THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, MARCH 3, 1920

MRS. ALICE McCLUSKEY, prominent Lewiston woman, who says she wishes she could have gotten Tanlac twenty years ago, as it would have saved her lots of suffering. Declares she is now well and happy and that she wants everybody to know about it.

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac," was the remarkable statement made recently by Mrs. Alice McCluskey, residing at No. 58 Park street, Lewiston, Me., a well-known and most highly respected woman of that city.

"It just felt like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money.

"My principal trouble was indigestion, and for many years I could not eat meat or pastries for I would always suffer afterwards. I would most always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all.

"You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why, it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my housework without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in St. John by Ross Drug Co. and by the leading druggist in every town.

BISHOP LUCAS

From his 600,000 square mile diocese in the far north, Right Rev. J. R. Lucas made a trip in connection with the Anglican forward movement. In his territory there are about 100 whites, 900 halfbreeds of Scotch and French origin and about 5,000 Eskimos and Indians. His headquarters are at Fort Chipewyan on Lake Athabasca, 500 miles north of Edmonton.

Chapped skin bothered her because it made her hands sore and red. So she tried

Mentholatum

It gently healed the broken skin and made her hands soft and pleasant again. When Tom called that night

"He" noticed how smooth they were.

CALL TO CHRISTIANS

Church Leaders in England Unite in a Message to the People.

The following message, signed by the Archbishops of Canterbury and York and the Free Church leaders, is addressed to the peoples of the empire.

The opening weeks of a new year, dark and storm-laden as they are, have been lightened for many of us by a message of an unusual kind. The prime ministers of Great Britain and of our self-governing dominions have united in an appeal to us to base our efforts for peace, and the bettering of the world's life, upon other than material things. In well chosen words they remind us, "That neither education, science, diplomacy, nor commercial prosperity, when allied with a belief in material force as the ultimate power, are real foundations for the ordered development of the world's life." They plead for "recognition of the fact of the Fatherhood of God and of the divine purpose for the

Easy Way to Remove Freckles and Eruptions

Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions of fine lines. March winds usually play havoc with skins of that kind. In such cases if one will procure an ounce of common mercurized wax at any drug store, apply a little of it before retiring, like cold cream, she can easily overcome the trouble. When the wax is washed off the next morning, almost invisible flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or so, with all its defects. No bleach could so effectively remove freckles or blemishes. The new surface is smooth, clear, fresh looking. No harm or inconvenience accompanies this simple treatment.

world which are central to the message of Christianity."

The promulgation of this message is an incident of supreme importance. It is the utterance of statesmen who, as they remind us, have experience of the

arbitrament of war and the tests of rebuilding a life of peace. To their words every reasonable man will give heed.

On us who sign this letter some special trust of religious leadership has been laid, and we are anxious, if possible, to press home the true and forceful thoughts to which our civil leaders have given utterance. To "seek first," as our Divine Master bids us, "the Kingdom of God and His righteousness," means the testing of all our actions, social, industrial, and international, by the standard of His teaching. "Righteousness" covers the whole field of our mutual relations as fellowmen in a field in which both love and justice must have a firm place.

We would put before our fellow-citizens, who profess and call themselves Christians, a three-fold call:

1. That we should fasten anew our personal hold upon the truths of Christ's gospel for mankind, and should dedicate ourselves to His active service.

2. The combating of the impulse of mere selfish gain, we should test our judgments upon matters social, industrial, and international by the standard of correspondence with the mind of Christ.

3. That we should unite in prayer, in counsel, and in action, so that our common Christian citizenship may become the foremost power in our national life.
