Bill Introduced in Legislature Will Have This Result: STOP LOSS BY FLOODS

Government Urged to Take Action Regarding Grand River.

Means of increasing the revenue of the City of Toronto have been discussed for some time and the city officials have been busy trying to find a way whereby more money would flow to the civic treasury.

Grand River Discussion. Another matter of importance in yesterday's brief session was a motion for a return bearing upon information in regard to the Grand River.

WOLF BOUNTY INCREASED. Hunters' License Fee Also Advanced to Three Dollars.

HOSPITALS ASK GRANT. Money Needed for Outdoor Patients According to Deputation.

NO REPLY FROM PREMIER. N. F. R. Knight, Dominion secretary of the G. W. V. A., has received no reply from Sir Robert Borden to his communication inquiring as to the reason for the omission of the names of the returned soldier candidates for parliamentary honors from the pages of The Canadian Daily Record in London, England.

ANOTHER BRIEF FOR HUNTER. Major A. T. Hunter, a returned soldier who is representing the family of the late Gunner Albert Neale at the inquest now pending, has been asked by the board of control to ask the inquest into his death.

WAR VETERANS GET BIG CIVIC GRANT

Board of Control Allows Them Ten Thousand Dollars.

WILSON STANDS FIRM

Refuses to Reinstatement Truck Driver Dismissed for Disobedience.

The board of control yesterday granted \$10,000 to the Great War Veterans' Association after listening to Sergeant William E. Turley, Sergeant W. O'Connor, Lieut.-Col. E. B. Hardy, D. S. O., and other wounded veterans.

Willy Not Reinstated. George Wilson, street commissioner, reports that he has not seen his way clear to reinstate Charles Willy, the city driver who was discharged for refusing to take out his truck.

TELLS OF CAMPAIGN IN MESOPOTAMIA. Speaker at Empire Club Was Thru Advance of Sir Percy Lake's Column.

ANGLICANS IN NEW FORWARD SCHEME. United States Church Will Raise Hundred Million in Five Years.

FOR MISSIONARY WORK. Movement in Canada to Raise a Proportional Amount is Launched.

DISPOSES OF PROPERTY. Jane S. Wilson, daughter of the late Sir Daniel Wilson, a former president of the University of Toronto, who died in Teignmouth, Devon, England, on June 11 last, left an estate valued at \$77,343, consisting of \$53,380 in mortgages, 183 shares Canada Landed and National Investment Co. valued at \$14,045, and \$3961 on deposit with the Toronto General Trust Corporation.

TRUE BILLS RETURNED. True bills were returned in the following cases by the grand jury empaneled before Judge Winchester in Toronto after a business trip to Montreal.

PASSES THRU TORONTO. Hon. R. Rogers, former Dominion minister of public works, was at the King Edward yesterday on his way home to Montreal after a business trip to Toronto.

VETERANS' CLUB HOUSES. St. John, N.B., has granted \$15,000 to the G. W. V. C. of that city for the erection of a new club house.

INCREASE REVENUE FOR LARGE CITIES. Bill Introduced in Legislature Will Have This Result: STOP LOSS BY FLOODS. Government Urged to Take Action Regarding Grand River. Means of increasing the revenue of the City of Toronto have been discussed for some time and the city officials have been busy trying to find a way whereby more money would flow to the civic treasury. Yesterday Hon. J. B. Lucas introduced a bill in the legislature which, if made law, will have the effect of materially increasing the city's revenue. It provides that fees for the registration of deeds and other such papers will be raised by approximately 30 per cent, and in Toronto, where the proportion of such fees paid to the city is about 90 per cent, the amount in a year would be considerable. The bill is an amendment to the Assessment Act and applies to the entire province. The proportion which a registrar retains and that which is paid to the municipality works on a sliding scale, so that the larger the centre the larger becomes its revenue from this source. Grand River Discussion. Another matter of importance in yesterday's brief session was a motion for a return bearing upon information in regard to the Grand River. With a view to giving relief to the people who live adjacent to the river, J. H. Haun, South Brant, urged the government to take some action whereby floods would be avoided. He said people were living in constant dread of the spring and that already hundreds of thousands of dollars' damage had been done in recent floods. He pointed out further that by conserving the water supply along engineering lines a power by which 20,000 horse power of electricity could be developed would be secured at a time when such power was greatly needed. Minister of public works did not object to the return being brought down, but told of the plans now under way and said the Ontario Hydro-Electric Commission was investigating. Because of the heavy expenditure involved he did not think it wise to act without full consideration. The question of diverting water by way of Dundas was being discussed. To carry out the plans suggested it would be necessary to either do this or build catch basins which would retain the overflow in the spring season and make it available the year around. The motion was carried and the information will be forthwith.

POLICEMAN'S WIFE GUILTY ON ONE CHARGE. Jury Adds Rider Strongly Recommending Mercy in Case of Mrs. Frances Wilson. Mrs. Frances Wilson, wife of former P. C. Wilson, who appeared before Judge Winchester and a jury in the court of general sessions yesterday on four charges, was found guilty on one only, after the jury had deliberated only about five minutes; that of obtaining goods to the value of \$14 and \$10 in money from E. T. Berkinshaw. The jury added a rider strongly recommending mercy. The other charges against accused on which the jury found her not guilty were: obtaining goods to the value of \$25 from D. Morrison and forgery and passing a cheque to the value of \$200 in the name of her husband on the Queen and Church branch of the bank of Nova Scotia. Sentence was postponed until the end of the sessions, Harry Wilson, the former policeman, was subjected to a heated attack from his wife, when he said he had been separated from her for three years since they were together for a few days in January last. He admitted getting \$25 from his wife but stated he understood it was her own money. "Why did you sell any furniture?" she asked him. "I could pay my lawyer when he attempted to get me a divorce," replied Wilson. Mrs. Wilson told him she signed the cheque for \$25 and \$75 the next day. SCORE'S MESSAGE TO GENTLEMEN GOING SOUTH. No matter how little a man may feel like cool clothing in the northern zone at these days, if he contemplates a trip south just to escape some of the March weather rigors he must calculate on the comfort of lighter, cooler clothing. Score's has the demand for "tropical" clothes in mind when they made the extra purchase and have imported very special lines of merchandise for the southern-tourist, making special mention of the cool suiting goods made from yarns that look cool, are cool, and are comfortable to feel on the hottest day. By paying a license fee of \$5, instead of \$2, deer hunters will be permitted to kill two deer instead of one. This action was thought advisable as a means of increasing the food supply. An amendment which provided for a resident license fee of \$10, instead of \$2 for fur dealers, was approved. HOSPITALS ASK GRANT. Money Needed for Outdoor Patients According to Deputation. Asking for a government grant of 32 cents per patient a day a deputation representing many hospital organizations through the province waited upon Sir William Hearst yesterday. It was explained that the money was needed for outdoor patients towards the maintenance of whom the government at present does not contribute. An economic point was emphasized when it was stated that the government would ultimately save money for by the better care of outdoor patients there would be less indoor patients to whom the government does contribute for their upkeep. Consideration was promised. OPPOSES KEEPING PIGS. It is the opinion of Dr. J. W. S. McCullough, provincial health officer, that pigs should not be kept in back yards. He pointed out yesterday that no municipality had the power to pass a by-law permitting such procedure throughout the extent of the province. He pointed out that the provincial health authorities, and he added, he had no intention of giving that consent.

CIVIC PIGGERIES ARE RECOMMENDED. Ten Thousand Hogs Could Be Fed on Toronto's Garbage. FINDINGS REPORTED. Garbage-Fed Pigs Bring Same Price as Corn-Fed Animals. Hogtown is coming into its own. The special committee of the city appointed to investigate the utilization of garbage and waste products held its first session yesterday afternoon, and decided that immediate action should be taken by the city to go into the hog raising business, using garbage for feed. George Wilson, street commissioner, estimated that between 9,000 and 12,000 hogs could be raised from the garbage collected in Toronto. It would be necessary to amend the civic by-laws to compel householders to separate rubbish from table waste. He advised the committee his findings into the experiment on a large scale, but to take one section of the city and appeal to the residents on patriotic grounds to separate their garbage from the other waste matter. This garbage would be taken to the jail farm daily and fed to the hundred or more hogs here at present. When the hogs were ready for fattening he would send them brought to the old cattle market and kept there for their last six weeks. Gradually the city could branch out into other sections of the city and in from its intensive hog production. No Danger of Hog Cholera. C. E. Hought, who has investigated the question reported his findings in six large American cities, Worcester, Nashville, Grand Rapids, Kansas City, St. Louis, and Minneapolis, garbage is being used as a large price on the market as corn-fed hogs. For every ton of garbage fed to the hogs, said Mr. Hought, 100 pounds of pork was produced. There was no danger of cholera under present methods of production, and no danger of unsanitary conditions if care is exercised. Aid. Bail moved that the necessary change in the by-law be asked for, but it was decided that before any action was taken the property commissioner should and the street commissioner would present their reports. DISPUTE CORNER'S VERDICT. That there was no negligence in connection with the death of Henry Atkins, who died in the Western Hospital from a fractured skull, was the substance of a letter written to the board of control by Dr. H. C. Tomlin, superintendent of that institution. A coroner's jury which sat on the case attributed Mr. Atkins' death to carelessness on the part of Dr. Cohen, an internist at the hospital. CAPT. BAILEY REMANDED. Captain George Bailey appeared in the police court yesterday morning after a week's remand to answer to a charge of having by word of mouth, and by reports or made statements contrary to the provisions of the military service act. His counsel, W. K. Murphy, Jr., pleaded not guilty, and asked for another week's remand which was readily granted. Bail remains at \$2,000. TRUE BILLS RETURNED. True bills were returned in the following cases by the grand jury empaneled before Judge Winchester in Toronto after a business trip to Montreal. Hon. R. Rogers, former Dominion minister of public works, was at the King Edward yesterday on his way home to Montreal after a business trip to Toronto. Mr. Rogers was in excellent health and spirits, but declined to discuss public questions. VETERANS' CLUB HOUSES. St. John, N.B., has granted \$15,000 to the G. W. V. C. of that city for the erection of a new club house. Reipur, Sask. city council has a grant of \$2000 under consideration for a similar purpose.

WAR VETERANS GET BIG CIVIC GRANT. Board of Control Allows Them Ten Thousand Dollars. Refuses to Reinstatement Truck Driver Dismissed for Disobedience. The board of control yesterday granted \$10,000 to the Great War Veterans' Association after listening to Sergeant William E. Turley, Sergeant W. O'Connor, Lieut.-Col. E. B. Hardy, D. S. O., and other wounded veterans. Controller McBride wanted the city to be represented on the executive of the G. W. V. A., but was explained that this was unconstitutional. Controller O'Neill opposed the grant, as the finance commissioner had reported that the same work being performed by the veterans was being done by Sergeant-Major Craighton's office in the city hall. An amendment by Controller McBride to make the grant \$6,000, the same as last year was voted down. Mayor Church and Controller Robbins and Maguire favoring the \$10,000 grant asked for by the veterans. The board endorsed a resolution passed by the Bradford city council asking that the property qualifications for aldermen be abolished. The mayor and Controller O'Neill were opposed. Mayor Church selected to endorsing another resolution asking that the control of the finances of the board of police commissioners be given to the city council. Willy Not Reinstated. George Wilson, street commissioner, reports that he has not seen his way clear to reinstate Charles Willy, the city driver who was discharged for refusing to take out his truck. The annual convention of the Canadian National Association of Trained Nurses will be held here on June 4. About 150 delegates will be in attendance. The convention committee asked for a civic reception to the delegates, but in the interests of economy the request was refused. B. H. McClain, formerly secretary of the Calcutta Y. M. C. A., for three years and two years in London, afterwards with Sir Percy Lake's forces which were sent to relieve General Townshend at Kut-el-Amara, addressed the Empire Club yesterday and gave a vivid account of the sufferings of the troops on the ill-fated expedition which had to surrender to the Turks. He paid a glowing tribute to the fidelity and courage of the Indian troops and to the British and Canadian forces in France, at Salonica, in Egypt, along the Suez Canal, in Palestine, in German East Africa, and in Mesopotamia. The importance of this service, he said, was inadequately appreciated, and their destiny was inseparably linked with ours. He recounted the efforts of the German Empire to gain control of the Turkish territories and the Bagdad railway, and the value of Mesopotamia as the only remaining great region capable of colonization, but Germany had the port there and all the races of the world mingled there today. In a country where the Persians neglect the Persian Gulf would imperil British interests in the east. German ambitions were for an empire from the North Sea to the Persian Gulf, and end Britain's control of India, Australia, Hongkong and other eastern possessions. ANGLICANS IN NEW FORWARD SCHEME. United States Church Will Raise Hundred Million in Five Years. MORE COMMITMENTS MADE IN TORONTO. City One of Three Places With Increase in Drunkenness During Past Year. Stand Taken by Select Committee Dealing With Venereal Problem. PENALTY IS PROVIDED Against Law to State Any Person is or Has Been Affected. It was a matter for argument when the special committee selected to deal with the bill to restrict venereal disease met at the legislature yesterday as to whether or not the names of persons affected should be reported to the medical officer of health, inasmuch as names of people having other contagious diseases were reported. Dr. R. W. Powell, Ottawa, thought these names should be treated in the same manner, but Dr. McCullough, provincial health officer, argued against such a method, saying it would prevent people from seeking the proper medical advice. It was eventually decided not to report the names. Speaking of the practice of examining people at jails, Dr. Clark, Toronto General Hospital, said few objected, while Capt. Bates gave the information that all soldiers were examined. A clause was amended to read: "Any person arrested under any act may be examined." It was further decided that the medical officer of health could notify a suspect directly instead of such notice going thru the district M.O.H. A penalty of \$200 may be imposed upon any person who in any way states that some one else has contracted the disease or has been infected with it. In the opinion of Dr. Hastings it is the sanest bill that has ever been put before the house. It was sent back to the house with the minor amendments as noted.

DOMINION RUBBER SYSTEM AND ASSOCIATED COMPANIES. A Pair for a Pair. Each Pair of Shoes should be Fitted with its Own Pair of Rubbers. YOUR shoeman will tell you that a shoe wears better and is more comfortable if fitted with Rubbers made to suit its particular style and shape. There is no economy or comfort in trying to make one pair of Rubbers do service on several pairs of shoes. And there's no need of your doing so, because the enormous demand for Rubbers makes it possible for us to offer a most complete line of shapes and styles to fit any and every shoe. There's a style and shape for every shoe—for men, women and children—in these six brands of staunch, well-fitting Rubbers, carried by the leading shoemen. "Jacques Cartier" "Dominion" "Merchants" "Maple Leaf" "Daisy" "Granby". Ask for these brands—they give the best wear. Canadian Consolidated Rubber Co. Limited. Executive Offices - MONTREAL.

ANGLICANS IN NEW FORWARD SCHEME. United States Church Will Raise Hundred Million in Five Years. FOR MISSIONARY WORK. Movement in Canada to Raise a Proportional Amount is Launched. Toronto Anglicans are taking the lead in starting a new great forward movement for missions on a large scale. Rev. Dr. W. E. Taylor, the new secretary of the Anglican Laymen's movement for missions, outlined the proposed plans at St. James' parish house at a luncheon yesterday. It was explained that the Methodist Episcopal Church in the United States had started a campaign to raise one hundred million dollars for missions during the next five years. A proportional effort was a proposed objective by the churches in Canada. The amount to be made an objective by the Anglicans in Canada, and the plans and extent of the new laymen's movement for missions would be decided at the meeting of the general synod at Winnipeg in September, and would, Dr. Taylor considered, be requested with equal interest to the other great question to come before the general synod, namely, action upon the revision of the prayer book. Dr. Taylor announced that he was leaving immediately for an organizing tour by laymen's missionary committees in Quebec and the east. This was, and an explanation at the places visited, or the importance to be attached to the action to be taken at the general synod regarding the proposed forward movement, would be the principal work to be undertaken until the meeting of that body. The fact was brought out that the missionary Anglican contributions last year were not affected by the call for patriotic funds. This was taken as an indication that a continuance of the war would not preclude the general synod approving of a great missionary campaign. Toronto Railway Co. Sends Cheque for Disputed Interest. R. J. Fleming's big armchair is again out in the danger zone. The Toronto Railway Company notified the city solicitor yesterday that it would pay over to the city the \$460 of disputed interest, due in connection with the construction of the Don bridge. The payment is made under protest, and as a result the sheriff will not have to proceed with the execution of the city's writ against the company. The company thinks, however, that the costs in connection with the case, amounting to \$200, are too high, and states that it will appeal. THE HOME BANK OF CANADA. 66 To make a dollar go further—save it. Full compound interest paid at highest bank rate on Savings Deposits of One Dollar and upwards. Branches and Connections Throughout Canada. HEAD OFFICE & EIGHT BRANCHES IN TORONTO.
