Hungary a Republic; Tisza Assassinated

Terms Limited Strictly To Military Requirements

But Conditioned Generally on President Wilson's Principles—Attack from Coast Predicted

Paris, Nov. 1.—(By the Associated Press)—The armistice terms to be submitted to Germany will be confined strictly to military requirements, except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles, with some definiteness.

DETROITERS THEM ALL

London, Nov. 1.—Independent Socialists throughout Germany are about to start an agitation for the immediate abdication of Emperor William, the dismissal of Field Marshal von Hindenburg and the withdrawal of commands from the Crown Princes of Prussia and Bavaria, according to an Amsterdam despatch to the Exchange Telegraph Company quoting the Volks Zeitung, of Leipzig.

KAISER LEAVES BERLIN

ON WHOSE ORDERS

Paris, Nov. 1.—In commenting upon the receipt, by General Diaz, of a request from the Austrians for an armistice, the Matin says that "it is evidently necessary, before going further, to examine carefully on whose orders the plenipotentiaries who entered the Italian lines are acting."

TOLD KAISER A MONTH AGO

London, Oct. 31.—The German papers, according to a German wireless message, says that Emperor Charles on September 29 sent a friendly telegram to Emperor William announcing that Austria-Hungary was obliged to take a decisive step and that the peace offer was irrevocable.

People in Panic

Amsterdam, Oct. 31.—There has been a panic among the people in the Rhine provinces, arising from reports that the authorities were preparing, if necessary, to allow enemy troops to occupy Coblenz and Cologne, according to the Berlijnische Handelsblad.

No City for Germans

Paris, Nov. 1.—Alfred Capus, in the Figaro, writes:—

"How much longer can isolated Germany withstand the formidable recede of the war she caused? The main thing is that now there is none, even Germany herself, who doubts that the hours are numbered. It remains for us to be prepared for her last convulsive effort without allowing the frightful spectacle to arouse any pity. Who would dare speak that the enormity of her crimes should profit the criminal?"

Captain Edmund Thery, in the Oeuvre sums up the situation with a quotation from Martin Luther:—

"There are moments when our God loses interest in the game and throws the cards under the table."

EX-PREMIER OF HUNGARY VICTIM OF ASSASSIN

Budapest Telegram Says Count Tisza Has Been Killed by Soldier While Out Walking

Copenhagen, Nov. 1.—Count Tisza, the former Hungarian premier, has been killed by a soldier, according to a Budapest telegram today. The count fell victim to a revolver shot while he was out walking.

Count Tisza had long been one of the storm centres of Hungarian politics. It has been charged that he was one of the four men responsible for the war and the accusation has been made that he instigated the assassination of Archduke Ferdinand.

Count Tisza was twice premier of Hungary, from 1902 to 1905, and from June 6, 1912, to May 28, 1917. He was the centre of many notorious scenes in the Hungarian parliament during his leadership, and in 1912 fought at least three duels with political opponents.

Within the last year he had urged peace and in a speech on October 19 declared he no longer had hopes for an Austro-German victory. An unsuccessful attempt was made to assassinate Count Tisza in Budapest on October 17. His assailant at that time was arrested.

CANADA, NOT GERMANY, SAYS MAGISTRATE IN REFUSING TO FINE

Frank Cairns, of Toronto, was before the magistrate this morning charged by the military police with not having his military service papers on him. Cairns said that he was a married man with a family residing in Toronto. He was a traveler and the reason that he did not carry his marriage license was due to the fact that he thought it would be important to attend to today. Major Starr said that as Cairns had produced an affidavit by a citizen in St. John to the effect that he was not carrying the military papers he was not to be fined.

The magistrate was very emphatic about the matter. He said that this was a free country, it was Canada not Germany. He then asked Major Starr whether, in view of the fact that the prisoner had produced the affidavit if he was content to let him go with a warning. Major Starr still insisted on the penalty being struck. The magistrate in answer said "Thank God I have come to that yet." The prisoner was released.

SOME OPPOSITION IN HARBOR RATES INCREASE

It is understood that there is a strong movement on foot among some of the shipping men and merchants in the city to oppose the new harbor rates as proposed by the commissioner of harbor and ferries. The matter is being taken up with the board of trade and an endeavor will be made to prevent the change as suggested. It is said that some citizens consider the increase would have a disastrous effect on business and might result in injuring the trade of this port. They fear that the rate may be made too high and an effort will be made to kill the revised bill. On the other hand, the shipping men and merchants with whom the harbor commissioner consulted have expressed full approval of the increase.

O'Brien, son of Thomas O'Brien of this city, who left here four years ago with an army service corps under the late Captain Dural, has been mentioned three times in despatches for valuable services rendered in connection with the war. He was mentioned in despatches by Lieutenant-General C. F. Milne on July 21, 1917, and again on October 25, 1917. On August 23 of this year he was again mentioned by some other general. His parents have not heard from him lately. Only recently Warrant Officer O'Brien received his present promotion, being formerly lieutenant-sergeant-major.

DRIVING OUT THE PEOPLE, TAKING ALL THE CATTLE

German Orders in Retreat to Be Carried Out "Without The Slightest Consideration"

With the American Army in France, Nov. 1.—(By the Associated Press, 2:30 p. m.)—The Germans are removing the population in advance of the retreat of their armies from French soil. A document published by American soldiers contains instructions for rounding up the male population capable of bearing arms, and all cattle. The document says that this has been done only in part up to this time because the passive resistance of the population has reduced the forces at the disposal of the local commandants to some extent.

All divisional commanders are ordered hereafter to search each district systematically and to deliver under guard to the commander all men between fourteen and sixty together with all cattle. Concentration camps will be established near the headquarters towns for the civilians who are to be removed. The cattle will be taken to the nearest slaughter houses. The German order also provides that all horses must be taken and confined in the stables. The order is not to be accomplished except by proceeding without the slightest consideration.

Government Of Hungary Ousted

Successful Revolution in Budapest—National Council in Control—Something of the Same Kind in Vienna

Copenhagen, Nov. 1.—(By the Associated Press)—A successful revolution has taken place in Budapest and the Hungarian national council has taken over the government, according to a message sent by Count Michael Karolyi to the Berlin Tageblatt. Karolyi is head of the Hungarian independent party. His message reads:—

"Revolution in Budapest and national council took over government. Military and police acknowledge national council completely. Inhabitants rejoicing 'Karolyi, President National Council'."

IN VIENNA, ALSO.

Amsterdam, Oct. 31.—The Berlin Tageblatt and Vossische Zeitung publish reports of serious demonstrations in Vienna and Budapest. An all-provisional soldiers' and officers' council has been established in Vienna, where the people are passing the streets shouting "Down with the Hapsburgs." The Lannasch cabinet is expected to resign and the army is in course of full dissolution.

In Budapest demonstrations continue in favor of a republic. The people are shouting for a republic and the soldiers are replacing their imperial cocardes by revolutionary colors. Revolutionary troops, it is added, govern the whole city.

THE PRISONS RAIDED.

Berne, Nov. 1.—The Berlin Vossische prints a despatch from Budapest saying that a crowd stormed the military prison and released political and military prisoners. Revolutionary troops seized the eastern railroad terminus and two troop trains, which were about to start for the front. The soldiers in these trains joined the insurgents, who had machine guns and enormous quantities of arms and ammunition, and plundered the arsenal.

ARCHDUKE LEAVES CITY.

London, Nov. 1.—After the proclamation of a republic in Budapest, Archduke Joseph, the representative of the emperor, left the city, according to an Exchange Telegraph Company despatch from Zurich.

Emperor Charles, the despatch adds, before leaving Vienna, personally gave orders that all conflict with the population be avoided. He instructed the authorities to yield without resistance to the new power.

ANOTHER \$300,000 TO ST. JOHN'S LIST

Allotment of Jas. Pender & Co. and Dominion Coal Co. to St. John; If More Comes, Maritime Nail Works Will Round Out Million; Sugar Refinery Takes \$100,000 Bonds

A decidedly encouraging boost was given to the Victory Loan campaign in St. John today with the announcement of another \$300,000 subscription. It will be remembered that the Maritime Nail Works subscribed \$800,000 on the opening day of the campaign. The second \$300,000 represents the joint allotment of the James Pender Co. Ltd. and the Dominion Coal Company from their parent organization, the Dominion Steel Co. Ltd., of Sydney, C. B.

The news came this morning from the president of the Steel Company announcing that out of its subscription of \$500,000 for victory bonds, the allotment of \$800,000 to St. John had been authorized.

S. E. Elkin, M. P., manager of the Maritime Nail Works, and chairman of the local campaign committee, was greatly pleased on receipt of this news. "Now," said he, "what we want is the third subscription of \$300,000. If this is forthcoming the Maritime Nail Works will add another \$100,000 to the \$300,000 already subscribed and this round out \$1,000,000 in three subscriptions.

Another \$100,000.

The enthusiasm at the Victory Loan headquarters over the big subscription had not had time to cool off before it received another stimulus. This came in the form of a letter from the manager of the Atlantic Sugar Refinery enclosing a copy of a telegram from D. Lorne McGibbon, president of the company. Mr. McGibbon's message was to the effect that the board of directors, at a meeting held in Montreal yesterday, had authorized a subscription for \$100,000 for the Victory Loan, to be placed through the St. John office. Cheers by the workers at headquarters greeted this announcement, the action of the directors, in placing their subscription through the local office being especially appreciated.

There were also two subscriptions of \$25,000 each in today's list, bringing the total of large subscriptions up to \$550,000.

The totals.

The total for St. John city and county, including the general subscriptions received up to last night and the special amounts reported today now reaches \$1,700,000. This represents 2,288 separate subscriptions.

For the province at large, exclusive of the St. John district, incomplete returns show a total of \$1,055,650 provided by 2,014 subscribers.

After a Record.

The local committee is confident that if the citizens continue to show the same interest and willingness which has marked the first few days of the campaign there will be no difficulty in reaching the objective and even in helping to make up the shortage which the epidemic is likely to cause in other parts of the province. Partly to ensure this and

partly to establish another record for the loyalty and generosity of the people of St. John, the committee has another objective of their own in view. They want to sign up every man, woman and child who possibly can buy a bond and roll up a list of subscribers that will show a larger total in proportion to population than any other city in the Dominion. This is big undertaking which they have set for themselves and their success depends upon the utmost co-operation of the citizens in general.

One of the features of the campaign which has helped to inspire the confidence with which they are going ahead is the large number of voluntary subscribers who are taking bonds without waiting to be canvassed. At the headquarters in Prince William street and in the branch office in the lobby of the Imperial Theatre in King imperial, which are open day and night, people are coming in steadily and signing their applications.

At the Imperial.

The number of applicants at the Imperial has been such as to make more room necessary and today the committee is arranging for the erection of tents in King square to accommodate the workers and the applicants.

The motion pictures which are being shown in front of the theatre each evening, usually with some fine music as an added feature, is making this place the Mecca of the citizens in the evening. Big crowds have been present each evening in spite of the unfavorable weather and when the rain ceases some record-breaking gatherings are expected.

Moving Pictures Tonight.

By special arrangement with the weather man, the Victory Bond Laying public of St. John will have a chance tonight to see some wonderful pictures. The screen in front of the Imperial Theatre. When it is known that such picture artists as Constance Talmage, Dorothy Dalton and "Patsy" Arbuckle are featuring these photo stories their worth will be fully appreciated.

In addition to the pictures, Hon. W. E. Foster, premier of the province; R. W. Wignoner, M. P., and Mr. Luce of the U. S. Salvation Army, will address the audience.

The purpose of these outdoor meetings is to advertise the Victory Loan and to persuade the people of St. John to lend their money by investing in victory bonds. So far there has been a splendid response.

Salesmen will be present in the Imperial lobby each night to sell Victory Bonds to all who may wish to buy.

Through Head Office.

F. S. Farris, provincial manager of the Excelsior Insurance Company, received word this morning that the head office has invested \$300,000 in Victory Bonds.
