Sir Arthur Currie,  
Principal,  
McGill University.

Dear Sir Arthur:

With regard to the proposal of the Hon. W. J. P. MacMillan, Acting Premier and Minister of Education in Prince Edward Island, that McGill provide a summer course at Prince of Wales College next year, may I suggest for your consideration the following plan which might be feasible from the point of view of the Library School:

1. I understand that a request has been made for a Summer School in Canadian History. To hold such a course would not seem to be practical next year because:

- (a) The History Department at McGill will be fully occupied with its own History Summer School.
- (b) If History were to be chosen, the whole scheme would lie outside the scope of the Library School.

*What School?  
Ask Dept?*

2. If financial support similar to that given this year were forthcoming, the Library School would be in a position to render a somewhat similar Summer Institute, which would provide:

- (a) Library instruction supplementary to the last Summer Course of four weeks and completing the requirements for the McGill University Library School Summer Course Diploma.
- (b) Public evening lectures of a popular character similar to those given last summer, with the emphasis upon:
  1. Canadian History.
  2. Geography and Travel.
  3. Natural Science.
