BRITISH STRIKE NOTICEABLE ON MARKET STOCKS

Initial Declines of One and Two Points Are Recorded On N. Y. Mart

POUND STERLING FALLS BEHIND AS RESULT

Brazilian and Asbestos Issues Active Today On the Montreal Exchange

NEW YORK, May 3.—A sharp reaction in prices took place at the opening of today's stock market, presumably on selling inspired by the British labor crisis. Initial declines of one to two points were recorded by United States Steel common, General Motors, Mack Trucks, International Combustion, Famous Players and Delaware and Hudson. Sterling exchange, which advanced within striking distance of gold parity—\$48 last week, fell 15-16 of one percent over the week end, being quoted in the New York market at \$45.55, for cables. French francs touched a new low at 2.27 cents, or about three points lower than Saturday's ruling rate, and Belgian francs collapsed nearly 12 points to a new low at 2.28 cents.

Early declines in the stock market ran from one to nearly five points. General Electric sold down 4%, and losses of a point or two were recorded by such popular issues as United States Steel common, General Motors, Mack Trucks, International Combustion, Famous Players and Pacific Oil.

MONTREAL, May 3.—Trading on the local stock exchange at the opening this morning was fairly active. Stock prices were soft and several losses were recorded. Brazilian and the Asbestos issues were the most active stocks, the former opening at 8 1/2 and subsequently sold at 80 for a net loss of one point, while new Asbestos preferred at 70 was up a point. New Asbestos common lost a quarter at 24. Smelters and Spanish River both lost a point at 194 and 99 respectively. The steamship issues were firm, the preferred opening unchanged at 63 and the common at 10.

CABLE TRANSFERS

MONTREAL, May 3.—Cable transfers 455%.

Brokers' Opinions

Hayden Stone—"We are faced with a

strong investment condition, but with

speculative setting that is likely to call

for some further readjustment."

Block Maloney—"The stock market

will not run away in either direction

for a time, but promises to be two

sides."

Hornblower—"We see nothing to sug-

gest any change in the detail of specu-

lative operations which calls for a se-

rie of rallies and reactions with the

main trend of prices toward moderate-

ly higher prices."

Fennell & Beane—"Although the main

trend is upward, profits should be taken

on the bulge as long as the market re-

mains so professional."

Morning Stock Letter

TIMBER TRANSFER ANTICOSTI ISLAND

French Senator Desposes of Large Tracts For Reported Sum \$6,000,000

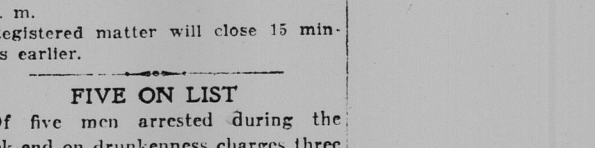

QUEBEC, Que., May 3.—Confirmation has been obtained from government circles of the sale of the timbered section of the Island of Anticosti, in the Gulf of St. Lawrence by Senator Menier, of France, to the Waygamack Pulp Company, of Three Rivers. The deal involves a transaction of \$6,000,000. Waygamack will exploit some three thousand square miles of timber limits, and the output will be manufactured at the Three Rivers plant. Senator Menier retains the rights on the west end of the island, where he has erected a chateau and has a permanent staff of two hundred people. He will also retain fishing rights on the rivers of the island, and has made provisions to protect game. The Island of Anticosti has belonged to the Menier family since 1895, the present owner inheriting it from his brother, the French "chocolate king". The Waygamack Company also became owners of the steamer Fleurus, a new ship due to arrive this week from France to replace the Savoie, which has operated between the island and the mainland for a number of years.

Mail Hours At Local Post Office

SPECIAL SUNDAY IN CENTENARY SCHOOL

Graduation Exercises Are Carried Out—Presentation to Mrs. W. H. Barker

Graduation exercises were carried out in Centenary United Church Sunday school yesterday. W. Grant Smith, superintendent, presided. Mrs. Langstroff's class of girls made its final graduation into the seniors. In this class there is a C. G. I. T. group which yesterday had fulfilled all the requirements and passed through all the grades in order to attain C. G. I. T. standardization. This is the first C. G. I. T. group in New Brunswick to attain standardization.

Mr. Smith made the presentation of a volume of Grayson's "Adventures in Understanding" to Mrs. W. H. Barker, efficient missionary secretary of the school, and whose departure to reside in Toronto is keenly regretted.

One of the features of the exercises was a dramatization of the Bible story of King Rehoboam, which was admirably presented by the boys' class taught by Mrs. R. G. Fulton, assisted by other boys of the junior department who were grading into the intermediate department.

Association, lecturing on "Prophecy and the Approaching Kingdom," here last night.

Explaining the signs he sees at present characteristic of the last days of the world, Dr. Riley said: "We have the mockers; the second coming is spoken and written against. We have disobedience, 'unhappiness,' and 'unholiness.' We have false Christs and false prophets. Men are denying the blood that bought them. The nations of the world planned to war; they expected to war; they compelled history 'run into the mold of prophecy; that the last days' might be exactly as God said they would be."

Women's Day At St. Philip's Church

Women's Day services were observed at St. Philip's church yesterday. Last night the music was supplied by a choir of women. A bright program was rendered and Mrs. A. A. Richardson presided. Readings were given by Mrs. J. Jackson and the special speakers were Mrs. J. Hamilton who dealt with women's organizations, and Mrs. C. M. Morgan whose object was "She hath done what she could." Mrs. E. Dickson sang "He Wipes the Tears from Every Eye." Mrs. A. Leslie sang "Sun of My Soul." A duet "Doing His Will" was sung by Mrs. Morgan and Mrs. Leslie. Mrs. W. Young presided at the organ. There was a very large congregation in attendance.

WORLD'S ONLY HOPE IS RETURN TO GOD

Rev. J. S. Bonnell Draws Lesson From Crime Wave in U. S.

Rev. J. S. Bonnell in St. Andrew's Kirk last evening preached on "Rights of God." He said one of the most deplorable tragedies of our day was the spectacle of a great nation powerless to protect the lives of its citizens. The crime wave or crime deluge sweeping over the United States was an indication of the instability of western civilization. In the United States and in Canada as well there was now being reaped the harvest of emphasizing of the rights of man. The only hope for the future of civilization was a return to God. Men who disowned divine authority would not bow to human authority. Faith in God alone made life endurable, enriched it with untold splendor and redeemed it from the blackness of despair.

HOLD RUMMAGE SALE

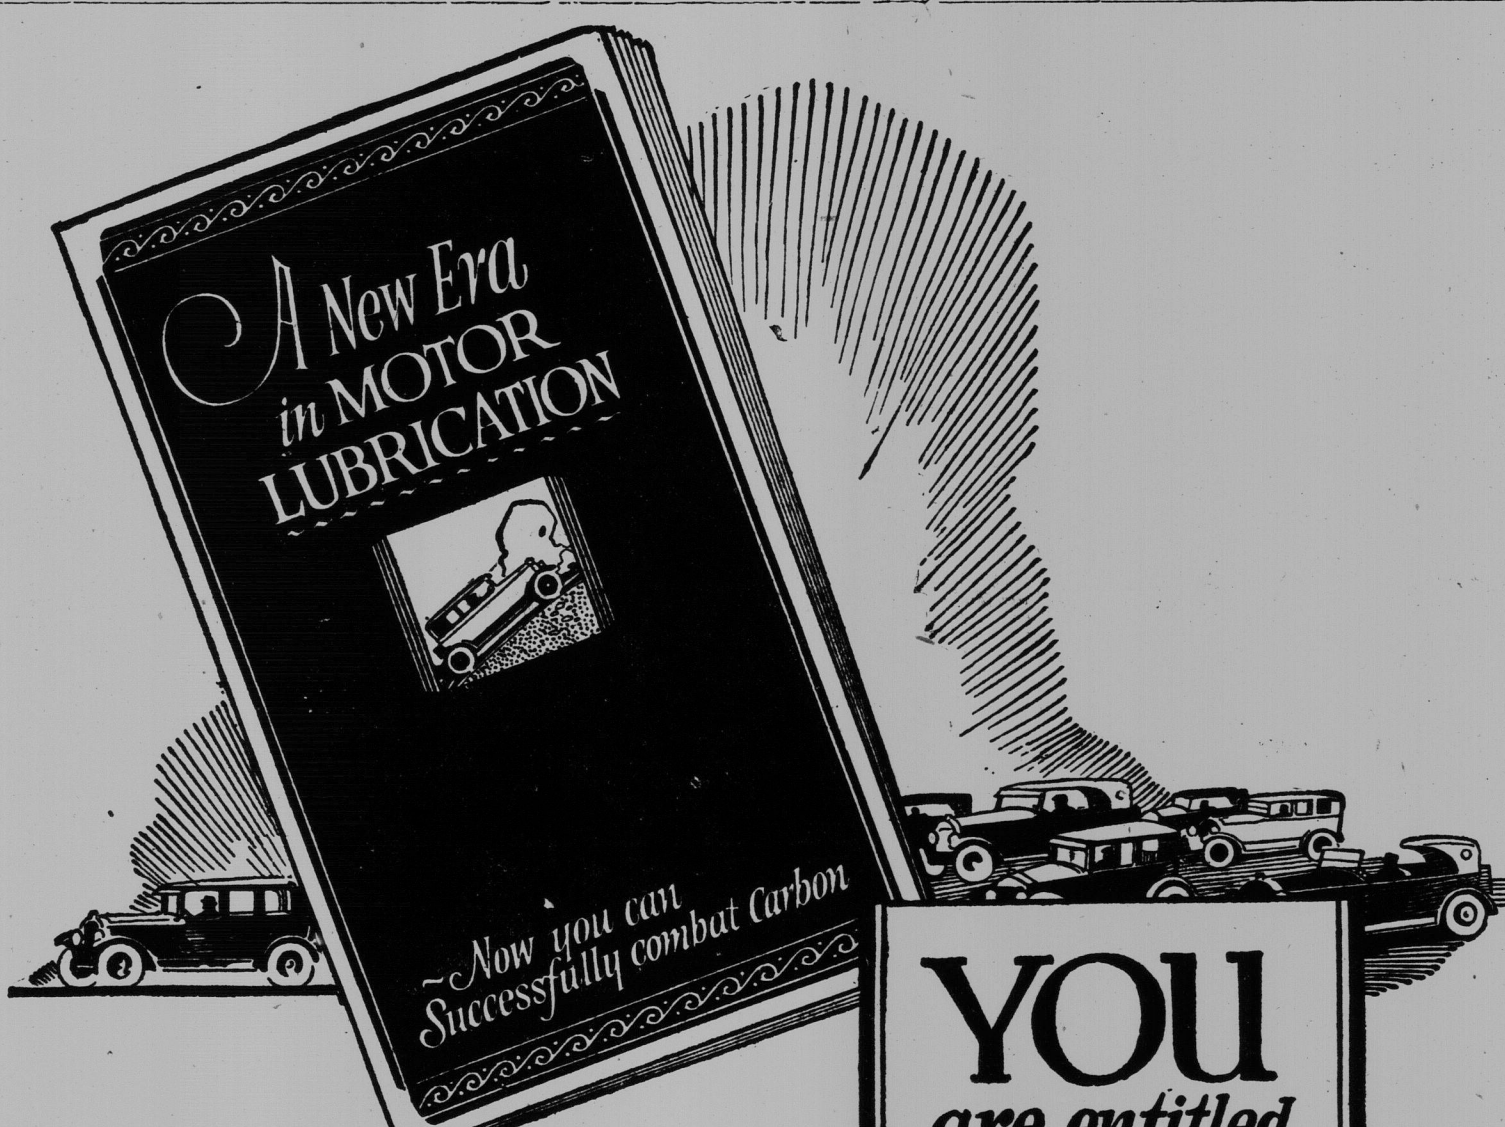

A rummage sale was held in the Temple Hall, Main street, this afternoon, under auspices of Alexander Chapter, I. O. D. E. Mrs. Holly Lingley and Mrs. Herbert Ring were the general conveners, and were assisted by members of the chapter. The proceeds will be added to the National War Memorial Fund.

CLUB BAG PRESENTED

At an assemblage of friends in the Buffaloes' Hall presentation of a club bag was made to George Mitchell on behalf of all by Miss Gladys Vaughan. Mr. Mitchell is to leave on Thursday to reside in California.

"OLD PORT"

New Possibilities for Pleasure and Economy from your Car

MARVELUBE, the new process Imperial Motor Oil, has ushered in a new era in motor lubrication for you and every other motorist in Canada.

No longer need your car knock and balk on the hills. Heavy repair bills for worn-out parts and scored cylinders, are now a thing of the past. Carbon, the greatest menace to your motor, has at last been conquered by a lubricating oil. Marvelube, the lubricating oil discovery of the modern automotive age, answers each and every lubricating problem presented by the automobile motor of today—gives results that will amaze and delight you.

The booklet "A New Era in Motor Lubrication", tells the story of Marvelube and shows why this marvelous lubricating oil can renew your car's "pep" and power and protect it, as no other motor oil can, from expense and deterioration.

Next to a trial filling of Marvelube, the booklet affords the most convincing testimony that this wonderful new oil marks the greatest forward step in automotive lubrication since oil and the auto joined forces to speed the progress of the human family.
