

THE WEATHER.

Maritime—Light to moderate southerly winds, fair and very warm, but a few scattered thunder storms.

Toronto, July 2.—Extreme heat prevails over greater portion of Ontario and also in parts of Quebec and the Maritime Provinces, while in the west the weather has been for the most part cool with local rains. Minimum and maximum temperatures: Victoria—50, 60. Prince Albert—44, 55. Moosejaw—52, 65. Winnipeg—60, 82. Parry Sound—62, 88. London—66, 88. Toronto—73, 101. Ottawa—44, 92. Montreal—70, 88. Quebec—68, 88. Halifax—58, 85. St. Lawrence—Mostly fine and very warm, but a few local thunder storms. Gulf—Moderate winds, mostly fair and warm, with local showers and thunder storms.

AROUND THE CITY

Child Found By Police. Yesterday afternoon Policeman Sullivan found a child wandering about the King Square and took it to the Central Station, where it was called for later by its mother.

An Ambulance Call. The ambulance was summoned to the West End yesterday afternoon to convey a sick sailor from the steamer Phipps at Sand Point to the General Public Hospital.

He is Improving. Master Jack Hipwell, son of David Hipwell, who was operated on ten days ago, is doing well. His many young friends will be glad to know that he will probably be able to get around again in a few weeks.

The Temperance Federation. The St. John County Temperance Federation will meet tonight at 8 o'clock in the Christadelphian hall, Union street, when those who disposed of tickets for the temperance dinner last week will make returns.

Landsdowne Going on Blocks. The government steamer Landsdowne Captain Burns, will be placed on Hill-yard's blocks tomorrow for her annual overhauling. The steamer Stanley, now in port, will perform the service.

Why This Discrimination. There is some dissatisfaction among the employees of the post office because they have not received an advance in wages corresponding to that recently accorded to the employees of the customs house.

Second Camp at Sussex. No. 7 Army Service Camp under the command of Captain F. McKean and numbering about 80 men, left for Camp Sussex Saturday evening. The 28th Dragoons, under command of Major H. C. McLean, will leave for the camp tomorrow.

Purse and Gloves Found. A pair of lady's gloves and a purse containing a sum of money were found in the Old Burying Ground yesterday and the owner can have the same on application to Alexander Chisholm at the No. 1 H. and L. Station, King Street East.

Police Reports. On Saturday the police reported Timothy O'Brien for using profane and obscene language on St. Patrick street. Policeman Ross reports that the retaining wall at the corner of Duke and Prince William street is in a dangerous condition. It is falling down and leaves a large hole in the sidewalk.

James Minehan. The death of James Minehan, a well known butcher in the city market, occurred yesterday at his residence, 299 Union street. The deceased was in the 69th year of his age and has been ill for some time. A wife survives. The funeral will take place tomorrow afternoon at 2:30 o'clock.

An Open Air Expounder. The soap box orators of the Socialist party have apparently established a right to speak in the public streets. Last evening they addressed another crowd at the corner of Union and Osgoode streets. Perhaps in time the city fathers will establish a civic forum corresponding to Hyde Park or Glasgow Green, where the later day prophets may have a chance to expound their lems.

Will spend 12th in Calais. The Orangemen and Pretence Boys will hold a demonstration in Calais on the 12th of July. Several of the Orange lodges of the city, including Dominion lodge No. 141, True Blue lodge, No. 11, with members of a number of the Pretence Boys' lodges will go from here to take part in the demonstration and a big parade on the 12th afternoon, and it is expected that there will be a large number of Orangemen from different parts of Maine present. A special train will leave here at 7:30 in the morning, returning at 8:30 in the evening. There will also be trains from Woodstock and Fredericton carrying delegations to take part in the demonstration.

The Teamsters' Protest. Some of the city teamsters are protesting against the use of granite blocks in paving the hill on Mill street, claiming that their horses cannot keep their feet when going down a hill with a heavy load, especially when there is any ice on the streets. As granite blocks are used in paving hills in other cities, the civic officials are not likely to pay much attention to their protests, more especially as the contract to pave Mill street was signed some time ago, and the contractor is already at work. The teamsters should have brakes on their vehicles of sufficient power to prevent them running away with the horses when going down hill," said one of the city officials. "In some cities the policemen and agents of the S.P.C.A. would be after them if they did not have satisfactory brakes on their wagons."

Sunday School Picnic. Centenary Church Sunday School picnic will be held at Balsbury's Grounds, Rothesay, on Tuesday, July 4th, 1911. Trains leave Union Depot at 9 a. m., and 1:15 p. m.

Mr. and Mrs. D. T. Johnston, who have been on an extended visit to their son at Gladstone, Manitoba, have returned to Chatham.

POLICEMEN MUST IN

DRIVING ACCIDENT FOR THIS QUESTION

Officers McFarlane and Jones were injured while Driving on the Loch Lomond Road Yesterday Afternoon.

Yesterday afternoon while Police-men McFarlane and Jones were driving down a steep hill on the Loch Lomond road the britches broke and the carriage striking the horse caused the animal to run away. The officers were thrown out of the carriage. Officer McFarlane received a bad cut on the back of his head and his back was injured. Officer Jones was only slightly injured and was able to go on duty last night, while McFarlane was obliged to remain at home. The shafts of the carriage were broken.

PLAN A CELEBRATION

TO BE HELD LABOR DAY

It is Expected that Labor Men from all over Province will be Here—May Hold Parade.

The question of organizing a big labor demonstration on Labor Day is being discussed in labor circles. The idea is to invite labor representatives from the different towns of the province to come here on Labor Day for the purpose of forming a provincial federation of labor. The matter of forming a provincial federation is being taken up by the trade unions in other parts of the province, and so far most of the unions have declared in favor of the scheme, though some have expressed a preference for a federation which would take in the unions of all the Maritime Provinces. The St. John Trades and Labor Council favors a provincial federation and it is expected that being the biggest organization of its kind in New Brunswick it will take the initiative in organizing the proposed federation. It is understood that circulars will be sent out to the various unions in the province asking them to send delegations here on Labor Day, and if enough unions respond to the invitation it is proposed to hold a big parade of labor organizations in honor of Labor Day and to celebrate the organization of the federation.

COUNCIL MEETING TO BE AN IMPORTANT ONE

Several Weighty Questions to be Considered by the City Fathers at their Meeting this Afternoon.

The Common Council will meet this afternoon, and most of the business to come before it is of a routine character. An important matter will be brought up in the report of the board of works which recommends that the city engineer be authorized to call for tenders from persons willing to undertake the work of collecting and removing household garbage according to specifications to be proposed by him. As the dumps in the southern end of the city have been closed it is expected that the recommendation will be adopted. At the meeting of the board of works, Ald. Kierstead wanted arrangements made to have the individual garbage receptacles sterilized after using, but it is not believed this hygienic precaution will be undertaken before we arrive at the stage of municipal regulations providing for the sterilization of milk. Another important matter which will come up is the recommendation of the water and sewerage board that the water and sewerage service be extended along Douglas Avenue to the Bridge, so as to encourage the up-building of that district. The Coronation Committee will not have a report ready for the meeting, as all the bills have not been presented. Ald. McGoldrick will give notice of motion to discontinue a portion of Canterbury street, intended to be given on H. S. Gregory in compensation for part of his property used for civic purposes. Mr. Gregory has consented to relinquish all claims against the city, in consideration of the city conveying to him a portion of that part of Canterbury street extension lying between St. James and British street, having a width of three feet and extending back 100 feet, so as to give Mr. Gregory frontage of 20 feet instead of 27 feet. The following communications will be received: Communication from the Secretary of the Trades and Labor Council protesting against the Common Council taking any steps to reduce or do away with the present tax of \$7.50 on persons coming to the city to work. Communication from Brigadier-General D. A. MacDonald in reply to a letter of His Worship, stating that the department of militia and defence has now under consideration the question of the distribution of the four obsolete guns referred to in his letter. Communication from John Donovan stating that he received an injury to his eye while working for the city last June, and asking that he be placed on the permanent staff of city laborers, as owing to the said injury he finds it difficult to get work. Petition from the teamsters praying that a granite block pavement be not laid on Mill street hill and calling attention to the slippery condition of Smythe street hill owing to the smoothness of the pavement. Communication from the secretary of No. 1 Company, Salvage Corps and Fire Police stating that J. Alfred Clark has been elected a member of the company. Communication addressed to His Worship by the secretary of the Tax Reform League of Ontario, calling attention to the annual convention of the league in Toronto on the 6th day of September next.

HE HAD NO ANSWER

FOR THIS QUESTION

How a Grit Spell-binder was 'Stumped' During a Recent Meeting in Nova Scotia Fishing Village.

"I have always been a Liberal," said the man from Nova Scotia who arrived in the city Saturday. "But I tell you the people down my way are getting very suspicious about reciprocity. Now, don't say I said so."

"During the recent election I attended a meeting in one of the fishing districts. One of the orators of the evening began to talk about the great works of Mr. Fielding and especially his reciprocity scheme. "Presently a grey bearded fisherman arose and said: "Mr. Orator you believe that Mr. Fielding is a wise man, and that we can take what he says for gospel, don't you?" "Certainly, certainly," said the orator. "Mr. Fielding is the greatest man this province ever produced, and like Geo. Washington, he has always told the plain unvarnished truth."

"Well," drawled the ancient fisherman, "I remember Mr. Fielding used to tell us that the consumer always paid the duty. That being so, and it must be so because Mr. Fielding said it, how are we going to get any benefit from the abolition of the American duty on fish? Isn't it the American consumer who will benefit and not us fishermen?" And the orator was unable to answer to the satisfaction of his audience.

THE HOLIDAY WAS A DELIGHTFUL ONE

Dominion Day Proved an Ideal Occasion for Pleasure Seekers—Not an Accident Marred the Day.

The weather proved ideal for a holiday on Saturday and the day was observed in becoming manner in St. John. A holiday spirit prevailed, and everyone seemed to enjoy it. The day was devoid of accidents, and was marked by very little, if any, disorder. The many attractions offered were liberally patronized. A large number left the city to spend the day in the country, and in neighboring towns, and the trains and boats carried a goodly number from outside points. The indoor amusements did a good business, the moving picture houses drawing large crowds. The outdoor attractions were many, and varied. The baseball games between the Marathons and St. John's had record attendances; the games were good and enthusiasm ran high, especially at the afternoon game. The Marathons won both games, defeating the St. John's 9 to 1 in the morning, and 6 to 4 in the afternoon. The band concert given on the King Square in the afternoon delighted a large number who had found it convenient to leave the city. St. Mary's band gave the concert, and proved an excellent programme. Golf enthusiasts had an enjoyable day at the links. A party of nine gentlemen from Woodstock came to the city on Friday night, and met the local players on the links, on Saturday, St. John carrying off the honors. A number of private parties left the city to spend the day out of town. On the river the day proved delightful. The R.K.Y.C. held a successful long distance race to Upper Bridge, and met the local players on the boats dispersed some to Grand Lake, and Frederickton, others to Grand Lake, or cruised along the river. Many of the boats returned to the city in the evening, but a good number of the owners spent the week end at different points along the river. The day was well observed in the various districts, and special celebrations were held. At Westfield, a baseball game took place between the team from Onon-site and the Westfield team. In the afternoon boat races were held and the day closed with a dance. At Pandemic a baseball match took place between the Pandemic team and one from Grand Bay, the latter winning by a score of 15 to 14. The Renforth Outing Association had a gala day, a successful programme of water sports was carried out in the afternoon. In the evening the residences were illuminated and a dance was held at the club house. Rothesay also spent the day in festive manner. The tennis matches proved very interesting and the whole day's celebration was a delightful and successful one.

There are no open joints to catch the dirt and every part can be moved for cleaning. Emerson & Fisher, Limited, 25 Germain Street, 'Phone Main 87

SEE LARGE AD TODAY ON PAGE TWO. Sale of 'Old Hickory' Rustic Furniture. The Ideal Kind for Summer Homes. "Old Hickory" is most popular on porch or lawn and will withstand all kinds of weather. The frame work of this interesting furniture is made of young hickory saplings which are cut in the Fall when the bark will adhere to them. The bark is left on although sandpapered until fairly smooth. The seats and backs are woven on long strips of the stout inner bark which is as strong as rawhide. The woven bark has a sort of "give" or elasticity which makes it as comfortable as upholstery. "Old Hickory" furniture is not painted, varnished, or finished in any way. It is left entirely as nature adorned it and therein lies its great charm. We are closing out this collection consisting of Chairs, Rockers, Settees and Odd Table in order that it may not be necessary to carry them over and they have been reduced to 25 per cent. less than regular prices. CHAIRS, Sale Prices, \$2.50, \$3.00, \$3.40, \$4.50 and \$5.00 ROCKERS, Sale Prices, \$4.00 and \$4.50 SETTEES, Sale Prices, \$6.50 and \$9.00 ODD ROUND TABLE, 30 inch diameter, Sale Price, \$4.00
