Your File 159/20-7-16-2 (R3)

With reference to your letter of March 8th, negotiations are proceeding with the Tidewater Contracting Company, a final meeting being tentatively set for the first week in April when a decision on this timber operation will be reached.

The operation has not been stopped but since no timber has been removed from the reserve, no dues are owing.

You will be advised as to the outcome of the meeting with the Tidewater officials.
