A MACHINE MILITIA.

The scheme of militia reorganization
as announced by Sir Frederick Borden,
makes it clear why there is no longer
room in the service for Lord Dundonald,
aid or any other man possessed by the
heretical notion that the militia exists
for the protection of the country rather
than for the benefit of one political
party. Henceforth the force is to be
primarily a political organization, run
by the machine in the interest of the
machine.

Owing to recent declarations by gov-
ernment journals that the spoils sys-
tem was openly to be administered, Sir
Frederick's announcement does not come as
a surprise. Considering the frankness
of the avowed journals the chief cause
for surprise is the tendency of the min-
ister of militia to attempt to cloak the
indecency of his scheme with the plea
that it is copied from the new system
adopted by the British war office. It
would have been more in accord with
recent developments, if not with Sir
Frederick's personal habits, had he
cynically told the truth about the mat-
ter and then brazenly asked the opposi-
tion what they were going to do about it.

It is true that the new British sys-
tem does away with the office of com-
mander-in-chief and vests the manage-
ment of the army in a commission.
But it is carefully so arranged that the
commission is free from party control,
while the Canadian government's plan
contemplates exactly the opposite re-
sult. As outlined by the avowed jour-
nals, the government's policy provides that
no successor to Lord Dundonald shall be
appointed. In place of the general of-
ficer commanding is to be a militia
council which is to consist of the min-
ister, four military men and two civil-
ians. The military men are to be the
chief of general staff, the adjutant gen-
eral, the quartermaster general, and the
master general of ordnance, all officers
who will owe their positions to their
pull with the government and their re-
putation for docility. The two civil-
ians are to be the deputy minister of
militia and probably the accountant gen-
eral of the department, men who have been
appointed for political service and who
would be as eager for party interests as
the member himself.

How beautifully simple and handy it
all will be. No more "foreign" inter-
ference, no more meddling by men with
horrid independent ideas. With the
whole thing run by the minister and a
few faithful adherents of the machine
who will never present any nasty
embarrassing reports, never contradict
the minister, and knowing nothing
about war, will not be hampered by any
delusions regarding the defensive value
of the force, the government will have
the comforting assurance that, what-
ever the re-organized militia might be
able to do in the face of an outside
enemy, they will know their duty and
be prepared to do it boldly when con-
fronted with that enemy most feared by
the government, the awful Tories.

Some interesting figures have recently
been published concerning the re-
sults of the municipal ownership and
operation of street railways in Man-
chester and Sheffield, England, last
year. In Manchester, during the past
year, the first under the municipal sys-
tem, a clear profit of \$250,000 was made,
all of which is to be devoted to the
lowering of the present fares. In Shef-
field, where the system has been longer
in operation, the city netted a profit of
over \$135,000, in spite of the fact that
the prevailing rate of fare was a penny
or less.

On the fifth of July Colonel Tucker,
M. P. for St. John county, addressed
the house for the first and only time
this session. Following is the Han-
sard report:

"Mr. Blair—My hon. friend from
Cumberland told us we were discuss-
ing the policy of the liberal conserva-
tive party.

"Mr. Tucker—Loudly.

"Mr. Blair—What is that voice
behind the Speaker's chair? It is the
first thing the honorable gentle-
man has said since he came to parlia-
ment. Perhaps he will be good
enough to sit down until we get
through."—Sun.

BURPEE FIGHTS EXTRADITION.

OTTAWA, July 12.—According to
advice received by Lieut.-Col. Sher-
wood, C. M. G., commissioner of domi-
nion police, the proceedings in the ex-
tradition court at St. John, N. B.,
against Isaac Burpee, of St. John, N. B.,
who is wanted for alleged fraud in the
Yukon, have sustained the charges of
breach of trust, but dismissed those of
stealing from his partner.

Burpee intends to fight hard for li-
berty, for he has decided to appeal
against the extradition decision in the
case, and if necessary to go to the
supreme court at Washington.

LOCAL NEWS.

When a short distance below the
Frederick bridge on her way down
to the city yesterday the Majestic ran
upon a sunken log and broke one of
the propeller blades. The accident
caused her to be a half hour later than
usual in arriving at Indian town. A
new blade was put on last night.

Angus Smith, who was recently sen-
tenced at Yarmouth to serve two and
a half years at Dorchester, was
brought here by Sheriff Kelly Monday
night. Yesterday the convict was tak-
en to Dorchester by the Yarmouth of-
ficer.

At Chubb's corner yesterday T. T.
Lantulum offered for sale a lot of land,
50x100 feet, situate on Tower street,
Carleton. The first bid was \$125, then
after a few \$5 bids the property ran
up to \$355 by \$1 bids, when it was
knocked down to C. F. Sanford.

The annual cruise of the Royal Kenne-
becas Yacht Club will be held. About
twenty-five boats, with probably one
hundred and fifty yachtsmen, will start
from Millidgeville and until the 24th
the party is expected to have a jolly
time. Both steam and sail yachts will
participate in the cruise, the only out-
side boat being the Hermes II. of Yar-
mouth, owned by A. Lovitt.

ALIEN LABOR BILL.

OTTAWA, July 12.—There is trouble
in the cabinet over Mulock's alien labor
bill in its application to the G. T. P.
syndicate operations, and present in-
dications point to Sir William having
to take the back trail at the dictation
of the Yankee master of the ministry.

One discussion of the bill, however, has
been renewed on a larger scale tomorrow,
when Fielding, Emmerson and other
cabinet ministers will be present. This
is no guess or inference, but comes
direct from a leading liberal member.

The commonsense spent all day in fur-
ther discussion of the bill, and some
years hence the country may be
able to understand just what the par-
ticulars of the bill mean. There are
sure to be some alterations next ses-
sion, if only to make clear several of
its sadly muddled provisions.

The government has decided to cre-
ate a new office in connection with
the department of trade and com-
merce. It will be that of superintend-
ent of commercial agencies. F. C. T.
O'Mara, the present chief clerk of
the department, has been appointed
to the position. He will have control
of fourteen Canadian agencies in dif-
ferent parts of the world. He is a
nephew of Sir Richard Cartwright.

The story that Strathcona is to re-
sign the high commissionership, is laugh-
ed at in official circles here. Sifton
has other fish to fry and Strathcona
will hold on as long as life permits.

CANADIANS AT BIRLEY.

LONDON, July 12.—Two Canadians
made high scores yesterday afternoon
at the Birley match at 900 yards, and
both men were from the 30th Regi-
ment in Guelph. The highest score
was that of Captain J. Croft, who
realized a possible of 50 with ten
bull-eyes. Staff Sgt. Crowe in the
same match put nine bull-eyes and
40 points.

Private Neill, of the 1st Regi-
ment, of St. John, N. B., came within
a hair's breadth of a possible in two matches,
scoring 34 in the J. H. Stewart Chal-
lenge Cup at 500 yards and in the Gre-
gory match at 200 yards.

In the Alexander Martin Match to-
day Sgt. G. Mortimer, of the 4th
Regiment, Toronto, obtained a score
of 47, which is within three points of a
possible.

In the Armourers Company match
with service rifles at 300 yards, Major
W. P. Moore, of the 25th Regiment of
Georgetown, put on 47 out of a possi-
ble 50. The prices aggregate \$55 and
the first prize is \$10. In the same
match Private Neill, of the 1st Regi-
ment, scored 34 in the Gregory match
at 200 yards.

**WINNIPEG EXHIBITION, JULY
25TH-AUGUST 5TH.**

The annual exhibition at Winnipeg
is rapidly coming to the front as one
of the most attractive fairs through-
out the Dominion. Manitoba and the
Canadian Northwest are making won-
derful progress in every way.

Arrangements have been made for
special reduced rates of one first class
fare for the round trip via the all rail
line in each direction, tickets on sale
to general public, June 25th to August
24th, good to return till August 24th.
If, however, passengers desire to travel
both ways via the lake route, that is
via Toronto, Owen Sound and steamer
to Port Arthur, the rate will be \$8.50
more than single fare, to cover cost
of meals and berth, which are included
in ticket on steamer.

Anyone wishing further information
with reference to rates, etc., should
