HAS BECOME BOASTFUL OF HIS ADOPTED CITY Mr. Wood of The Ottawa Free Press Talks About the City of Ottawa.

Alfred Wood of The Ottawa Free Press was in the city yesterday. The former Torontonian has become a most enthusiastic Ottawaite, and proclaims the capital the most beautiful city in the American continent.

"We have had more American tourists this summer than ever before, and with the ideal summer weather which we have had, I know that a few years the City of Ottawa will be the centre of the tourist traffic of Canada. Within 50 miles of the city, there are ten thousand lakes just west of here.

"A few hours' ride westward brings the tourist to the wild animal's paradise, Algonquin Park, a primeval forest park, which will some day become a greater attraction to tourists than any spot on earth.

Ottawa has grown so large during the past decade that the parliamentary sessions do not make any perceptible difference in the commercial life, the social affairs are quickened by the gathering of the senate and commons. The daily conduct of the country's affairs in the various departments gives wider importance to the capital, but the thriving factories and mills are the real builders of the city.

With 100,000 people living in sight of the clock on Parliament Hill, Ottawa is still growing, and it will hold its place for years to come as the "first city of Canada," and the third in size and population.

"And," concluded Mr. Wood, "The Ottawa Free Press is the great daily newspaper where are located the seats of the mighty."

There will be no delay in getting home, as excursionists travel by regular trains.

Live Wire Kills Bridge Works Employee—Alleged Jamborees at Hospital.

Hamilton, Aug. 18.—(Special).—Jas. Herman Fowler of Smith's Falls was electrocuted this afternoon at the Hamilton Bridge Works at 4.30. He was at work on the inside near the top of the building when he touched a live wire carrying 2200 volts. He was killed instantly and his body thrown to the roof. It fell across three wires stretched along the building 40 feet from the floor and was suspended there until the current was turned off. The dead man was a painter and boarded at 22 North Gloucester-st. He was 22 years of age and unmarried. He helped to support his mother, a widow, who lives at Smith's Falls. The body was taken to the private morgue of Latchford and Scott, near Conover Bldg. had been notified.

Hospital Jamborees. The milk dealers' association has arranged the action of the hospital governors in awarding the milk contract to the Pure Milk Corporation at 17 cents a gallon when a member of the association, whose contract was cancelled after an outbreak of typhoid fever in the hospital, had been supplying it at 14 1/2 cents a gallon. Alderman Birrell says there were no less than 100 cases of typhoid among the staff and nurses if there were fewer jamborees.

There is a slight hitch between Ald. Birrell, chairman of the fire and water committee, and Ald. Bigger, chairman of the finance committee, over the payment of the cost of laying a cement pavement in the yard of the central fire station.

The price of tomatoes dropped to 15 cents a basket on the local market today. The St. Highlanders, who are getting in shape for the presentation of their colors, began their fall drills this evening with a march out. The streets were lined with an admiring throng.

The bricklayers' strike situation remains unchanged. Some of the carpenters have been forced to lay off their men and the end is not in sight. Political pot boiling already in Hamilton. Ald. Biggar and Ald. Geo. S. Kerr will likely fight it out for the mayor's chair. F. G. Bruce, M.P., so it is rumoured, intends to drop out of public life and Hon. Dr. Montague is being pressed to run. The probable candidates are: East Hamilton, Hon. Dr. Montague and Ald. J. M. Eastwood; West Hamilton, Samuel Barker, M.P., and Adam Zimmerman, Toronto Star.

This morning Leonard Gordon Hill, a 17-year-old, who lost his position as bell boy at the Albany Hotel, Toronto, thru drink, was caught in the home of J. J. Brown, Street Creek. Mr. Brown, who is locked up in a room, and went for a constable. A knife and a purse belong to Mr. Brown were found on the table in the room. Looks Like a Settlement. This morning Fred Meyer of the Oak Hall Hotel, arrested yesterday, was remanded for a week by the magistrate. Ball was fixed at \$2000. The prisoner's brother furnished the bonds.

An International Affair. A few weeks ago Harris Cohn was arrested here on the charge of receiving goods stolen from the United States, Adams and American Express Companies. He engaged Ald. George S. Kerr, who fought the extradition proceedings, and finally won out. Judge Anglin holding that the extradition law was faulty on the question of the stolen property. Also only charged with receiving goods to the value of \$75, the express companies spent over \$100,000 in amount in tracing Cohn, who is accused of being a "fence."

Cohn is said to be living in Dundas, and is reported to have lots of money. The express companies are seeking to have the extradition law amended to cover such cases.

Revels. Some of the local Macabees deny that they are satisfied with the increase of rates decided upon by the supreme tent. City Solicitor MacKellan and City Engineer Barrow left this morning on a mysterious trip to Buffalo. The engagement of Miss Harriet Woods, North James-street, and Dudley Freeman, New York, is announced.

It took four constables to arrest Edward Byers, an ice wagon driver, on the central market this morning. He was charged with being drunk. There is a mystery about the typhoid fever outbreak at the city hospital that has not been explained yet. The outbreak was said to be due to milk, and people are wondering why the hospital nurses and staffs were affected.

With the fall and winter months comes the billiard season. A more healthful and enjoyable game or afternoon pastime than billiards is not known. It has a peculiar attraction something to learn, hence the continued interest. Many of our modern homes are now equipped with well-appointed billiard rooms. The ideal location for a billiard room is adjoining the dining room, not in the attic or in the basement, where in the past so many billiard rooms have been foolishly located. The modern billiard room in a strictly modern home is the living room for at least an hour after dinner, and properly so, as a rubber C. L.
