Among those who addressed the gathering in Hyde Park on March 8 was Lord Coleridge, formerly lord chief justice of England, and many Liberal members of parliament. A resolution was adopted at all the platforms, and cheers for King George of Greece, expressing the strongest sympathy with the Cretans in their heroic struggle against the intolerable tyranny of the Turk, and congratulating Greece upon having by her gallant conduct effected a deliverance which the united powers were unable to achieve. While the Hyde Park meeting was in progress a similar programme was being carried out at a mass-meeting held in St. James' hall, and another took place this evening in Westminster chapel.

IT DOESN'T PAY

TO PARLEY WITH RHEUMATISM.

Rheumatic joints, and aching limbs mean inability to work, and inability to work, for most people, means inability to gain a livelihood. So from that point of view it doesn't pay to parley with Rheumatism. Then there's another side of the question—the days of agony and suffering.

How many people are there whom Rheumatism compels to give up their occupation, and threw up a splendid position that it took them perhaps years to attain?

Mr. Thomas Warren, of 134 Strachan St., Hamilton, states under oath that he had to give up his situation in the shops of the "Big Four R. R." on account of Rheumatism. He tried mineral springs in Indiana and mud baths, but these did him no little good that he returned home to Hamilton a cripple.

Then he started taking Ryckman's Kootenay Cure, and four bottles have completely cured him. He feels fit to start to work now.

If he'd only known of Kootenay at the outset, how much time and money he would have saved, and how much suffering he would have escaped.

Mr. James Watson, living at 64 Florence Street, in the City of Hamilton, makes a sworn statement, he is employed as moulder in the Grand Trunk shops. He had Rheumatism so bad in his feet and knees that he could not work steadily. He says since taking Ryckman's Kootenay Cure he has not felt a twinge of Rheumatism.

Now he can work every day, without the slightest suffering. Kootenay has put the Rheumatism to rout.

It will pay you if you are a victim of Rheumatism or Sciatica to investigate the Merits of Ryckman's Kootenay Cure. To parley with these diseases means loss of time, loss of money, loss of health.

Sworn statements of cures sent free on application to the Ryckman Medicine Co., Hamilton, Ont.

One bottle lasts over a month.

Mr. Devlin, M. P. for Wright, Que., has emphatically denied that there is any truth in the report that he is resigning his seat in parliament, because he cannot support the government's policy on the Manitoba school question. Mr. Devlin says that his resignation is because of grave personal reasons, which he does not further explain. He has accepted the position of immigration agent of the Canadian Government in Ireland.

AWFUL HEART DISEASE.

Death Charmed Away Under the Spell of Dr. Agnew's Cure for the Heart—More Wonderful Than a Fairy Tale in the Story of Mrs. Roadhouse, of Willscroft, Ont.

Where disease has effected the heart the remedy to be applied must be speedy in its effects, or all may be lost. Mrs. Roadhouse, of Willscroft, Ont. says: "Cold sweat would stand out in great beads upon my face, because of the intense suffering from heart disease. I often felt that the death struggle was at hand. No medicine gave me help until I used Dr. Agnew's Cure for the Heart. In thirty minutes the severe pain was removed, and after taking little more than one bottle the trouble had vanished. I know nothing of it today."
