Detroit Free Press, of vesterday: The final game in the western series for the Ontario tankard was played yesterday at Windsor between teams from St. Thomas and Toledo. The former's team won by a large score, but according to the opinion of a number of curlers in Windsor and Detroit, St. Thomas' players have very little to boast about. Geo. N. Matheson, of Sarnia, who was appointed umpire for the games, said that St. Thomas did not live up to the agreement entered into the previous evening. He wished the games to be finished Monday night, but as the St Thomas men had played two games during the day, the plea of fatigue was entered, and the umpire was requested to postpone the final match until vesterday morning. Dr. Coldham and C. J. Watts, of the Toledo players, said that they could not remain until the morning, and then the St. Thomas players agreed to allow some players from Windsor to take the places of these two players. Yesterday morning the agreement was refuted by St. Thomas, and Toledo was compelled to play one rink with three players J. S. Reid taking the place of Watts, and Rike, who played first man Monday, acted as skip. The game was very one-sided, but few on the ice wished to see St. Thomas win. S. C. May, of the St. Thomas skips, wished to permit the Toledo players to take on another man, but he was overruled by W. K. Cameron, who has the management of the club. The following is the score:

ASELALL. FOR A CANADIAN LEAGUE.

Hamilton Spectator: Charles Collins represented London and Hamilton at New York State League meeting. His object in attending was to see if there was not some possibility of reorganizing the International League, to be composed of Canadian and New York State teams. The New York State League is at present composed of Utica, Oswego, Auburn, Rome and Courtland, and several other places have applied for admission. Rome had a franchise last season, but forfeited it, and was out in the cold until yesterday, when it was readmitted. Utica and Oswego are the only good-sized places in the bunch, and it is 344 miles from Utica to London. The league decided to send a committee to Hamilton or London, but after looking over the ground, Manager Collins decided that there would be no advantage in joining league, especially as no city this side of Utica had applied for admission. Hamilton and London, therefore, will stick to the Canadian League next season. Chatham and St. Thomas will be in again, and it may be that Brantford and Guelph can be induced to organize clubs.

Mr McIntee Found Dead and His Wife Unconscious From Laudanum-Eurglary in Brantford.

The June meeting of the London Methodist conference will be held in Windsor. The Kingsville schools had to close owing to the natural gas supply get-

tire low. Vanston's grocery store, Brantford, was robbed of \$12 in money on Tuesday night.

The oil well recently struck near Kent Bridge is yielding from four to five barrels an hour.

Mr. Roy Marcotte, of the Chatham Banner staff, has secured a situation on the Windsor Record. Mrs. Taylor, of the Great Western Hotel, Belle River, is dangerously ill. She is probably the best known boni-

face in the county. At the meeting of the Essex county council notice was given of a motion to consider the question of the erection of a county house of refuge.

Mr. Wm. Down, of Stratford, has received word from Torrington, England, announcing the death of his brother. Mr. P. H. Down, on Jan. 14.

N. J. King, an English tobacco buyer, has arrived at Kingsville. He says that if the grade is up to samples sent him he will buy the whole crop. The south mail train on the L. E.

and D. R. R. was delayed for a short time last Friday at Chatham by an incipient blaze in the baggage car. It is said that inside of six months Ruthven will have a tobacco factory. It will be built by five local men, who have the money to back the scheme.

Mr. Wm. Young, of the Ontario Agricultural College, Guelph, has been engaged as foreman of Cherry Grove Stock Farm, Kerwood, by J. Morgan & Sons.

The two end piers of the new L. E. and D. R. bridge at Chatham are now completed, and work has been commenced on the middle pier, which will be of stone.

Captain W. J. Rose, 52 years old, and a resident of Wingham for fourteen years, died Wednesday night. He was born in Amherstburg and was at one time in command of one of the M. C. R. transfers at that place.

William J. White, of the Dominimmigration department, formerly of Exeter, states that the Doukhobors brought with them about \$125,000 worth of household effects. Some 18,000 of them may come to Canada altogether.

At the meeting of the Essex county council last week, Mr. Coste gave notice of a motion recommending Mayor Girardot, of Sandwich, as assistant inspector of schools for North Essex, as his father, Inspector Girardot, is getting too old to make the rounds.

Woodstock Times: The wheels of justice are clogged at the police court. When Police Magistrate Field got down to the court room this morning he found that something, probably ice, had got into the gas pipe, and the stove which heats his office could not be operated. It was as cold as Klondike in the office. The ink was frozen, and when the magistrate dipped his pen in another ink bottle, for the purpose of signing an information, the ink froze on the pen before it could reach

the paper. The village of Burford is greatly excited over an awful tragedy which oc-curred there Tuesday night. Mr. T. S. McIntee, the well-known storekeeper of the village, who had been in his usual health the day previous, is cold in death, while his wife is lying in a dangerous condition, and may not recover. A servant, rapping on the door of Mr. and Mrs. McIntee's room, received no answer, and after calling one or twice with no reply, she entered the room. Going to the side of the bed she found to her horror Mr. McIntee and his wife lying side by side and apparently dead. Miss Swain quickly raised an alarm, and Dr. Johnston was sent for. A medical examination proved that Mrs. Mc-Intee was alive, though in a very dangerous condition. Mr. McIntee was quite dead, the body being cold. Mrs. McIntee has been suffering from neuralgia for some time and has been applying laudanum to her face as a remedy. The cause of the awful affair is attributed to the drug.

## PROMINENT IN MANY LINES

Status of the Negro in Professional Life.

New York, Feb. 3.-The field secretary in the south of the American Missionary Association, Rev. George W. Moore, of Nashville, has made a protracted and detailed investigation concerning the negro in professional life. He reports that in 1895-96 there were 1,319 students in professional courses in colored schools, and of these 126 were women.

There were 703 students and 76 graduates of theology, 124 students and 24 graduates in law, 286 students and 30 graduates in medicine, 6 graduates in pharmacy, and 126 students and 40 graduates in nurse training. were 25 schools of theology, 5 schools of law and 6 schools of medicine.

In addition to these schools, which have been established for the negro in professional life, the doors of the leading colleges and universities of the north, east and west are open to him. Since 1895 there have been 196 grad-

uates who received diplomas from reputable medical colleges, making a total of 805. This list does not include the large number of negro men who have been graduated from northern in-stitutions. There are twelve schools for training colored women as nurses. Two hundred nurses have been trained and are in training. Provident hospital, of Chicago, is the pioneer school in this work. The Freedmen's hospital, of Washington, D. C., is the largest hospital in the country open to colored people.

Colored medical associations exist in several Southern States. There is also a national association of colored physicians. A number of physicians and surgeons are in the United States army with the rank of major.

There are about 400 colored lawyers in this country. They practice in all the courts.
