THE CASTILIAN HAIR INVIGORATOR.

THE PROPRIETORS of this Superior Invigorator have the satisfaction of knowing from all parts of the world, that gives

For the preservation of the hair, for promoting its growth, for giving it a beautiful gloss, for preventing baldness, for preventing the falling out, for the removal and prevention of scurf and dandruff, and for the cure of itching or ringworm, and other skin diseases which frequently attack the head—nothing ever offered to the public can approach this article, and what is of the utmost importance, we warrant it to be perfectly harmless.

The Castilian Hair Invigorator has been used for more than a century by the nobles of Spain, but more especially by the ladies of that nation, so justly famed for their luxuriant and beautifully dark glossy hair. The Invigorator usually causes the hair to retain, and also frequently restores, to the latest period of life, the original color of the hair, only causing it to assume a darker shade, if originally very light.
