#### Mercantile Summary.

IT has now been definitely ascertained that the American Government have no intention to levy a duty on tea or coffee at this session of Congress. The duty is said to be opposed by a two-thirds majority of the House.

Notwithstanding the closeness of Halifax to the Cape Breton coal fields, and the connection by rail with Pictou, there was scarcely a chaldron of coal afloat or ashore for sale in that harbour the day before Christmas.

A ST. JOHN captain has been fined £100 and his mate £20, in the Thames police court, for making a false entry in the log-book of the barque Seaward. What the nature of the false entry was has not transpired.

MAIL communication with Prince Edward's Island now goes by way of Capes Tormentine and Traverse in ice boats, and passenger traffic goes by the same dangerous and uncertain route. Sometimes the Islanders are without news for two weeks from the outside world.

A cargo of lumber for Auckland, N.Z., was shipped from Halifax by the brigantine Oceola last week. The cable steamer Minia took a pretty large cargo of furs, canned lobsters, pressed hay, and cod oil, from the same port to London direct.

By a mistake arising from the similiarity in the names of two Halifax firms we were led to substitute in some remarks in our issue of the 17th inst. the name of T. A. S. De Wolf & Son for that of T. & E. De Wolf & Co. Our remarks were not at all intended for the former firm, and had no reference whatever to them.
