"OGILVIE'S FLOUR"

Messrs the Ogilvie Milling Co., Winnipeg, Man.

Dear Sirs—We have pleasure in stating that the quality of the flour made in the Winnipeg mills, of which we have imported considerable on this crop, has given the highest satisfaction to everyone who has baked it. Glasgow is pre-eminently a city of large baking establishments, some of them with a capacity of 2000 barrels per week, and all managed by gentlemen well qualified to give a sound verdict on the merits of any flour. With remarkable unanimity they have expressed the opinion that nothing finer than your Patent grade has ever been placed on the market. The baking results have been exceptionally high, both in regard to color and out-turn, and we can invariably command a higher price. We are, yours respectfully,

WILLIAM MORRISON & SON.

A cable from Liverpool on June 6, quoted choice Canadian cattle at 10 1-4c.

The first car of range sheep to arrive in the Winnipeg market this season were brought in on Thursday by Wallace, of Maple Creek, Assn. They were bought by Kobold & Co. at 4c off cars here. The sheep were in good condition. They were clipped.

Mr. Grant, of the Sarnia Sheep ranch, Walsli, Assn., was in the city this week, returning from an eastern trip.

London, June 6.—The trade in cattle was slow, and the course of prices was somewhat irregular. As compared with this day week values for choice States cattle show a decline of 1-4c to 103 3-4c, while those for choice Canadians are quoted 1-4c higher at 10 1-2c, and Argentines unchanged at 9c. The market for sheep was firmer, and prices 1-2c higher, choice Argentines being quoted at 9 1-2c for clipped and 10c for woolled.

Express Rates on Fruit.

An important reduction has been made in express rates on fruits from British Columbia to points east of that province. To encourage the British Columbia fruit trade the Dominion Express company has reduced its rate from \$4 to 2.40 per 100 pounds from Vancouver to Winnipeg. The rate for 1,000 pound lots will be still further reduced to the rate of \$2.25 a hundred. A proportionate reduction will be made to all points on the branch lines in Manitoba.
