

THE ST. STAR, JOHN N. B., WEDNESDAY, DECEMBER 12, 1906.

SEVEN

December 12, 1906

**LARGE SIZE BOTTLE FERROL Absolutely FREE!**

**A Daring Distribution**

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of FERROL, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that FERROL is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for FERROL, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—FERROL—but how can I bring it to the immediate suffering of this city!

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

**S. H. HAWKER, (Signed) GEO. A. MOORE**

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow-druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

**400 Large Bottles of FERROL Free to the Sick**

**WEDNESDAY, Dec. 19th, from the Drug Stores of Geo. A. Moore, 105 Brussels St., (Cor. of Richmond); S. H. Hawker, Corner Mill St. and Paradise Row, St. John, N. B.**

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

The above Druggist, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

**FERROL**

He has purchased from the Ferrol Co., Limited, of Toronto, a large number of bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of FERROL. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

**No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE**

**REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.**

**FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT**

**THE FERROL CO., LIMITED**

May 24th, 1906

GENTLEMEN,

The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,

**J. B. DUNN**

217 P. 107.

**WHAT FERROL DOES**—A careful person of the foregoing will readily see to the reader what FERROL does.

It builds up the run down constitution as no other preparation does.

It cures Coughs, Colds, Bronchitis and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It prevents Consumption by fortifying the constitution against its attack.

It cures Nervous Vitality in a manner little short of marvelous.

It cures Coughs, Colds, Bronchitis and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to overgrow their strength and the system is rendered peculiarly susceptible to the attacks of disease.

It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease can obtain no foothold.

It has a wonderful recuperative effect on the Brain—bringing it to its proper form. Phosphorus, the brain's chief constituent, attacks of depression and morbidness, "brain fog," it will dispel—the cere is brain, constructive and complete.

**WHAT IT IS NOT**—It is not a "Patent Medicine"—the ingredients are freely made known, only the method of manufacture being secret.

**REMARKS**—There is only one emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL.

If you feel the need of a Restorative see that you get FERROL and do not be put off with something "just as good"—there is nothing half so good as FERROL.

Cod Liver Oil, Iron and Phosphorus are no new remedial agents; for ages their merits have been known and recognized, and for many years physicians have indicated the hope that some day a satisfactory combination of these three would be perfected and the full benefit of their life-giving properties made available.

In "FERROL" that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations.

These agents are combined in a scientifically prepared Emulsion so palatable that even a starving infant can and will take it readily, even gradually; so easily assimilated that its most delicate digestive organs will dispose of it with less difficulty than they would expectance in the digestion of any plain food.

**WHAT IS FERROL?**—As its name implies, it is composed of Cod Liver Oil and Iron—Iron in the form of a preparation of Cod Liver Oil, Iron and Phosphorus, and is positively the only preparation combining these ingredients.

The apparently extravagant claim that it is as good as the peculiar sphere is based on the following common sense reasons:

It contains in palatable form Cod Liver Oil, the greatest tissue-builder and flesh-producer known to medical science; with Iron, the one and only agent which will supply impoverished blood with the red corpuscles which it must have in order to insure a healthy condition, and Phosphorus, which has no equal as a Nervous tonic.

benefit of their life-giving properties made available.

**Such Gifts Will Please**

When you give or receive Hosiery, Underwear or Furnishings as a Christmas gift, you feel certain and satisfied that they are substantial, and no doubt it is more pleasing to you than many presents more costly and fancy. Our stock is large and varied; you can find what you want in a very short time and at prices you cannot duplicate elsewhere.

**Umbrellas**

The Christmas collection surpasses anything we have ever shown.

At \$1.00, \$1.50, \$2.00 we are showing a splendid range with boxwood and congo handles, plain and fancy trimmed.

At \$2.50, \$3.00, \$3.50—The handsomest range of umbrellas ever shown in St. John in pure silk, silk and linen coverings, with silk taped edges, handles of ivory, sterling silver and gold mountings.

**Neckwear**

Another new lot of neckwear just opened. We are showing the finest stock of Christmas neckwear ever shown by any house in the city—or will be shown this season.

All shapes and styles—25c. to \$1.50. Handsome boxes for gift purposes free.

**Cuff Links, Pins, Etc.**

Nothing more acceptable as a gift. One can never have too many of these useful articles.

Cuff Links ... 25c. to \$3.00 a pair  
Watch Pins ... 50c. to \$2.00 each  
Watch Fobs ... 75c. to \$4.50

**Handkerchiefs**

Men's Silk Handkerchiefs, Initial and plain in pure Japanese Silk ... 25c. 50c, 75c, 1.00.

Fancy effects in Japanese Silk in a special range of colorings ... 50c. 75c, 90c.

Pure Linen Handkerchiefs, in handsome boxes for gift purposes, 1-3 dozen handkerchiefs in a box ... 75c to \$2.00 per box

**Canes**

We can satisfy any taste ... 75c to \$3.50.

**LARGE CAR WORKS MAY BE BUILT IN ST. JOHN**

**Options Have Already Been Taken on a Site Near Marsh Bridge**

**Prominent Citizens Energetically Pushing Scheme Involving Investment of \$250,000, Largely Local Capital—Minister of Railways Has Promised Patronage of Intercolonial—Plan to Build Motor Cars**

OTTAWA, Dec. 11.—There is a project on foot to establish a large car building plant in St. John. Hon. Mr. Emmerson has been approached in regard to the project, and has assured the people interested that the Intercolonial would patronize it as far as it could legitimately be done.

There are Canadian and American capitalists interested, and it is planned among other things to manufacture motor cars for the Intercolonial. If the project succeeds work will be begun on the plant at once. The projectors are figuring on developing power from the reversing falls of the St. John River.

The agitation which has been carried on by the Board of Trade for the establishment of new industries here, has at last borne fruit, and a period of unexampled industrial activity seems to now be assured.

The project outlined in the foregoing despatch from the Sun's Ottawa correspondent has been organized by a number of the most influential and prominent business men of the city, all of whom have made striking success of their own enterprises, and they have entered into this scheme with a vigor and enthusiasm that presages certain success.

The local men who are actively interested in the movement are T. H. Estabrooks, J. A. Lively, R. G. Haley, James Pender and W. S. Fisher.

The inception of the project was an offer made to the Board of Trade a short time ago, by Elliker & Co. of Amherst, who had been carrying on a large wood-working factory in that town, until Elmore B. Elliker, the secretary-treasurer of the company, visited the city and discussed the matter with a number of local men, among whom were those mentioned.

The conditions and terms they suggested did not, however, altogether meet the views of the St. John men, and negotiations with the Ellikers were suspended.

Having, however, become strongly impressed with the great possibilities

of such an industry, on account of the extraordinary activity in railway construction at the present time, and in future contemplation, the local men who had been approached in the matter began discussing the feasibility of going ahead with the enterprise, independently of the Amherst people, and a thorough investigation into the question was made. Having convinced themselves of the soundness of the enterprise, the question of a suitable site was entered into, as a result of which options have been secured from the Gilberts on a large block of land each side of the Victoria Athletic grounds, and later an option was also obtained on these grounds.

For an enterprise of this magnitude a large area is required, but the land now under option is considered to be quite ample.

The proposed capital of the company is \$250,000. Employment will be furnished when the works are in full operation for about 250 or 300 men, a large proportion of which would be skilled labor.

The Sun is able to state on excellent authority that it is now practically certain that the proposed works will be established, and that building operations will be begun in the very near future.

J. A. Lively, one of the promoters most largely interested, is now in New York on business concerning the proposed industry.

A statement made by Col. McLean in regard to the street railway is interesting in this connection. Col. McLean said that the company had the greatest difficulty in getting car equipment as the car works have so many orders. A plough ordered last spring in Chicago has not yet arrived, although much needed, while the company have just learned that two of their new cars ordered at Ottawa, all of which were to have been delivered in September or October, have only been shipped a few days ago.

Beyond admitting that an effort was being made in the direction outlined, none of the gentlemen mentioned who were interviewed last night by The Sun would make any statement for publication.

**INTERCOLONIAL WILL DEVELOP WATER POWER IN PETTICODIAC RIVER**

OTTAWA, Dec. 11.—The Intercolonial is going to develop water power in the Petticodiac river.

By putting in a system of basins it is claimed continuous power can be secured at all stages of the tide. Enough power will be developed to operate the Moncton shops and to supply the city with electricity for lighting.

**COURT STENOGRAPHER WON THE SPEED TYPEWRITING CONTEST**

MONTREAL, Dec. 11.—At the business exhibition in the Highlanders' armory tonight John J. Lomax, a Montreal court stenographer, won the speed typewriting contest, writing 92 words net a minute for half an hour.

Miss Rosie Fritz, who recently won the United States championship at the show in Madison Square Garden, was there for the contest, but at the last moment she declined to compete.

She objected to the rule which only penalized one word for each mistake. Her demand was that five words be deducted, as was the rule in the United States championship.

In the half hour Lomax wrote 2,881 words with 120 mistakes, 2,761 net, or an average of 92 words a minute.

W. W. Bush, another court stenographer, was second, writing 88 a minute net for the half hour.

Miss Fritz claims 85 words a minute for an hour after penalizing five words for each word.

**REV. MR. DEINSTADT TO REMAIN ANOTHER YEAR**

At the quarterly meeting of the Fairville Methodist Church held last evening, Rev. Thomas Deinstadt was unanimously invited to remain another year as pastor of the church. Rev. Mr. Deinstadt accepted the invitation, subject to the approval of conference.

William Golding, the recording steward, presented his report. The following stewards were elected for the ensuing year: William Stout, Dr. Curran, James Long, William Golding, J. Stout, William Symest and Robert Irvine. William Golding was re-elected recording steward. Rev. Mr. Deinstadt was chairman of the meeting.

**COCKBURN DENIES ANY RESPONSIBILITY**

**Shareholders of Defunct Ontario Bank Face to Face With Situation for First Time**

TORONTO, Dec. 11.—For the first time since the announcement of the Ontario Bank failure early in October last, the shareholders at the meeting today came face to face with the existing difficulties and elected a new board of five directors to protect their interests. The new officials are H. C. Hammond, E. R. Wood, Barlow Cumberland, C. S. Gossowick Jr., and George Redy.

Afterwards this board met when Hammond was elected president and Wood, vice president. In tendering the resignations of himself and

members of the old board, George H. Cockburn, president, read a lengthy address, in which he earnestly declared himself and fellow directors entirely ignorant of the true condition of the bank's funds up to September last. He stated that the directors were not expected to do the duty of professional bankers, but on the other hand, their work consisted of general supervision. Charles McDill had been chosen general manager because of his integrity and ability. It was impossible for the board of directors to constitute themselves general managers, claimed Cockburn. The causes of the attending disaster were unknown to him previous to his returning from his European trip last September. In conclusion he asked the shareholders to suspend judgment as to what had happened. The veteran president's remarks were received in silence. He said in part:

"I most earnestly declare to you for myself and for my colleagues, that these losses were incurred without the knowledge of myself or any of the directors, and that we had no knowledge of them until September last."

It was the desire of former directors to see that every fact would be disclosed and the whole situation revealed, being fully confident that it would show that the directors had done their whole duty.

**MAVRO—A correct collar for evening dress and any formal occasion. Medium, pocket-front with white studs. In "our lightest" 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100.**

**Made of Irish Linen**

The one above is for a gentleman's collar. Two is ladies' latest waist. Top edge cut to suit to be tried. proof. Colours like it and suit.

20c. Each Demand the brand 3 for 50c.
