On the same evening Mrs. Greenwood celebrated her birthday by inviting a few ladies to tea.

Friday evening the At Home given by the Academy young gentlemen in the rink came off. It was a fine night and the clerk of the weather had mercifully decreed sufficient frost to keep the ice from giving out slogether which it hadbeen threatening to do in the last warm wave. Linvitations were issued first and foremost to the young [ladies and teachers of the ladies college, then to; the Senior class of the University, to the Professors and their wives, to a number of the lady and lassies of the town, chiefly the Issies, and a few of the young men. The band, which played its prettiest, furnished ten runber. Ceffee saudwiches and cake were served through the evening in the upstairs! supper room It was altogether a delightful entertainment and everyone regretted when God Save Sthe Queen closed the evening. It is much to the credit of the academy students, many of whom are but lads, that they spared no trouble and expense in giving the girls a good time and also in returning in this agreeable manner the hospitality they shave received from the townspeople.

Saturday was a decidedly disagreeable day but the snow did not prevent a number, at less thalf of them ladies, attending the curing rink to witness the final contest for the Borden medal. the final contest for the Borden medal. The first was held in February commencing with twelve rinks, the second contest had six [rinks, the third three, the last two. The most exciting match of the affair was between Dr. Borden's and Captain Anderson's rinks where the victorious doctor was bounced. Some very good play was shown at different times. On one occasion H. C. Read's rinks scored eight points for one and which might be termed a "straight flush." Saturday the players were as follows; F. A. Didxon, F. T. Lingley, H. F. Pichard. W. H. Harrison, ship, core 16. The opposing side, A. W. Colpittr, R. M. Fulton, G. F. Wallace, A. W. Bennett, ship, score. 5. The lee was not in first class condition which perhaps accounted for the very uneven scoring but one of the players on the lesing side said it was the "general cussedness" of insnimate objects. H.w.ver this may br, W. H. Harrison had a "sweeping," victory and became the happy owner of the medal which was presented by Dr. Borden. While the contest has been in progress the medal was on exhibition in I. W. Goodwin's window and has excited much admiration for its dainty workwanship. The letters of Sackville curing club are in a gold monogram, below, which are two silver brooms with a pendant curling stone of gold, the whole fastened by a silver bar to to a bit of red and bine ribbon.

Mt. Allison has been winning at hockey at a fine rate. One evening last week the midnight simmbers of most people were broken by what sounded like an army marching to fife and drum. But after hearing the college yell the inhabitants were a tafaed that it was nothing more alarming then the students celebrating their first hockey victory over Dahousie. Presumedly as the match was fought in a military town they wished to give military music, hence the rat-a-tat of tin cans and toot-tootieg of tin horns.
