Personal Choice Scheduling...
One of the many reasons
people enjoy working at TD!

At TD, people make the difference - because employee satisfaction usually translates into customer satisfaction. That's why we provide an unparalleled level of training, excellent benefits and compensation, definite potential for personal and professional growth... and the opportunity to set your own working hours through personal choice scheduling. It all adds up to a package that's hard to find... and hard to resist.

Tellers & Counter Officers

If you're a homemaker, a student or a retiree who is looking for a nearby position where the hours are flexible and the rewards are plentiful, this is your opportunity to find out firsthand just how great the TD package can be.

Any relevant experience or education you may have to offer would be an asset, but what we're really looking for is drive, initiative, excellent communication skills and an outgoing, friendly manner.

Work "on-call" or choose the hours that best suit your schedule - it's up to you! You will start at \$7.55 per hour and we will give you credit for previous experience. To apply, simply contact:

Gina Bruno	Jane & Wilson	247-8255	Cathy Firth	Pine Valley & Hwy 7	851-5556
Ian Fraser	Jane & Sheppard	743-4943	Paul Hodgins	Jane & Finch	636-2304
Mary Montonari	Kipling & Kildron	742-5100	Josephine Trombetta	Finch & Islington	749-4511
Stella Surlano	Weston & Wilson	743-8592	Nell Cruickshank	West Finch C.B.C.	741-4900
Karen Madarasz	Woodbridge Mall	851-3975			

People make the difference

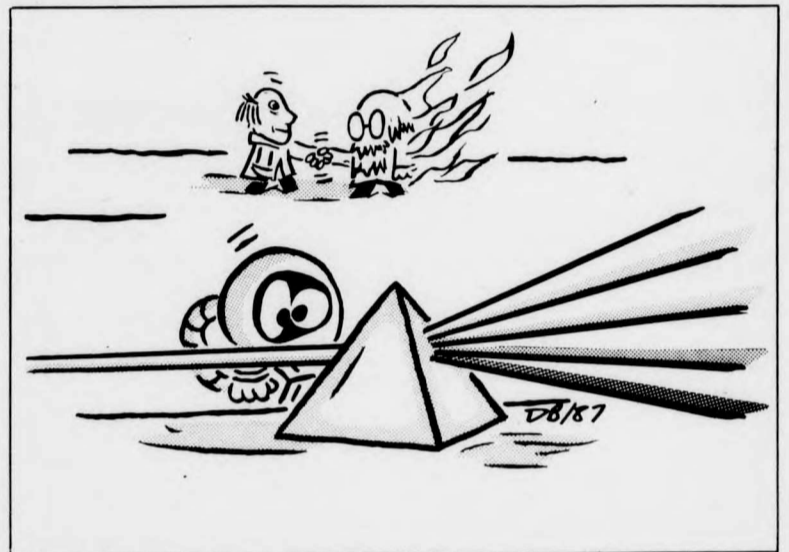

Excalibur offers one free ad per week to clubs and organizations wishing to advertise events or meetings. Submissions for the Classified Section must be received at least one week prior to publication and be no more than 30 words.

Business ads cost \$5.00 for 25 words or less and must be received one week prior to publication.

CARTOONS

Elmo

As the Good Doctor greeted his colleagues, Elmo realized that though his prism display was impressive, it lacked the brilliant use of various waters as filters used in earlier experiments.
