Massey-Harris

Harvest Your Hay Crop with Ease

THE farmer equipped with Massey-Harris Haying Tools harvests his hay crop without rush or worry. He gets all of the hay in its best condition, for with such modern machinery it is handled right and handled quickly, and it is handled with the minimum of help, a point of special importance in these days.

There's a machine for each operation in the Massey-Harris line—a mower that handles tame and wild grasses alike, and goes through an entire crop without a hitch—a Rake and Tedder, or the modern Combined Side Rake and Tedder facilitate the handling of the crop—and the Hayloader and the Bain Wagon with Rack get it to the barn in the most efficient manner.

Learn more about it from our special Hay Tool Folder

The Farmer's Uniform

LIKE the soldiers' uniforms, Kitchen's overalls are the result of many years of learning lessons how to afford tip-top, service-giving quality and design.

KITCHEN'S "Railroad Signal" OVERALLS

are the farmer's uniform. They make your work easier by giving complete service. Just try them on in the store and see for yourself how easy to slip on or off, and how roomy and comfortable. Plenty of pockets. Buttons won't come off. And they wear like everything. Note the strong seams, double and triple stitched at the danger points. Insist upon Kitchen Railroad Signal Brand. Made only by
