CHATTELLE CONVICTED

To Be Hanged on May 31 for the Murder of Jessie Keith.

CONDUCTED HIS OWN DEFENCE

The Prisoner Makes a Few Incoherent Remarks to the Jury—The Crown Prosecutor Did Not Need to Reply to Short, Brief Trial.

Stratford, March 28.—The trial of Amede Chatelle for the murder of Jessie Keith near Listowel on October 19 last took place here yesterday before Chief Justice Armour. A large crowd gathered about the court house to gain at least a glimpse of the prisoner on route from the jail, while the court room had all its available space occupied. In appearance Chatelle had not materially changed since his arrest except that he was somewhat less awfully. He paid close attention to the proceedings but showed no signs of being affected by the awful position in which he was placed. On being assigned the prisoner pleaded not guilty.

Mr. John Idington, of Stratford, County Attorney, acted for the Crown, and the relation mentioned his own defence. Mr. H. M. East, of Toronto, had been retained by some of Chatelle's relatives, but after an interview with the prisoner he withdrew, Chatelle declaring his assistance.

The evidence for the Crown was largely the same as that given at the inquest and preliminary examinations at Listowel and formed a strong web of circumstantial evidence around the accused. Chatelle occasionally questioned the witnesses, but after a short time he was told against him.

Shortly before four o'clock the evidence was all in and Chatelle, being asked if he had anything to say, made some incoherent remarks, but offered no defence. The judge's charge occupied about half an hour and was unimportant.

At half-past four the jury retired and about ten minutes later returned with a verdict of "guilty." On being asked if he had anything to say the prisoner said "Nothing," and then the judge briefly announced sentence to the effect that Chatelle be hanged on May 31.

CHATTELLE'S FEIGNED INSANITY.
The All Surgeon Says He Has No Morals and is a Human Monstrousity.

Stratford, March 28.—Dr. J. M. Dunsmuir, jail doctor in the case of Amede Chatelle was lodged here, that his actions were only those of a madman, and that he had given any indication of his being mentally unsound. Dr. Dunsmuir is also of the opinion that Chatelle is a human monster, and that his moral sensibilities have become so blunted that it may be said he has no conscience.

FERRIES ON LAKE ONTARIO.

Formation of a Company to Carry Freight and Passengers all the Year Round.

Buffalo, March 27.—As a result of a favorable report by the board of railroad commissioners, engineers have begun staking out the line for a new railway on Lake Ontario. Confident with the beginning of work on this railroad, the American and Canadian Navigation Company has been incorporated at Trenton, N.J., for the purpose of operating a mail and passenger ferry between Oak Orchard harbor and Port Hope and Cobourg. The navigation company will build a line of two steam ferries, each 355 feet in length, with 45 feet beam, 10½ feet draft, each will carry 2000 tons of cargo and be equipped with ice-breakers, so that they can run all the year round. It is said that the company will also build a line of ferries for carrying coal to Canada. The cars will be put aboard the ferries from the track of the new railroad. The Canadian Pacific railroad has built from Peterboro' to Cobourg, where connections will be made.

MANIFESTS OF VESSELS.

New Law Affecting Canadian Vessels Arriving at the Port of Buffalo.

Buffalo, March 28.—Notification of the enactment of a new law affecting the manifest of vessels arriving from foreign ports has been received by Collector Doyle from the department at Washington. The law applies to vessels from Canada arriving at the port of Buffalo, as there is no naval officer here. The law is as follows: "On or after July 1, 1895, each master of vessels arriving in the United States from a foreign port, carrying mail, shall immediately upon landing, and before entering his vessel at the custom house, mail to the auditor of the Treasury Department as Washington a true copy of the manifest of his vessel, and shall also enter the manifest in a book provided for the purpose. Failure to comply with the new law is punishable by a fine. The law applies only to ports where there is no naval officer."

Will Not Modify the Embargo.

London, March 28.—The Right Hon. Herbert Gardner, President of the British Board of Agriculture, has received from Hon. A. R. Angers, the Canadian Minister of Agriculture, his further report on the cattle question. In the House of Commons yesterday Mr. John Leng, member for Dundee, tried to draw Mr. Gardner out on the subject, but the hon. gentleman only promised to consider whether the report and the minister's statement of the suspicious cases at Antwerp can be fittingly published. It is not believed that the Board of Agriculture intends to modify the embargo on Canadian cattle at present.

Not in Favor of Prohibition.

Montreal, April 1.—Sir Joseph Hickson, chairman of the Royal Prohibition Commission, has sent a report to Ottawa after full consideration of the evidence. The majority of the commission do not favor prohibition. The Rev. J. McLeod may send a minority report.

Comte de BeBen Dead.

Montreal, April 1.—The death took place here yesterday of the Comte de BeBen, the oldest living representative of the prominent French Canadian family of DeBen, in her 86th year.

Coleman in Demand.

Chattanooga, April 1.—Assistant-General H. Coleman of the late Court Street Express Company, said this evening that extradition proceedings have been instituted against the diamond robber with the many aliases, recently arrested in Canada, from the Canadian authorities and to take him to Weymouth, Ga., for trial. He is known as "Diamond Charlie."

Monahan Says the G. E. H.

Toronto, April 1.—Mrs. Elizabeth Monahan, widow of the late Court Street Express Company, killed in the Weston accident, has entered suit against the Grand Trunk railway for \$25,000. The writ was issued by W. J. Wallace, who anticipates a settlement of the action at the figure in the neighborhood of that sum.

ANOTHER TRAGEDY IN TORONTO.

A Man Brutally Hammers His Wife's Head and Then Stabs Himself.

Toronto, March 28.—What may result in another murder and suicide occurred about 8.15 yesterday morning at No. 18 Front place, a short blind alley about a block west of Spadina avenue, running south from King.

It is said that Zimmerman has been ill-treating his wife for a long time past, and affairs recently came to such a pass that the wife was obliged to get out a summons against her husband for ill-treating her. She obtained this on Tuesday, but was afraid to hand it to him for fear of personal violence. Friday morning, however, the woman mustered up courage enough to serve her husband with the necessary paper. She then left the room and went upstairs. She waited for some time, thinking that he had gone, but such was not the case. Zimmerman had possessed himself of a hammer and was waiting by the kitchen door, hidden by the angle of the wall. Presently the ill-fated woman came downstairs and as she entered the room Zimmerman rushed from his place of concealment and dealt her a murderous blow on the right side of the head. Three times in succession he struck the woman on the head, inflicting horrible injuries. She fell on the floor and her husband turned and went into the room. Evidently thinking that he had killed his wife he determined to put an end to himself and after locking himself in the room he thrust the left breast, the knife penetrating the lung.

Meanwhile Mrs. Zimmerman got up and rushed into a neighbor's house where she begged the people to interfere before she killed the children. Several of them went immediately, but no succeeding upstairs burst in the door. There they found Zimmerman lying on the floor with the knife thrust in his chest. Mrs. Eddie and Fisher were sent for, and the injuries of the intended murderer and his victim were attended to. Zimmerman was at once taken to the General Hospital, where he is at present lying. The wound he inflicted is not necessarily fatal. The knife having missed the heart. Mr. Zimmerman was removed to the hospital in the afternoon.

From all accounts this man Zimmerman is far from being a model husband or father. Zimmerman was picked up by a newspaper containing an account of the murder of Mrs. Swallow and the suicide of the woman in Jarvis street on Saturday night. Turning to his wife he pointed out the story of the crime and said: "That woman was my wife."

When Zimmerman was taken to the hospital the summons charging him with ill-treating his wife was found in his pocket. The doctors did not know whether he would live or die. The knife and hammer are at the coroner's office. The knife is a large butcher blade, sharpened to a point. It is eight inches and the handle five inches long. The hammer is a common one. Zimmerman was seen to see it was driven into Zimmerman's breast up to the hilt. The hammer was used to break open the door of the room on the woman's head, reaching all the way to the ceiling.

THE BYE-ELECTION IN HALDIMAND.

Hon. Dr. Montague Likely to be Opposed by McGarvey.

Cayuga, March 28.—The Hon. Dr. Montague is in town in connection with the forthcoming bye-election in Haldimand. Dr. Montague will have to fight every foot of the ground. Already the active politicians of the town are on their feet. Haldimand politicians are good soldiers and thoroughly enjoy fighting. Mr. Fox, the McGarvey agent, also in town, and it looks as if there is going to be a McGarvey in the field in opposition to Dr. Montague.

Major Stewart, of Hamilton, acknowledges that he has been offered the McGarvey nomination by the active politicians of the county to oppose Hon. Dr. Montague. The Mayor has not decided if he will accept the nomination, but will give his answer in a few days.

FINANCE AND COMMERCE

Toronto, April 1, 1895.

Potatoes are in short supply. Retail prices are 80c to 85c a bag. Wholesale prices are 60c to 70c from growers.

Timothy is slow at \$10.50 to \$11.00 clover, 80c to 85c and straw 75c to 80c.

The prices for beef, mutton, pork and poultry, wholesale and retail, at St. Lawrence market stand unchanged from last quotations. The supply is fair.

There is scarcely enough wool in the market to make a price. It is sure to open with a high figure for the new supply to come soon.

Dressed hogs in Toronto are quoted a shade higher and the supply is about equal to the demand. The market is quiet. Saturday being the last business day of the month there was a sort of clearing-up process going on in wheat at Chicago. The market was dull. Corn was in a neglected state. The mango was narrowed to 3/4c, the steady feeling of wheat and the strength of oats acting in the capacity of a support to prices. Oats had quite a sharp dip. There was a good general trade, the outside and country sending numerous buying orders.

Wheat went up 1/2c in the Hamilton market on Saturday, selling at 60c per bushel, which is the highest price for the past three years. The supply was not nearly sufficient to satisfy local millers, and higher prices are anticipated. The millers met Saturday and decided to raise the price of flour, which has been selling at \$2.00 per bushel. The increase will be from 50c to 75c per bushel. The price of bread will also be raised on account of the rise in flour.

FOR NATIONAL SCHOOLS

The Supporters of the Greenway Government are United.

THE LEGISLATURE ADJOURNS

Sensational Developments Expected when the Legislature Resumes on May 27.

The Opposition will declare in support of the Secularization of all the Schools in the Province.

Winnipeg, March 30.—No amendment was offered yesterday afternoon to the motion of the Government for adjournment of the House to consider the school question, and the Legislature accordingly adjourned to May 9, when sensational developments are expected. In the meantime it is proposed to hold a meeting to get the feeling of the farmers on the subject.

Cabinet Minister in an interview denied the statement that the supporters of the Government were divided as to the line of action to be adopted in respect to the remedial order. They were united for National schools.

A member of the Cabinet was asked what the object of the Government was in moving for an adjournment. His reply was that the remedial order on schools was too important a matter, involving as it does great vital issues, to be dealt with precipitately by the House.

JAPAN AND CHINA.

Temporary Armistice Without Conditions.

Washington, March 30.—The following telegram was received yesterday as the Japanese Legation by the Japanese officials: "On the opening of the negotiations the Chinese plenipotentiary proposed an armistice, which the Japanese Government were willing to accept on certain conditions. While this negotiation was going on the unwelcome event happened on the person of the Chinese plenipotentiary. His Majesty the Emperor, having in view this unhappy occurrence, commanded the Japanese plenipotentiaries to consent to temporary armistice without conditions. This was communicated to the Chinese plenipotentiary."

Minister Kurino says that the effect of the Emperor's order will be the immediate cessation of aggressive hostilities, and that the Japanese armies will make no further advance as long as the armistice lasts. The Minister of the Interior says that the action of the Emperor was influenced by the confidence His Majesty reposed in the successful conclusion of the peace negotiations, and the ultimate acceptance by Li Hung Chang of the terms stipulated by Japan. The Emperor's consent to temporary armistice is also a refutation of the idea that Japan is disposed to humiliate China or to invade its territory. Japan has gained the benefit of demonstrating Japanese impotence in Eastern affairs.

When Mr. Yu, the Chinese Minister, was handed the news of the armistice between Japan and China he said it was the first intimation he had received on the subject, as he had not yet been notified by his Government of the matter. He was very thankful for the news.

St. Petersburg, March 30.—News has been received from an authoritative source that the Emperor of Japan, who is expected to return to his capital, has ordered a temporary suspension of hostilities.

BOTH LEGS CUT OFF.

John Hamilton Found on the Railway.

Fletcher, April 1.—As the mail train was approaching Buxton Saturday night the engine noticed the body of a man lying near the track. The body was on board and brought to this village. Dr. S. N. Young was summoned and Dr. Smith, of St. Thomas, sent for. The doctors found an examination that both legs were nearly cut off above the knees and the patient in a very critical condition and sinking gradually. He died at 11.15 p.m.

Before death he was conscious for a few minutes, and gave Dr. Young the address of a sister in Detroit. The friends were at once communicated with and arrived here on Sunday morning's train, and claimed the body as that of John Hamilton, a son of J. H. Bray, of Chatham. It was notified, and after hearing the facts he deemed an inquest unnecessary and before they found the body. Coroner Sinsler has ordered an inquest to be held to-day.

Drowned in a Mill Race.

Paris, Ont., April 1.—Patrick Flannery, an old and respected resident of Paris, who has been missing since Friday night, was found yesterday afternoon in the mill race in the eastern part of the town. There was no sign of violence, but his face was badly bloated. The volunteer rescuing crew had been working in finding the body, as the only clue was an old tin supposed to belong to the deceased. The news was almost a relief, and it is said to be a relief, and then the ice had to be cut and then drained again before they found the body. Coroner Sinsler has ordered an inquest to be held to-day.

Eastbound Freight Rates.

Chicago, April 1.—The Boston seems to have dropped out of eastbound freight rates. There was fully as much if not more demoralization on Saturday, and there seems to be little prospect of a better state of affairs. The Grand Trunk will make a rate of 12 cents on grain to-day.

A Great Battle

is continually going on in the human system. The demon of impure blood strives to gain victory over our constitution, to ruin health, to drag victims to the grave. Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore bodily health for many years.

HOOD'S PILLS cure nausea, sickness, indigestion and biliousness. 25c.
