Jury in Hall-Mils Case Dt-

liberates About 5

Hours

SOMERVILLE, N. J., Dec. 3— As calmly as she had sat through 24 days of trial, Mrs. Frances Stevens Hall tonight heard a Somerset County jury say that she and her brothers, Henry and Willie Stevens were not guilty of the murder of Mrs. Eleanor R. Mills.

Five hours and twenty minutes after they left the court room the jurymen returned with the verdict of acquittal. The C. N. R. Sustains Heavy Finannames of the defendants were called one by one, Mrs. Hall's being the last.

CROWD GIVEN WARNING.

Before the jury entered, Justice Parker issued a sharp warning to the crowd not to make a demonstration of either approval or disapproval. His injunction was followed to the letter but there was some cheering in the rotunda outside the room, almost the minute the first "not guilty" was the court, and was dragged by three

bailiffs before the bench for a reprimand.

Few people here tonight believed that any of the defendants would be tried on the second indictment or that Henry de La Bruyer Carpender, their cousin, would ever go to trial.

Rubber Plan Is Hit

colombo, Ceylon, Dec. 3— Opposition to Great Britain's restriction of the rubber output in her rubber producing areas under the Stevenson plan has developed in the Ceylon legislative rouncil, which has under debate a mother research discriptoration. ion expressing dissatisfaction.

HEAVY Christmas mails for European and other overseas destinations have already put the local post office staff on its mettle to cope with the rush of business. The rush will grow steadily greater until after the holiday season. Postmaster Alexander Thomson said last night that the first of the extra help for the Christmas sea-son would be taken on about the middle of the month and the first group would be placed at the sta-tion to help handle the large conments arriving and going out.

would be put on. He expects to have from 20 to 25 additional men on the staff for the big rush. He recommended mailing of par-cels for England about the middle cels for England about the middle ci next week to catch the boat sailing on Dec. 10, but said that letters for England might be sent on the next boat. Any later mailing of Christmas parcels and letters for the Old Country might mean that delays on the other side would hold up delivery and the mail would not reach its destination until after Christmas. For tion until after Christmas.. For mail going across Canada to the Pacific coast at least one week should be allowed. in the office would next be added and later additional letter carriers

cial Loss-Freight Shed and Office Goes

NEWCASTLE, Dec. 3—A heavy financial loss to the C. N. Rail-way was sustained when the northway was sustained when the northern end of the freight shed at Newcastle, containing freight, etc., was destroyed by fire which was discovered about 6 o'clock this evening. The freight shed is a one-story building about 250 feet in length. Originally the shed was about 100 feet long but a few years ago the building was lengthened. It was at this junction of the buildings that the fire was stopped. buildings that the fire was stopped. The office of the freight depart-ment was destroyed and as far as is known none of the records were

of the building was saved. It was salvaged under the direction of C. N. R. Inspectors Dunphy, Ryan and Steeves, who are in Newcastle on business in connection with the C. N. R.

When the firemen responded to the In Ceylon Council alarm the northern portion of the building was a seething mass of fire which it was impossible to extinguish.

Upriver Growers More Optimistic Now Than Before, is Report

NOT for many years have the potato producers in the northwest part of the province been so optimistic as at present, according to A. D. McCain, of Florenceville, one of the big potato shippers in the up-river district, in a longdistance telephone conversation yesterday afternoon. Good average yesterday afternoon. Good average crops last year and this year, with high prices in 1925 and fairly good prices this year have gone a long way, he said, in putting a cheerful aspect on the whole situation. While shipments by steamer from Saint John had been somewhat the last year this condition. fewer than last year, this condition was more than made up for by the fact that large lots had been sent forward this fall to Upper Canada and United States markets, he said. In fact, he added, the shipments out of storage to date were about 40 per cent. more than they were

at this time in 1925. The shippers, he declared, were looking forward to brisk market for the rest of the season. While the price paid last year went as high as \$4.50 The restorative power of Dr. Chase's Nerve Food is truly remarkable as is proven by the experience of the writer of this letter. And yet

TION NASTER NO RUE PLUG able as is proven by the experience of the writer of this letter. And yet this is only the usual experience of people who put Dr. Chase's Nerve Food to the test.

Miss Jennie Kent, 139 Northumberland St., Brantford, Ont. writes:—

"The strain of nursing my mother through a long illness left me in a weak, run down condition which affected my nerves. I had severe pains in the nerve centres of my arms and limbs which often kept me awake for hours at night. I also had a heavy dragging pain across my back and lelt all the time as if I would not be able to keep on much longer. A treatment of Dr. Chase's Nerve Food has removed these symptoms, however, and built me up wonderfully."

Miss Jennie Kent, 139 Northumberland St., Brantford, Ont. writes:—

"The strain of usual experience of a barrel, it was expected that with more rapid handling and a better crop the results of this year's marketing. With the price now in the vicinity of \$2.50 a barrel, would be well up to the 1925 figures.

At the present time an average of one steamer a week for Cuba and points south is leaving from Saint John, each vessel taking from 10,000 to 12,000 barrels, or about 35,000 bushels. In addition, the consignments to New England and Upper Canadian markets continue.

Summarising the whole situation, Mr. McCain said that it was very satisfactory and, following up last year's successful scason, there was a feeling of security among the farmers and province of the price now in the vicinity of \$2.50 a barrel, would be well up to the 1925 figures.

At the present time an average of one steamer a week for Cuba and points south is leaving from 10,000 to 12,000 barrels, or about 35,000 barrels, or about 35 feeling of security among the farmers and shippers which had not been ex-perienced for some time.

93, Feted By Family CHRISTMAS SEALS YARMOUTH, Dec. 3-Mrs. (Capt.) John MacKinnon, of Chebogue Point, Yarmouth county, has just celebrated her 93rd birthday. The event was DISTRIBUTED

marked by a gathering of the family and those present were: Capt. Arthur MacKinnon, master of the Boston & Yarmouth liner Prince George; Mrs. MacKinnon and family; Capt. Adelbert MacKinnon and family; Capt. Adelbert Mailed; Returns Start to Come in

thur, of the same line, and Mrs. MacKinnon and family, Mrs. (Capt.) Norman A. MacKinnon, Mrs. (Capt.)
Loran MacKinnon and friend, Miss
Williams, Mr. and Mrs. William D.
Lovitt and little son, Malcolm; also
Mrs. MacKinnon's daughters, Mrs. Ella
Harty and Miss Elizabeth MacKinnon.
They comprised the entire family excepting Capt. Loran MacKinnon, master of the Ocean Transportation Company's steamer West Canon, now en cepting Capt. Loran Mackinnon, master of the Ocean Transportation Company's steamer West Canon, now en route from New York to San Francisco. During the day Mrs. Mackinnon received many kind tokens of the event, including beautiful flowers.

Interest in automobiles has become assistance in controlling tuberculosis.

With the stamps there has been sent out an attractive little card which gives the following statistical statement gives the following statistical statement concerning the work at the tuberculosis free dispensary in Saint John in the present year:

Nurses' visits, 5098; physicians' clin-

ic, 105; examinations, 809; patients examined, 517; patients X-rayed, 163; amined, 517; patients Arayas, 129, patients fluoroscoped, 206; sputum examined, 50; patients receiving milk, 27; contact cases examined, 109; new patients, 322; patients re-admitted, 88; patients and patients atients discharged, 413, and patients on list end of year, 327.

The figures readily suggest what is the fact, that the work of the society has been splendidly effective in reducing tuberculosis in Saint John. It is the support will be adehoped that public support will be adequate in order that the work may go

orward unhampered. EXPLAINS SYSTEM.

A member of the committee in charge of the seals last night explain-ed the system of keeping check on the returns from the envelopes sent out. Each return envelope has a number stamped on the back and there is a separate card filed for each envelope. When the return envelope is received back by the committee it is checked off on the separate card. If the envel-ope is not received a follow-up card will be sent to remind the person, who has received the seals, that they are still in his or her possession and have not been paid for.

Brazil Paper To Be Put On Gold Basis

Canadian Press Despatch.
RIO JANEIRO, Brazil, Dec. 3—
Brazil's paper money will be placed on a convertible gold basis against deposits to be held in the Bank of Brazil and its London and New York agents, under the monetary stabilization bill sent to the Chamber of Deputies by the new administration under President Washington Luis. The paper money now in circulation, totalling 2,500,000 centos (nominally \$1,365,000,000), will be stabilized at the rate of two-tenths of a milligram of gold for one paper milreis (nominally 32.45 cents, new about 12½ cents) this rate to be held steady by a measure authorizing the government to buy and sell foreign exchange. The ad valorem customs duties there-y affected will be re-calculated to

JS EXECUTED. OSSINING, N. Y., Dec. 3-Unsuccessful in pleas for executive clemency, John J. Brennan, Brooklyn policeman, was executed in the Sing Sing electric chair, shortly after 11 o'clock last night, for killing Samuel Kranicoff in the Clymer street police station last January. Brennan shot Kranicoff in front of the lieutenant's desk at the police station, where Kranicoff had gone to make a complaint that the patrolman mal-

a fine smoke

CONDENSED MILK (Sweetened) OU will find it has the new and distinctive flavor, far superior to that

you get when you use ordinary top milk and sugar. It makes it rit her more mellow and goldenunusually appetizing. Then too, it gives a richer 'body' to the beverage, quite the opposite of the thin, flat consistency it has when served with ordinary milk. Eagle Brand is a blend of milk and sugar, pure, full-cream milk, (doubly rich and creamy because part of the water content is removed) and fine granulated sugar. In place of cream for coffee, Eagl Brand means a tidy saving from day to day. It avoids the annoyance of having milk and cream run short or spoil. For you can always keep a supply on hand. Eagle Brand keeps perfectly until used. Try Eagle Brand in your coffee tomorrow morning--and for the rest of the week. If you prefer tea, you'll find Eagle Brand improves that, too. Cocoa, and chocolate, are wonderfully good made with it.
