This photograph shows the Roos family on their farm -
The N.W. 15-24-16-W.1. Mr. Roos has just arrived in the
farmyard with a load of sweet clover hay and when visited
was busily engaged in making sure of an adequate
supply of winter feed. Mrs. Friedrichs also appears
in the picture. The corner of the house can be seen
in the background, well sheltered by a fine grove of
trees. Roos gives every indication of being an excellent
man.
