers take a certain amount of white sugar also."

Fisher & Fisher, wholesale men's furnishings, Toronto, have suspended payment. Liabilities may be placed at \$20,000, and assets show a nominal surplus of \$5,000. The firm commenced in 1883, the two partners having about \$10,000 between them, and appeared to have been doing moderately well. A short time ago they dissolved, T. E. Fisher retiring and J. C. Fisher continuing the business.

It is something astonishing the number of horses that are brought to this city and dis-

posed of from the place as a centre. There are now no less than a dozen dealing in them one way and another. During the week Trotter & Trotter brought in a carload of fine animals from Ontario. For farm and general purposes, they are well worth seeing. W. Greer, too, who has handled a large number during the year, has another carload of fine animals; and R. Trench and Thos. Harkness are to the front with a carload each of excellent bronchos. There must be money in the business.—*Brandon Mail*.

Fraser & Leonard, Vancouver, have been appointed agents in this province for the Geo. F. Blake Pump Manufacturing Company of New York and Boston.

Miners engaged in sinking a shaft for the Vancouver Coal Company between the South Field Mine and Chase River, Nanaimo, struck coal at the depth of about 60 feet from the surface. The seam is nearly nine feet in thickness and the coal is hard and of excellent quality;

The steamer Port Agusta arrived at Vancouver on Thursday night last from Yokohama, which place she left on July 13th. She has sixteen passengers and twenty-three Chinese and five Japanese; also fourteen bags of mail. She has a cargo of 42,916 packages of tea and general merchandise; 3,000 cubic tons, as follows: Montreal, 6,757 packages; Hamilton, 3,585; Winnipeg, 1,124; Vancouver, 38; San Francisco, 1,972; Chicago, 10,072; Victoria, 316; New York, 10,520; London, Ont., 534; Kingston, Ont., 271; Ottawa, 739; Toronto, 3,159; Quebec, 634.
