CITY CONTRACTS

B. Mooney & Sons and R. M. Tobias Successful Tenderers

MAIN STREET PAVING \$26,797

\$2,015 For Victoria Square—Rock Combine Alleged—Delegation Heard But Not Heeded—W. H. Dalton New Clerk of City Court

At a special meeting of the common council at noon today the contract for retaining wall around Victoria Square was awarded to R. M. Tobias, and others for \$2,015, and the contract for laying a granite block pavement in Main street was awarded to B. Mooney & Sons, at a cost of \$26,797.25.

A large delegation from the North End protested vigorously against the use of granite blocks, but their protest was disregarded. The vacancy caused by the sudden resignation of Captain McIntyre as assistant police clerk was filled by the appointment of H. Wilson Dalton as clerk of the city court.

Attention was drawn to the fact that the ferry department is running behind and that the receipts from licenses are falling off. Reports on both matters will be submitted.

Com. Potts asked for authority to purchase another motor truck at a cost of \$8,000, but action was deferred until Monday.

Mayor Frink presided and there were present Commissioners Wigmore, Potts, McEllan and Russell, the Common Clerk and the road engineer.

When the council came to order Com. Russell moved that a delegation, in waiting, be heard. The delegation was composed of F. S. Thomas, C. T. Jones, Percy Rising, R. T. Worden, H. C. Green, Cuthbert Morgan, W. C. Jordan and L. Brennan.

Delegation Heard. As spokesman for the delegation, Mr. Thomas said that they were present to ask for some substitute for granite blocks in the permanent pavement to be laid on Main street. He explained that the noise caused by the traffic would make business almost impossible and the dust and dirt, which cannot be prevented on the granite pavements, is injurious to their stocks.

Mr. Worden's objection to the granite paving was that it was difficult for the horses to find footing and they are continually slipping.

Mr. Green said that two valuable horses of his had been injured so as to make it necessary to kill them as a result of falls on the granite blocks on Mill street hill.

Com. Potts remarked that plans for paving Main street had been under discussion for two years and he thought it peculiar that they were now making tenders had been called for before opening.

Mr. Jones said that a horse cannot go over the paved hills with 1,600 lbs. weight they could pull 800 lbs. King street paving was made satisfactory. He urged that as St. John's chief business is as a distributing centre and on this account the street traffic requires special consideration. He suggested also that the Market Square fountain be shifted to the northern side of the square.

Mr. Rising spoke of the disadvantage of the noise and also of the grit from the stones is injurious to their stock. He did not think the King street pavement would be satisfactory.

Mr. Morgan asked how much delay would be caused by making a change. Com. Potts said it would depend on how soon they could make up their minds what they wanted the council to do. It seemed to him somebody wants to be bricks.

Mr. Jones returned to the subject of the Market Square fountain, complaining that the outlet had been plugged up for some time and he had not been able to find who was responsible. There was some discussion among the commissioner, but Com. Wigmore volunteered to see that the matter is fixed.

Getting back to the pavement, Mr. Jordan suggested the use of vitrified bricks.

Mr. Jones said the bricks are as bad as the granite.

Mr. Thomas wished to make it clear that he was not advocating any special form of pavement and that he had no financial interests in the contracting of the brick business.

In reply to his questions Mayor Frink was assured that a pavement of concrete base with treated wooden blocks would be satisfactory.

The application of James Elliott & Co. for permission to erect a sign on the roof of their building on North Market wharf was granted with the provision that it be secured to the satisfaction of the engineers.

Tenders Accepted. Com. Potts reported that seven tenders had been received for constructing the concrete retaining wall around Victoria square. The lowest tender was for \$2,015.15, submitted by R. M. Tobias and others, and he moved that this be accepted. Carried.

The other tenders were: A. R. C. Clark & Son, \$2,275; B. Mooney & Sons, \$2,900; Michael George, \$2,705; Moses & French, \$2,422.50; Frank L. Moore, \$2,714.45; Wm. Durost, \$2,228.25.

The estimate was \$2,240. The commissioner then reported on the tenders received for Main street paving. The tenders, including concrete work with broken stone were as follows: (Continued on page 10, third column)

Great Throng Present as Bishop Louis O'Leary of Chatham is Consecrated

Hundred Ecclesiastics Gathered For The Ceremony at Which Mgr. Stagni, Papal Delegate, Officiated This Morning

(Special to Times)

Chatham, N. B., June 11.—At the consecration of St. John's, the cathedral of Chatham this morning, the cathedral was filled to its capacity, both the gallery and the main body of the church were crowded, probably seating more than 500 people. The ceremony was the work of the most impressive ever witnessed here.

At 9 a.m. the procession left the Bishop's Palace. Mgr. Stagni was preceded by many of the visiting clergy.

Substantially all the members of the cathedral, the consecration mass commenced with Mgr. Stagni of Bathurst as moderator. Monsignor Carter and Mgr. Stagni, the Papal Delegate, as consecrator, was assisted by Fathers Whelan and Sorrentino, and Fathers Carter and Babineau as deacons of honor.

Rev. Louis O'Leary was assisted by his brother, the Rev. Henry O'Leary, Bishop of Charlottetown, and Rev. Dr. A. W. Meahan, parish priest of St. Andrew.

After the singing of the gospel, Father Cavalier, president of St. Joseph's College, Moncton, preached in French on the episcopate, followed in English by Rev. Father Ethelbert, of the Order of Franciscan Monks, Three Rivers, Que. Father Ethelbert is a most forceful speaker, and his eloquent discourse impressed his hearers deeply.

Before continuing the mass Mgr. Stagni imparted to the congregation the papal benediction. Many of the visiting clergy took part in the minor ceremonies such as the carrying of the cross, book, candles, vestments, etc. The choir of St. John's which was brought here especially for this service rendered the Gregorian Chant with excellent effect. There were about 100 visiting clergy present, including besides those taking part in the ceremony, Bishop McNally of Calgary, Rev. Dr. Burke, editor of the Catholic Register and Bishop of Calgary, and credit is due to Rev. M. A. O'Keefe and his assistants for the manner in which they conducted the service.

The decorations of the cathedral were about 100 visiting clergy present, including besides those taking part in the ceremony, Bishop McNally of Calgary, Rev. Dr. Burke, editor of the Catholic Register and Bishop of Calgary, and credit is due to Rev. M. A. O'Keefe and his assistants for the manner in which they conducted the service.

At one o'clock today there was a banquet in the dining hall of the cathedral in preparation for the consecration ceremony resulted in a beautiful effect. Upon entering the building one is first of all struck by the immense scale of the decorations. Large draperies in red, yellow and white, are hung from end to end of the building and caught up to the roof supports, seventy feet above the floor. The two or three stoles to the right and left of the bishop's seat are also upholstered in cardinal red with six inches in depth, making a very fine appearance, while the foot of the altar is finished in white and yellow and the supports and fringes along the sides are also upholstered in cardinal red.

The main altar and the sanctuary are finished in flat white, and the pulpit is decorated in yellow and white.

Between the windows yellow draperies are scalloped at the top, hang down and

THE JUNE BRIDES

John L. Sullivan in the City Enquires About Some Local Friends

JOHN L. SULLIVAN IN THE CITY

Arriving in the city on the Boston train at noon today, no less a personage in the world of athletics than John L. Sullivan, former heavy weight champion of the world. He looked in the best of health, and says he feels just as well as he appears. A Times reporter found him seated comfortably in the parlor car of the train as he passed through the city. He was accompanied by his mother and Mrs. Sullivan, who are in the city for their return they will reside in St. John. The bride received many beautiful presents including a set of knives and forks from the staff of T. H. Estabrooks.

Chamberlain-Garfield. A pretty wedding was solemnized last evening at the home of Mr. and Mrs. F. S. Furdie, Garden street, when Miss Lillian May Garfield became the bride of Walter W. Chamberlain. Both are of this city. The wedding ceremony was performed by Rev. W. O. Raymond, D. D., rector of St. Mary's church. Many substantial remembrances were received. Mr. and Mrs. Chamberlain will reside at 23 Padlock street.

Emery-Campbell. A very quiet but pretty wedding took place last evening at six o'clock at the home of the bride's parents, Mr. and Mrs. William Campbell, Newry, when their only daughter, Ada M. Campbell, became the bride of William O. Emery evergreen.

THE RECORD HOT DAY OF THE YEAR

People Rise Against Law Breakers and Italian Trouble is Over

GREAT STRIKE COMES TO END

Rome, June 11.—A cessation of the general strike throughout Italy was decided upon last night. The strike was declared on Monday in protest against the action of the government in repressing popular demonstrations at Ancona and much damage has been done throughout the country. In Rome the people, tired of disorders caused by the strikers, organized last night monster demonstrations in favor of the police and army and determined to crush the strike by violence without the assistance of the authorities. In spite of the order of last night however, some serious encounters between strikers and police and troops are reported today from various places. In Naples one striker was killed, three mortally wounded and seventeen others injured.

Polign, Italy, June 11.—A serious fight occurred here today when strikers invaded the railroad station and burned several cars. The rioters were dispersed by soldiers. FOR PROHIBITION

National Question Again in United States Congress

LIKELY AN EARLY VOTE

Some Flurry About Capital Over The Prospect—Navy Secretary's No Wine Order to be Issued in Few Days

Washington, June 11.—The question of national prohibition again loomed up on the congressional horizon yesterday. That the house will be forced to vote at an early date on a resolution providing for national prohibition through an amendment to the federal constitution was practically assured. This was generally conceded as a result of the expressed willingness of Majority Leader Underwood to have the question brought before the house for a test.

It had generally been understood that prohibition was "dead" so far as this session was concerned. At the last caucus of the House Democrats prohibition was practically assured. This was generally conceded as a result of the expressed willingness of Majority Leader Underwood to have the question brought before the house for a test.
