

The  
 is an outline of  
 the Band House at  
 Burnt Church (Church  
 Point), N.B., now in  
 course of con-  
 struction. It is  
 boarded in but  
 not shingled.

Last fall the work  
 was suspended  
 for obvious reasons.

The carpenter who  
 erected it was to make  
 a plan and specifications  
 of the building, and have  
 both nearly or finished  
 last December, but  
 his sudden sickness  
 and death prevented  
 this.
