WHERE WILL FIRST YEAR COLLEGIATE PUPILS HOLD CLASSES

Matter To Be Decided At A Special Meeting of the Board Today.

To determine the disposition of the first-year pupils of the Collegiate Institute, a special committee of the board of education will meet this afternoon. A proposal to put the pupils in the Lord Roberts Public School will receive the attention of the board. The school inspector, C. B. Edwards and Dr. J. P. Bryant, principal of the public school, will take part in the discussion of the proposition.

It is suggested that the public school pupils occupy the building in the morning and the high school pupils study there in the afternoon. If this plan is adopted the counter children will probably go to school at 8 o'clock in the morning and stay until noon, then those who were attending the second year school will study from 1 o'clock until 6 o'clock.

If the proposition is accepted, it will go into effect on Monday.

\$9000 SUFFICIENT INCOME FOR CLERGY

Rural Deanery of East Middlesex Hold All-Day Meeting.

That \$900 is not a sufficient income for a country cleric of the Anglican church was the decision made by the clergy of the rural deanery of Middlesex, at a meeting held in conjunction with the semi-annual meeting of the deanery Women's Auxiliary and the deanery Sunday School Association, at St. James' Anglican Church, South London, Rev. A. A. Bice, rural dean, presiding.

Different clergy from the deanery and their views regarding the salaries were given. One minister said he received \$600 several years ago, and that the \$100 increase made little difference in the cost of living. It was pointed out that a country cleric has to keep a horse, and the average salary of \$900 is not enough to live on. This leaves \$700 for the minister and his family to live upon.

After much discussion on the impossibility of doing out an existence on this sum, it was resolved to bring the matter up before the Synod of Huron, which meets in Brantford on May 19.

Church Extension.—Another subject discussed by the clergy, it is intended by the deanery to extend a helping hand to the mission church of London; in other words, St. David's, City Church, of the Redeemer, and the church of the Epiphany. In cases where the buildings are in need of repair, the work will be done, and every possible aid given to mission churches. Announcement was made that the deanery is to establish a mission house at the church of the Epiphany, in South London. The location of the house is still under consideration. There was a decided understanding among the clergy that the deanery will do its best to help the mission churches in the district of London.

Women's Auxiliary.—At the separate meeting of the Women's Auxiliary of the deanery, the election of officers was held. The result was the unanimous re-election of the president, Mrs. A. A. Bice, and G. A. Bice, secretary. Mrs. Bice, in her report, said that the auxiliary during the past year were reviewed, and the matter of educating another mission church was taken up. The young girl who has been educated by the auxiliary for some years has now completed her education. The auxiliary intend to give another child the same education.

Mrs. W. H. Fry, who with her husband, Rev. W. H. Fry, is in the city, has returned from a mission in the city. She has been working in the city for some time, and has been very successful. WAST IN LOCAL DIVISION, DURING THE NEXT FEW WEEKS

116,000 Railroad Ties To Be Laid—Twenty-Two Miles of New Steel Rails For Different Yards—Flower Gardens, Too.

One hundred and sixteen thousand new railroad ties will be laid in place in the local division of the C. P. R. within the next few weeks, according to R. McKillop, superintendent of the local division. Now that the tie is out of the ground work on this and other reconstruction will start in earnest.

Twenty-two miles of new steel rail will replace rails in the yards of the biggest centres in the division, and a stretch of track will be laid in the vicinity of Galt. Besides these expenditures twenty miles of the right-of-way will be rehabilitated, and other repair work over the whole system will be done.

Extensive reconstruction work is being done by the C. P. R. every year, Mr. McKillop explained. As soon as the snow leaves the ground an inspection is made of the whole system and needed repairs noted. As soon as the frost leaves the ground the construction work starts.

The flower beds at every station on the division is starting immediately also. All the bulbs, plants and seed needed in planting the garden are purchased in London. This division is regarded by the company as the flower garden of Canada, and, therefore, great attention is paid by the officials in beautifying the system by means of flower beds at every station.

All the attention of the company, however, has not been directed towards the beautification of the division, for plans for the recreation of the employees is being drawn up. Two tennis courts are to be laid in the vicinity of the Richmond street station. A baseball team is being entered in the City League.

CHIEF WILLIAMS SAYS HE'S GOING TO RESIGN SOME TIME OR OTHER

May Be Next Christmas, or May Be Three or Four Years Yet.

Chief of Police W. T. Williams may not retire or resign for five or six years, yet.

"It may be next Christmas; it may be two or three years; it may be five or six years; all I can say is that I am not resigning now," replied the chief when asked if it was correct that two applications had already been received from out-of-town aspirants to his position.

The paper which announced that Chief of Police Lamin of Stratford and Chief H. L. Milligan were both offered the job, has been recording Chief Williams' resignation for many years now, according to the chief. He reports that his resignation do not worry London's station police chief any more than it worried Mark Twain to read his obituary in another newspaper long before he ever thought of dying.
