TORTURE OF SCIATICA CURED QUICK!
"NERVILINE" A SUCCESS EVERY TIMESteps the Pain Quick—
Acts Like Magic—Is
Harmless and Pleasant

Sciatica is the most severe pain man can suffer. The great sciatic nerve is deeply placed, and you can reach it only by a pain remedy, as penetrating and powerful as NERVILINE.

The glory of NERVILINE is in its strength—in its marvelous power of penetrating deeply. In severe pains, such as sciatica and neuralgia, NERVILINE demonstrates its superiority over every other remedy.

Extraordinary pains, such as rheumatic or sciatic, can be overcome only by a remedy as extraordinary as NERVILINE. In many lands it has shown

itself to be the best for little pains, best for big pains, and best for all pains.

When one has acute rheumatic pains, stiff joints or a stiff neck, don't experiment—seek a remedy that cures. Like lightning in rapidity, as sure as fate in its certainty of relief, NERVILINE can never be surpassed for the removal of pain, no matter what advance science may make. It is perfection in its line. Do not trifle with ordinary or oily liniments, use NERVILINE. Prove its efficacy—its the one liniment that rubs right into the core of the pain.

A large 50 cent bottle will cure the aches and pains of the whole family. Trial size, 25 cents. Sold by all dealers everywhere, or the Catarrhous Co., Kingston, Canada.

HUERTA MAY RESIGN
PRESIDENCY OF MEXICO

Continued from page one.

Official Washington and diplomatic circles were interested in the resignation of Senor Porfirio Y. Rojas from the portfolio of minister of foreign affairs in the Huerta cabinet. It was variously interpreted, some seeing in it an indication of Huerta's intention to brook no suggestion for his own retirement, as Senor Porfirio was active

in the mediation preliminaries, and others suggest that it might be means of selecting the Mexican cabinet officer as a special representative of Huerta to confer with the Washington mediators.

Mexico City, May 2.—The war department tonight says that all the federal forces in the north await the result of the negotiations in regard to mediation by Argentina, Brazil and Chile between the United States and Mexico. It was asserted that there was 17,000 men under the command of General Maas in the interior.

A report was current that committee of citizens left last night on a special train bound for Saltillo for the purpose of influencing the rebels in

the state of Chihuahua to join the federales in case of invasion.

El Paso, Texas, May 2.—General Carranza has formally declined the suggestion of the mediators that he cease hostilities against Huerta pending the outcome of the plan of mediation. His note, sent to Washington yesterday, was made public here today.

Food Supply Running Short

Mexico City, May 2.—The situation in Mexico City today had every appearance of becoming serious for the administration and in well-informed circles it was expected that Provisional President Huerta might resign at any moment.

Vera Cruz, May 3.—After yesterday's acute alarm, when it was reported a considerable force of Mexicans had attacked the American outpost at the water plant, nine miles out, all was quiet here today. Many of the American soldiers attended mass in the old Cathedral in the morning while in the afternoon great crowds attended the bull fight.

The question of the food supply still occupied general attention, but it has not reached a stage which may be regarded as critical, although many produce have run short.

Strict orders were issued today from headquarters for the American soldiers and marines in Vera Cruz and the district to remain in the same positions and not to advance or bring on an encounter with the Mexican troops.

During the alarm over the flurry at the water works at El Tejar yesterday detachments of marines and blue-jackets were prepared for an immediate landing. Field guns were put into readiness for conveyance ashore, but at the last moment, when headquarters had established the fact that there was no need for assistance from the fleet all orders were cancelled.

Official reports declare not a shot was fired, but other sources are persistent in their opinion that shots were exchanged by the outposts.

EMINENT GEOLOGIST IS DEAD

Minneapolis, Minn., May 2.—Newton Henry Winchell, geologist, died tonight, aged seventy-five years. Prof. Winchell was states geologist of Minnesota for twenty-eight years and also occupied the chair of geology of the University of Minneapolis.

ADVISES AGAINST
FANTASTIC VAGARIES
IN MODERN ART

London, May 4.—Prince Arthur of Connaught withheld the Royal approval from futurist art in a speech at the Royal Academy dinner on Saturday night. Responding to the toast, after allusions to the visit of the King and Queen to Paris and the losses the academy had sustained by deaths, he expressed his opinion of the high standard of British art at the present moment.

"In England," he said, "we move slowly and do not easily take up new ideas, but herein lies the safety of the future of art in this country. I hope I am not treading on dangerous ground and I do not wish to curb legitimate originality or true inspiration of artistic sense, but would it not be prudent for some of the new schools of art to follow more closely to the footsteps of the great masters instead of indulging in fantastic vagaries such as are seen occasionally in exhibitions of modern art."

The Prince added the hope that the sound sense of the academy would keep the rank and file of artists from indulging artistic license to an extreme.

LARGE CROWD AT CLOSE
OF THE 1914 HORSE SHOW

Toronto, May 3.—With a bumper attendance the horse show for 1914 came to a close at 11:30 o'clock last night with the awarding of prizes for the final class of the high jump. The result was most disappointing. The bars were only raised as high as six feet and it was difficult even at this for the horses to get over. The first prize went to Marathon, exhibited by H. H. Short of Ottawa.

Saturday morning the pony classes were on exhibition. "Tommy Atkins," Mr. E. B. Clancy's entry from Guelph, was adjudged the best saddle pony shown and got the blue ribbon.

ADJOURN CONFERENCE
OF TRANS-ATLANTIC
SHIPPING POOL AGAIN

Cologne, Germany, May 2.—The trans-Atlantic shipping pool conference was adjourned today owing to the inability of the delegates of the various continental lines to reach an agreement with the Canadian Pacific line. The next meeting will be held in London on August 5th.

The Continental and English lines agreed to raise the storage passenger rates to \$27.50 for fast steamers and \$35 for slow steamers, the increase to become effective immediately.

PAY DRAFT, AND ACTION
IS DISCONTINUED

New York, May 2.—Acting on instructions from the Banco Nacional de Mexico (The National Bank of Mexico) Messrs. Matland, Coppel & Company, New York, agents, today paid the full amount of a draft for \$225,560, upon which action was recently commenced by the banking firm of Shear & Company. The action has therefore been discontinued and the attachment vacated.

How Many Times Have
You heard the Remark
"I Must Take a Spring Medicine"

Do You Know Why This Remark is Made?

The reason for this is that your liver is sluggish, your bowels inclined to be constipated, and your blood thick and impure.

This is caused by the amount of rich and heavy food you have eaten during the winter months to keep your body warm.

"Is it not enough to clog the system up with waste and poisonous matter"? What you need is something to put the blood into proper shape and prepare it for the hot summer months.

BURDOCK BLOOD BITTERS

will entirely eliminate that dull, weary, tired, worn-out, don't-care-to-exert-myself feeling which creeps over you at this time of the year.

Try it, and you will find that it will give snap and vigor to the entire body.
