- ¶ The Hupmobile is a triumph of American mechanical ingenuity and manufacturing genius.
- ¶ Five years ago or even two years ago such a car at such a price would have been a manifest impossibility.
- ¶ It would be an impossibility to-day were it not for the magnificent factory equipment of the Hupmobile Company; the splendid experience of the designers and builders; and the capacity to market the extraordinary output of 10,000 cars.
- ¶ The Hupmobile has a smaller carrying capacity than the most expensive cars but it does not fall below them in quality one iota.
- ¶ It has been well said of the Hupmobile that it compares with the costliest cars as a perfect small diamond compares with a large one.
- ¶ In the past eighteen months it has performed prodigies of service in the hands of thousands of hard-driving owners—over rough country roads, up steep mountain slopes, through snows and cold across the open country.
- ¶ Record after record for sturdiness and endurance has been achieved.
- ¶ The Hupmobile at a minimum cost per month for upkeep will give you thousands of dollars worth of enjoyment and service every year at a price which every man can well afford to pay.
- ¶ Send the coupon to-day for full and complete information about this unparalleled car.
