There is no straw so luxurious as a Panama. It can never be out of style—never anything but absolutely ultra-stylish. It is made of rare material, and the making of a single hat occupies weeks of patient labor.

We have imported some splendid new designs, all sizes—

The total vote for the candidates for president was 21,976 for Lynch and 13,381 for H. S. Rudstorp of New Orleans. Not Murkured.

**SUBURBAN SERVICE IS SURELY GROWING**

What Three Days' Traffic Shows—Big Tract of Land Purchase May Add to It

Within three days of the total capacity of the new suburban motor car were occupied on the morning run into the city yesterday.

Soon the crowd will get the habit and the car will be the "trailer" will be soon found none too roomy for the accommodation of regular passengers from the vicinity of Brampton and along the line.

On Monday there were 50 passengers into the city; on Tuesday there were 48, and yesterday there were 33. The noonday trip to the city links also shows a decided increase. On Monday between 15 and 20 golfers patronized the motor car. Tuesday there were between 12 and 15, and yesterday 22.

On the return trip to Brampton in the evening Monday there were about 25 passengers leaving the Union Depot; Tuesday night there were 22, and last night 35.

When the new inter-urban time-table comes into effect on the 15th, it may entitle an additional stop about a mile and a half west of the golf club. Several residents of this neighborhood who have business to bring them into the city every day, have made solicitations to this effect to Mr. Foster of the C. P. R.

A wealthy syndicate has bought up several hundred acres of land between and paralleling the line of concession B and the Humber River, with the idea of adapting it into a model residential district. The movement was started very quietly last fall, and it is said there is little property in the zone stretching from Dundas-street to Weston that they haven't procured.

The C. P. R. officials are well pleased with the results of the trip service so far, and in all probability a "Y" will be constructed at Brampton by which the car can turn around instead of backing up eight miles to Streetsville.

The prospective train to leave Brampton in time to give people to the ball games will not be installed until after the 15th.

**NEW I. O. F. RATES.**

Official Announcement to Members as to the Proposed Changes.

An official circular was issued yesterday to members of the I.O.F. concerning the new schedule of rates.

To show the contrast from former and present rates as compared with the proposed scale, the following tables may be cited, the proposed rates for each period under consideration being printed in black:

—Rates for \$1000 Benefit, Ordinary—

Age at Entry	1887 to 1891	1891 to 1895	1895 to 1899	1899 to 1903	Proposed (1908)
15	60	50	50	50	74
18	80	55	55	55	82
21	122	112	105	105	134
24	164	143	132	132	183
27	225	187	165	165	250
30	338	259	215	215	390
33	532	329	269	269	500

Several options are given to "old" members to reach a modern scale footing.

Under option A a member may pay a sum in cash, depending on the time he has been in the order, and his age at entry; or he can continue paying his present rate, but instead of insuring him \$1000 at death, this rate will insure only \$750 at age 18, \$718 at age 25, \$632 at age 30, \$565 at age 35, \$497 at age 40, \$400 at age 45, \$300 at any age of entry from 42 to 54, which is the limit of age for a benefit.

**HAYS HAMMOND WITH TAFT.**

WASHINGTON, June 3.—John Hays Hammond, whose fame as a mining expert extends around the world, has authorized the announcement that he is a candidate for the vice-presidential nomination, and that his name will be presented at the Chicago Republican convention.

Galt Signs for Power.  
GALT, June 3.—Galt has joined the ranks of those municipalities contracting for Niagara power.

The decisive step was taken at a meeting of council when, after a three-hour discussion, the report of the market, fire and light committee, recommending the approval of the contract, was passed by a vote of 9 to 4.

Mayor Patterson then gave notice of his intention to call a joint meeting of the ratepayers before the contract was finally signed.

Gendarmes Shoot.  
VIGNEUX, June 3.—Twelve gendarmes, while attempting to arrest a striker here, were surrounded by 200 of the workmen. Believing that they were in danger of their lives, the gendarmes used their weapons.

Reinforcements to both parties soon reached the scene and in the fight with revolvers which ensued two of the workmen were killed and six wounded. Four gendarmes were wounded.

In Hands of Bailiff.  
BROCKVILLE, June 3.—The residence of John E. Anderson, the bigamist and former inspector of the public schools here, is now in the hands of a bailiff.

It turns out that Anderson represented himself as being worth \$30,000, with the result that he obtained all kinds of credit.

He furnished his house lavishly, but failed to pay for the goods. Even his wedding suit was not paid for, and has been seized.

River Three Miles Wide.  
ST. LOUIS, Mo., June 3.—At West Quincy, Ill., the Mississippi River is reported to be three miles wide, and great damage has been done by the floods. A special police patrol has been sent from Quincy to protect property.

Babe Choked While Feeding.  
MONTREAL, June 3.—The 13-month-old baby of Mrs. Frole died at her breast this morning. The baby choked while feeding, and was suffocated.
