WOMEN ON THE STAGE.

Question Discussed at the Playgoers' Club in London-When

They Should Go On. don, April 11 .- "Ought women to go on the stage?" was the question asked by Florence Bright at the Play-Goers' Clib last night. Her answer was "Yes, if young, pretty, of artistic temperament, bright and well." Other speakers admitted the dangers of the career, dwelling especially on the fact that by reason of the habit of expressing superficial and affected emotion, the player ran the risk of destroying true feeling. All the speakers also laid stress on the fact that other considerations besides ability led to advancement on the stage. Cecil Raleigh, however, maintained that the standard of morality was higher on the stage than off.

Until Britain and America Back Down.

Action of Admiral Kautz and Capt. Sturdee Must be Disavowed First Thing.

Berlin, April 11.-Dr. Johannes Raffel, the

Council of Apia, Samoa, has arrived here respondent of The Daily Telegraph says: former German President of the Municipal the officials of the German Foreign Office. quoted as saying: "The decision of Chief Justice Chambers in favor of Tanu was partly due to the fact that Mataafa is a Catholic, while Tanu is a proselyte of the English missionaries. Mataafa is the only King the Samoans will tolerate."

There has been a sudden veering of views upon the part of both the Minister of Foreign Affairs, Baron Von Buelow, and the Emperor. A foreign office official said tonight to the correspondent of the Associated Press in energetic language that Germany, before engaging in an investigation of the commission's work, must insist upon the American and British Government unmistakably disatvowing the flagrant violations committed by Admiral Kautz and Captain Sturdee. In the absence of a disavowal, for Germany to join the commission would be a mere farce. He added: "When the commission starts it must start on the status quo and not on a status created by the illegal acts of subordinates in Samoa."

More energetic still is the semi-official announcement of The Hamburg Correspondent, which declares that "if England and America do not heed the diplomatic remonstrances made in London and Washington, those remonstrances will be fortified;" adding "Germany insists upon receiving full satisfaction for the number of breaches committed in Samoa."

The tone of the German press during the quoted as saying : "The decision of Chief

full satisfaction for the number of breaches committed in Samoa."

The tone of the German press during the last two days has been most bitter. Inquiries made by the correspondent of the Associated Press at the Foreign Office have elicited the statement that nothing is known of the alleged British annexation of the Tonga Islands, and it is not believed such action has been taken, and it is ciaimed it would be a gross violation of the Anglo-German agreement of 1886.

'Ine Neuesten Nachrichten declares that Great Britain has raised fresh difficulties against a condition aiready admitted in principle, namely, that the decision of the Samoa Commission must be unanimous, and it furthermore asserts that the German Commissioner will be appointed only when Great Britain shall have given the necessary guarantees to ensure respect for German treaty rights.

AGAINST SOCIALISM. Emperor William Has a New Scheme for Governing

London, April 11.—An attempt has been made to wreck the Irish express, bound from Paddington railroad station bere to Milford, where the passengers embark on board the mail boat for Waterford. A large boulder was placed on the track, but the engine swept the obstruction away. The passengers were shaken, but the engine was only slightly damaged. There were a number of Americans on board the train on their way to catch a steamer at Queenstown.

ONLY KODAK FIENDS.

Berlin, April 11.—A gentleman in the Emperor's entourage tells the correspondent of the Associated Press here positively, that the reason the Emperor is withholding his confirmation of Berlin's new chief Mayory Herr Kirschuer, is that His Majesty is planning the formation of a separate province of Berlin, abolishing Berlin self-government. The plan embraces dividing the city and suburbs into a number of sub-districts, with a royal official heading the administration in each. A bill embodying this scheme will reach the Diet this session. The unchecked growth of Socialism is the prime factor actuating Emperor William's prime factor actuating Emperor

Later the enemy attacked the outposts of the Minnesota Regiment between Bigaa and Bocave, five miles south of Malolos, killing two men and wounding fourteen.

fourteen.
Simultaneously the outposts of the Oregon Regiment, at Marilao, the next station on the way to Manila, were attacked, with the result that three Americans were killed and two were-wounded. The loss of the enemy was ten men killed and six wounded. The Americans also captured two prisoners. Troops were concentrated along the railroad as thickly as possible, and the rebels were driven back to the foothilis. The roadbed of the railroad was damaged, but it was repaired almost immediately, and traffic was soon resumed through to Malolos.

Treachery Suspected.

Manila, April 11.—(5.55 p. m.)—It is supposed that many of the rebels who attacked Gen. McArthur's line of communication, and who were requised by the troops commanded by Gen. Wheaton, were natives who entered that region in the guise of friendiles. They had seemingly secreted arms in several places, and fired on the Americans from the bushes at so close a range that they could be heard talking. One of the Filipinos yelled in English, "We will give you damned Americans enough of this before we are through." The rebels undermined the railroad at Marilao, and unspiked the rails, in an effort to wreck a train while the railroad gang participated in the fight. The work of the rebels was discovered and repaired before a train arrived.

The Pontiff dwelt upon the Church's mission of pacification, "not only in the dominion of conscience, but in the public and social sphere, a mission which the church fulfils in proportion with the freedom left to her action."

Continuing, the Pope said: "Every time the church has intervened directly in the serious affairs of the world, it has assured public welfare, and the Popes have often stopped oppression and secured truces and peace treaties. Civilization would have perished without Papal authority to vindicate the supremacy of right over might. Oppressions may sometimes embarrass and curtail the powers of religion, but amid all vicissitudes the church pursues its beneficent mission, which embraces heaven and earth. Pure humanitarianism could not assure real and—lasting prosperity. An attempt is even now perceptible to withdraw civilization from the influence of Christianity."

His Voice is Firm. The Pope concluded with bestowing his benediction upon those present in a firm, strong voice. Besides the Cardinals, a number of Bishops and other dignitaries of the church were present. The health of the Pontiff was apparently excellent.
