The positions of the above mentioned points are defined by latitude and longitude on Canadian Hydrographic Service charts 7071 of July 31, 1964 and 7072 of April 30, 1971.

This part of the dividing line has been drawn on the charts attached to this Agreement as Annexes 2 and 3.

3. That portion of the dividing line joining point 113 to point 114 is a geodesic line.
4. For the time being the Parties have not deemed it necessary to draw the dividing line further north than point No. 127 or further south than point No. 1. The dividing line is illustrated on the plan attached to this Agreement as Annex 4.

ARTICLE III

In view of the inadequacies of existing hydrographic charts for certain areas and failing a precise determination of the low-water line in all sectors along the coast of Greenland and the eastern coasts of the Canadian Arctic Islands, neither Party shall issue licences for exploitation of mineral resources in areas bordering the dividing line without the prior agreement of the other Party as to the exact determination of the geographic co-ordinates of points of that part of the dividing line bordering upon the areas in question.

ARTICLE IV

1. The Parties undertake to co-operate and to exchange all relevant data and measurements with a view to obtaining and improving the hydrographic and geodetic knowledge necessary for more precise charting and mapping of the region covered by this Agreement. When knowledge is obtained enabling the Parties to estimate the datum shift between the 1927 North American Datum and the Qornoq Datum, the geographic coordinates of points listed in Article II shall be adjusted and re-listed in relation to both the 1927 North American Datum and the Qornoq Datum.

2. If new surveys or resulting charts or maps should indicate that the dividing line requires adjustment, the Parties agree that an adjustment will be carried out on the basis of the same principles as those used in determining the dividing line, and such adjustment shall be provided for in a Protocol to this Agreement.
