HAGYARD'S SPICE

FOR

HORSES, CATTLE, SHEEP & PIGS.

It is a combination of vegetable diuretics and tonics blended together, making it one of the best compounds manufactured to assist digestion. It regulates the stomach, giving it a healthy action, removes all impurities from the blood, and corrects all derangements of the digestive organs, causing animals in low condition to fatten in one-half the time they otherwise would. All kinds of stock will improve under its use, leaving them less susceptible to disease. It restores the appetite, strengthens and invigorates the whole system, and makes the coarsest provender palatable. As a diuretic it has no equal. It can be fed at any time and season, and, when used according to directions, will be found invaluable for horses and oxen that have been over-driven or worked; also for distemper and loss of appetite. It improves the Blood, removing scurvy, roughness of the hair, hide-bound, and all diseases that arise from abuse or exposure. We guarantee satisfaction or refund the money, which our agents are instructed to do.
