

NOS PRIX COURANTS

Nos Prix Courants sont révisés chaque semaine. Ces prix nous sont fournis pour être publiés, par les meilleures maisons dans chaque ligne; ils sont pour les quantités et les quantités qui ont cours ordinaire dans les transactions entre le marchand de gros et le marchand de détail, aux termes et avec l'escompte ordinaire. Lorsqu'il y a un escompte spécial, il en est fait mention. On peut généralement acheter à meilleur marché en prenant de fortes quantités et en comptant.

Tous les prix sont ceux du marché, en général et aucune maison ou manufacture n'a le pouvoir de les changer à son avantage, sauf pour ses propres marchandises qui sont alors cotées sous son propre nom et sa propre responsabilité. La Rédaction se réserve le droit de refuser ce privilège à quiconque en abusant pour tromper le public.
