

SUBSCRIPTIONS IN AID OF NATURAL SCIENCE
DEPARTMENT.

In 1894, Dr. Langtry, with the help of the Chancellor and Prof. Cayley, undertook to raise a sum of money to augment the Science work of Trinity. Dr. Langtry acted as Treasurer of the fund at first, but subsequently put it in the hands of Prof. Cayley. Below will be found an account of receipts and expenditure. Delay in the payment of some of the promised subscriptions prevented the insertion of the financial statement in last year's Calendar.
