

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, SEPTEMBER 19, 1924

WILL ADOPT NEW ACCOUNTING PLAN

Power Commission Moves
to Carry Out Suggestions
of Auditors.

The Civic Power Commission, at a special meeting held yesterday afternoon, decided to adopt the recommendations of the Price, Waterhouse & Company report on changes and extensions of the accounting system and to engage that firm to come here and install the system as recommended.

It was decided to ask the City Council for a bond issue of \$2,700 for the purchase of a billing machine and a cash register, both recommended by Price, Waterhouse & Company, and for an additional vote of \$5,000 for the engineering and incidental account.

On the recommendation of the engineer it was decided to ask the council for authority to purchase 16 service transformers at a cost of \$1,363.10 and switching equipment from the New Brunswick Electric Power Commission, at a cost of \$1,720, this latter having been placed in the sub-station by the Provincial Commission on the understanding that it would be taken over by the Civic Commission.

The engineer brought up the matter of water and sewerage for the sub-station, and it was decided to bring this matter again to the attention of the City Council, after the engineer had interviewed the contractors who bid on the job last winter, to find out if their tenders still held good.

The secretary reported that the exhibit at the St. John fair had aroused a great deal of interest, particularly in connection with heaters, and many inquiries were being received about them.

A request from the Board of Health for an estimate of the cost of the Isolation Hospital was referred to the engineer for a report.

A. M. Rowan presided, and others present were James Lewis, Commissioner Harding, John N. Flood and F. S. A. McMullin.

SEPARATION DEFEATED

The unionists won a victory at the annual meeting of the Women's Missionary Society of the Presbyterian Church of the Maritime Provinces and Quebec, held at New Glasgow, when a resolution in favor of "peaceful separation" was defeated by a vote of 133 to 87.

Among those who spoke in favor of separation were Mrs. J. H. Thomson and Mrs. Cruikshank of St. John. It was opposed on the ground of unconstitutionality.

TRAVELING LIBRARY GAINS POPULARITY

Montpelier, Vt., Sept. 19.—The second season of Vermont's "bookwagon" this year has been more successful than its ramblings of last year, when it was new to the people. It is operated by the free public library department of the state board of education with the object of promoting the reading of good books in towns where there is no public library and of stimulating interest in the establishment of libraries in such places.

Each week the young women who are in charge of the "bookwagon," which is a specially fitted motor truck, come back to the capital with reports that virtually all the books carried have been lent to readers. Then they load up again and start off for some other section of the state. On one recent trip which carried them to the northeastern corner of Vermont they were instrumental in the re-establishment of a library in Bloomfield which had not been open for three years.

The body of the truck has shelves to carry the books, which may be viewed through the glass sides. Books are lent to anyone who wants them, to be returned to Montpelier by parcel post after two weeks. The largest demand is for children's books and adult fiction.

Some reference books are carried. These frequently are called for by teachers in the rural schools who wish to study for advanced credits.

There is a flat concrete slab over the unpretentious grave of "Buffalo Bill" Cody on top of Lookout Mountain in Colorado.

Ask About The Home Maker's Plan

This is a special privilege granted to purchaser of furniture amounting to \$100.00 or over. SEPARATION FROM A. F. L.
London, Ont., Sept. 19.—Meeting in London, Ont., delegates to the fortieth annual convention of the Trades and Labor Congress of Canada discussed

a proposal by Delegates Watson and Macdonald, of Toronto, that the congress should sever its connection with the American Federation of Labor. The two delegates strongly supported the proposal, while Delegate Schubert, of Montreal, was the chief opponent of any change in the present order of things. He declared that while in favor of complete autonomy and of amalgamation of all Canadian labor organizations, he realized that it was too
