HAD TO HIDE IT

A MOTHER wrote us recently that she had to keep Scott's Emulsion under lock and keyher children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way.

makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much-they know it makes them feel good.

Older people, too, who are thin or delicate will find Scott's Emulsion a wonderful strengthgiver and flesh-builder.

SCOTT & BOWNE 122 Wellington Street, West TORONTO,

TEN MEN DROP TO DEATH. JOHN A'S GRANDSON DEAD.

Rope Snaps and Mine Shaft is Scene "Jack" Macdonald is Dead at Wi nipeg at Early Age.

Wilkes-Barre, Pa., April 26.-Ten Winnipeg, April 26.-"Jack" Macdon ners were instantly crushed to death ald, aged 20, the only son of Hugh John to-day at the Conyingham Mine of the Macdonald, ex-premier of Manitoba to-day at the Conyingham Mine of the Delaware and Hudson Company, located in the northern part of this city. The men were being lowered into the mine, and when 350 feet from the surface the rope broke and the cage fell to the bottom of the shaft, a distance of 400 feet. A rescuing party was at once organized, and they found the bottom of the shaft beneath a mass of debris. They were terribly mangled. An examination of the rope had been made before the first cage full of human freight was lowered into the mine, and it was found to be all right. but without any warning the rone snapped some died this morning after a lingering illness. The young man never enjoyed robust health, and had spent considerable time at different eastern sanitaria in an effort to become strong.

He was the living image of his grandfather, the late Sir John A. Macdonald, ex-premier of Manitoba, died this morning after a lingering illness. The young man never enjoyed robust health, and had spent considerable time at different eastern sanitaria in an effort to become strong.

He was the living image of his grandfather, the late Sir John A. Macdonald, ex-premier of Manitoba, died this morning after a lingering illness. The young man never enjoyed robust health, and had spent considerable time at different eastern sanitaria in an effort to become strong.

He was the living image of his grandfather, the late Sir John A. Macdonald, ex-premier of Manitoba. An examination of the rope had been made before the first cage full of human freight was lowered into the mine, and it was found to be all right, but without any warning the rope snapped and the carriage dropped like a shot. The carriage had all the safety appliances, and its speed should have been checked before it reached the bottom, but the "catcher" did not work. SOLD SAFE WITH \$28,000

well known among old time bowlers Louisville, Ky., April 26.—At the general offices of the Louisville & Nashville, it was stated that nothing is known regarding the reported leasing of the road to the Atlantic Coast Line. President Smith is out of town. According to First Vice-President Mapother, Mr. Smith is not in New York.

New York, April 26.—Officials of the Atlantic Coast Line declined to talk concerning the reported guarantee on Louisville & Nashville stock.

Ontario Teachers Will Ask Government to Fix Salaries and Qualifications.

The subjects taken up at the Ontario ational Association yesterday followed very much on the line of the remarks of Chancellor Burwash in his presidential address. In the morning

B.A., Lindsay; director, Dr. D. McDermid. Cornwall; auditors, Inspectors Chapman and Davidson.

Government Control of Schools.

The joint meeting of training and public school departments, consisting of the executive officers, will recommend to the legislature: (1) That the government fix a minimum salary for public school teachers. (2) That the minimum academic and professional qualification of teachers be fixed at 21 years. (3) That the minimum academic and professional qualification of teachers be materially increased. (4) That the minimum qualification of teachers be materially increased. (4) That the minimum qualification of teachers be materially increased. (4) That the minimum qualification of teachers be materially increased. (4) That the minimum qualification of teachers be materially increased. (4) That the minimum qualification of teachers be materially increased. (4) That the minimum qualification of a principal of a public school of two to five rooms, inclusive, be a second-class certificate; six or more rooms, a senior classes be placed upon the same basis as corresponding grades of high schools are regards equipment, government and teachers' qualifications. (5) That the grant to public schools and distribute it on the following basis: (a) teachers' qualification; (b) percentage of average attendance; (c) rate of assessment and taxation for school purroces (d) teachers' salary: (e) school equipment; (6) that a provincial system of super-increase in every inspectorate, on the same lines in the formation of trustees' associations in every inspectorate, on the same lines in every inspectorate, on the same lines in the

marks of Chancellor Burwash in his presidential address. In the morning all the sections were interested in hearing Prof. Moulton on "Lady Macbeth," and it was afternoon before the sections got down to business.

The inspector's department discussed "Text Books—One Set or More," and passed a resolution saying "the authorization of more than one set of reades for our public school is detramentate progress, inconvenient to teachers and unnecessarily expensive to parents." They ask "that the education department shall authorize the best borpossible, and only one upon each subject, and allow the competition of all publishers so as to secure these at reasonable prices." Inspector Clendenning introduced the subject and was followed by Inspector Colles and Inspector McNaughton of Stormont, 84 years of age, was congratulated, by recolution, on completing 64 years of service as public and high school teacher and public school in spector. John A. Leitch gave an address on "How Others See You." He disproportion in the size of the schools and something done to equality the school saction was great. The govennent shall and high school teacher and public school and training departments, with regard to icongraining the training schools. The department selected the following officers: Chairman, Rev. W. H. G. Colles, Chatham: secretary W. H. Stevens, B.A., Lindsay; director, Dr. D. McDermid, Comwall: auditors, Inspectors Chapman and Davidson.

The joint meeting of training and public school departments, consisting of the executive officers will recommend the morning session of the trustees' section elected officers adoption of Public Schools, in which the morning session of the trustees' section of turning and public school departments, consisting of the executive officers will recommend the morning session of the trustees' section elected officers department Control of Schools.

Murdered for Her Money.

New York, April 26.—Her money and all her valuables gone, her clothing disarranged, marks of violence about her head and neck, and a wad of cloth stuffed so far down her throat that it probably caused death by suffocation, Mrs. Marie Ducci, 45 years old, was found dead to-day in her little two-room apartment in Spring-street.

Mrs. Ducci frequently had boasted that she had a large sum of money, and that she had a large sum of money, and that she had a large sum of money, and that she nead to large sum of money, and the front of the waist and the corset had been torn. Two-bent safety spins inside her corset marked the place where the money had been kept.

Canadian Institute.

The members of the Canadian Institute are requested to meet at the library to-day, Thursday, at 2.30 p.m.

The members of the Canadian Institute are requested to meet at the library to-day, Thursday, at 2.30 p.m.

The members of the Canadian to the corset had been torn. Two-bent safety and the state appointed a committee to represent that the question of selecting or ground that the conventions were elected in the home science section.

Officers elected in the home science section were: President, Miss Benson, siller, committee on vertical writing reported that the style system was being diseased in favor of the medium slant.

Alex. Thompson addressed the hyseropresident, Miss J. P. Semple, director of art, Toronto P. S. Evice-president, Miss J. P. Semple, director of art, Toronto P. S. Evice-president, Miss J. P. Semple, director of art, Toronto P. S. Toronto, and the son carried at the following officers were elected that the style system was being diseased in favor of the medium slant.

the effects of carbon-monoxide gas, as as affecting the blood, he drew the attention of the board to the practicability of supplying the city of Toronto, by pumpings the water up to Scarboro Heights and its subsequent flittering by slow, sand filtration, on a method as described by Dr. Hodgetts in his report, read on Tuesday, thus guaranteeing to the citizens for all time water free from disease-producing organisms. He indicated that by the adoption of this method the question of the speak of sewage would be simplified as the board of sewage would be simplified as the control of the c

They're "Captains" Now.

Chief Thompson, in his report to the fire and light committee upon Ald. Mc-Bride's suggestion to substitute the title of "captain" for that of "foreman" in the department, and to have the words "Chief" and "Deputy Chief" printed on the vehicles used by each, favored the former, but not the latter proposition. The report was adopted without discussion.

proposition. The report was adopted without discussion.

The request of residents, supported by acting commissioner's recommendation, that Albany-avenue, from Wells-street to Dupont-street, be included within the brick fire limit, was assented to. Permission was given the C. P. R. to erect a frame freight shed on Dufferin-street, south of Queenstreet

Burdock Blood Bitters

At the Board of Control.

A number of residents in the vicinity of Orchard-street appeared before the board of control yesterday to protest against the granting of a permit to the City Dairy Co. to establish stables in the rear of the dairy buildings. E. B. Ryckman intimated that if the city gave a permit, the residents would apply for an injunction, and for legislation that would enable the city to exclude stables, other than private ones, from residential districts. President S. J. Moore and Manager A. E. Ames and Charles E. Potter of the company argued that the stables would not create a nuisance, and that the value of the enterprise to the city mertied consideration. A visit to the neighborhood will be taken this morning.

The planing mill project that has set up in business here, has confessed to the control.
