

Miscellaneous.

STEEL knives which are not in general use may be kept from rusting if they are dipped in a strong solution of soda—one part water to four of soda; then wipe dry, roll in flannel and keep in a dry place.

STALE buns may be made to taste as nicely as when fresh if they are dipped for a moment or so in cold water and then put in a hot oven for five or ten minutes. They will turn out as light and crisp as when first baked.

W. W. McLellan, Lyn, N. S., writes: "I was afflicted with rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas' Electric Oil recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave around to my neighbours, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a supply."

WHEN one has had a fever and the hair is falling off, take a teacup of sage, steep it in a quart of soft water, strain it off into a tight bottle. Sponge the head with the tea frequently, wetting the roots of the hair.

FREEMAN'S WORM POWDERS require no other purgative. They are safe and sure to remove all varieties of Worms.

If a lady has a book rack or table she wishes to varnish, first put on a coat of linseed oil, and then apply the shellac. The oil sinks into the pores of the wood and shows the grain. Pine, however, will not absorb it.

Mr. Henry Marshall, Reeve of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia." This medicine is making marvellous cures in Liver Complaint, Dyspepsia, etc., in purifying the blood and restoring manhood to full vigour.

FOR suet pudding, take one cup of suet, two and one-half of flour, one of raisins, one of currants, a small cup of molasses, spice to taste, one dessert-spoonful of baking powder. Bake three-fourths of an hour.—Boston Post.

The wonders of modern chemistry are apparent in the beautiful Diamond Dyes. All kinds and colours of Ink can be made from them.

FROSTED FEET.—Rub the parts affected with kerosene every night. Use plenty of it and sit in front of a moderate fire while applying it. Three or four applications should complete the cure.

A WRONG OPINION. Many a dollar is paid for prescriptions for some disease that never troubled the patient, and when the sole difficulty was worms, which a few of Freeman's Worm Powders would remove. These Powders are pleasant, safe, and sure, contain their own cathartic, and are adapted for children or adults.

FLOWERS may be kept very fresh over night if they are excluded entirely from the air. To do this, wet them thoroughly, put in a damp box, and cover with wet raw cotton or wet newspaper, then place in a cool spot.

PICAMAR TROCHES for coughs, colds, all forms of sore throat, bad breath, etc., used by singers and public speakers. Prepared from the prescription of L. Johnson Lennox, M.B., M.C.P.S., O. and Q., proprietor of the International Throat and Lung Institute. For sale by all druggists. Price 25 cents.

FOR FELON.—Take equal parts of gum camphor, gum opium, castile soap, and brown sugar; wet to a paste with spirits of turpentine. Prepare it, and apply a thick plaster of it.

A HINT WORTH HERDING. Life loses half its zest when digestion is permanently impaired. Surely then a speedy means of restoring this essential of bodily comfort is worth trying. Every rank, every profession, bears its quota of evidence to the beneficial influence upon the stomach, and also upon the liver, bowels and kidneys, of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, or celebrated Blood Purifier. What is the wise course suggested to the sick by this testimony? We leave them to decide.

FOR SPRAINS.—Bathe with arnica diluted with water, and bandage with soft flannel moistened with the same. A sprained wrist thus treated will grow well and strong in a few days.
