NIGHTMARE OF BRIBERY IN COLCHESTER ELECTION

Consternation in Conservative Ranks Over Nova Scotia Exposures.

Halifax, Aug. 22.-The revelations in the Bayne trial at Truro this week are calculated to make all honest men reflect. Every man in the province who has taken any interest in the somewhat notable election in the country in November last, when John Stanfield was acclaimed as the saviour of his country, and by the Conservative press as the man who broke the solid thirteen, of the kind required to do the work in must hark back a little to those strentials. They left the trains in uous days and some of the incidents connected with them. Baynes' trial is, course, not yet finished. It is only beginning, but its further progress can develop nothing that will show Bayne and his master up in any more favorable light than that in which they

now appear.

Any further evidence must either be cumulative of the facts already proven or it will, if justice is allowed to take its course and is not impeded by Ritchie's incessant but carefully timed "interruptions" bring closer home to Conservative members for Colchester and his satellites the stigma under which his most active worker in elec-tion now rests, that of being a wholesale dispenser of rum and money among the electors of the country. On the first day of the inquiry ten witnesses who were examined, swore that they had received from Bayne the London Telegraph Makes Poruniversal provider and active friend and worker for John Stanfield in the district of Five islands, \$100 in money and 96 bottles of rum. This was an average per man of \$16.66 in money

Covered with dirt, emaciated and weak from his day's enforced fast, he was taken to the city hall. A short time after he was placed in the cell he begged so hard to be given food that he was taken out handcuffed by a detective and fed at a nearby restaurant.

HAPPY HARVESTERS.

Winnipeg, Aug. 22.-A great contrast was provided at the depot this morning when 2,500 decent, respectable and quiet harvesters arrived from the East, in three special trains. Unlike the bunch that came earlier, the arrivals yesterday seemed very gentle and were great spirits and were extremely lighthearted, nearly all singing popular songs as they went through the big gates to the ticket office. They were sent out to different parts of the country where help is required.
