AT THE PULP MILL.
In the Nashwaak Pulp and Paper Company's pulp mill today were begun activities that will probably see the mill in full operation some time this week. The bride and groom were both unattended."

ST. JOHN RIVER IS RAPIDLY RISING

Prospects Reported Good on The Main Nashwaak

Work of the Stream Drivers—Christ Church Cathedral to Build Chapter House and Synod Hall

Fredericton, N. B., April 13.—On the Nashwaak, driving for the Nashwaak Pulp and Paper Company began last night and a crew will be put on the main Nashwaak on Tuesday. So far the water on that river has been low, but the melting of the huge quantities of snow and ice is causing the stream to rise. Prospects are considered good. A large jam containing five million feet of logs belonging to the Nashwaak Pulp and Paper Company is now a short distance above Marysville. About twelve or thirteen million in addition to the Napadogan logs are expected to be driven on the Nashwaak.

The St. John River Log Driving Company will have the St. John River sealed at the Mitchell boom tonight, and at Kingsclear the boom will be in position by tomorrow. The St. John River is rising rapidly and now is about eleven feet above summer level. The drift drive will start from the Mitchell boom tomorrow morning.

The Chapter of Christ Church Cathedral will erect a chapter house and synod hall in Church street, immediately adjoining the deanery, beginning operations in the near future. The present church hall at the corner of Brunswick and Carleton streets, which has been used for synod meetings, is to be sold. Daylight saving went into effect here at midnight on Sunday and business in general is being run on the new time. The employees of some factories and laboring men in general do not take kindly to the change. Today some factories ran on the new time and some on the old. In some where the change was made, employees are demanding that the old time be restored.

SAMUEL CROMWELL DEAD IN LOS ANGELES

George B. Cromwell of J. & A. McMillan, received a wire this morning from Los Angeles announcing the death of his brother, Samuel, in that city yesterday. He was a son of the late Isaac and Mary Cromwell of The Narrows, and is survived by his wife, one sister, Mrs. W. Simmonds of St. John; and four brothers—George B. of McMillan's; James A. and Charles of The Narrows, and Malcolm of Portland, Me. The late Mr. Cromwell was in poor health for a year, but the last week received was that he had improved and was able to work again. News of his death was therefore unexpected. He was forty-six years old. He went to Boston twenty-six years ago, spent some ten years there and then went west. He was engaged in building and real estate in Los Angeles, and had never been home since he first left home for Boston. There are many friends beside those named, who will learn with regret of his death.

POLICE COURT

The case of J. A. Anderson, the Brayley Drug Company and Mrs. Catharin, charged with supplying lemon extract, was resumed in the police court this morning.

The first case was that of J. A. Anderson, Pond street. John McGorman gave evidence that he had gotten extract of lemon from Mrs. Anderson in the store. When asked by Mr. Anderson whether he had ever gotten drunk on what he got there he said that he had. Inspector McAlush said that about two months ago he and Inspector Gorman went to Anderson's store and searched it for liquor but found none. The inspector said that seven times he had searched McGorman after he had come out of this store and five times he had found lemon extract on him. McGorman said that he was arrested for being drunk about twenty days ago, and it was on account of the lemon extract he got from Anderson's store.

In the case of Mrs. Catharin, K. A. Wilson appeared for her and it was found that she had been supplied with lemon extract by the G. E. Barbour Company. The Brayley Drug Company did not appear in court, but Magistrate Ritchie gave orders to have all witnesses in court on Wednesday afternoon at 2 o'clock, daylight time.

Five men were charged with drunkenness. They were fined \$8 or two months in jail.

AT THE CATHEDRAL

The Devotion of the Forty Hours in the Cathedral was concluded last evening, when a very large congregation gathered. After recitation of the beads, led by Rev. R. B. Fraser, Father Moore preached on the Real Presence. It was a sermon of commanding interest, setting forth the Church's doctrine clearly, and eloquent and forceful in appeal. After chanting of the Litany of the Saints, in which the choir's singing won favorable comment, the service was closed with Benediction of the Most Blessed Sacrament at which Rev. W. M. Duke officiated. During the hours of exposition large numbers of the people visited the Cathedral. At the 9:15 mass the palms were blessed. Yesterday was communion Sunday for the men of the Holy Name Society of the Cathedral parish and, in conjunction with the Forty Hours, this made for a very large number of men receiving Holy Communion in a body at the seven o'clock mass. There has been a large acquisition in membership because of the recent retreat and the Holy Name now numbers some 900 men on its roll.

The General Worth of Good Furniture

is determined by the service you receive. We know our furniture is well made because the greatest attention is given quality of finish and cabinet work when we purchase our stocks. This quality is inbuilt—it extends underneath varnish, which so often covers defective workmanship and poor materials, to the very heart of furniture itself—the materials used. Only choice, carefully seasoned woods ever enter our furniture and for this reason our guarantee stands back of every article we sell.

For the person who takes pride in his home—who desires furniture of artistic design at a moderate price—this is the ideal furniture store, reflecting as it does the choicest new designs in furniture of every type for the home.

While the quality of the furniture found here is exceptionally high, our prices are so reasonable that your money will go further here, for better furniture, than at most stores. A comparison of values will prove this fact to your entire satisfaction.
