**"FORGET-ME-NOT"**

It is the good thought of the organizers of the BELGIAN DAY, which will be held July 21st, which has surnamed it THE FORGET ME NOT DAY. It is the dainty little blue flower which will be distributed by the young ladies who have graciously offered their services for the National Celebration of Belgium, to the generous people who will encourage the Work by giving, as much as they will be able, when solicited. The sympathies for Belgium are getting more profound as the sufferings of her inhabitants are increasing under German domination, with the thought and patience which give the certitude of the victory.

So, everyone, no doubt, will be seen wearing a FORGET-ME-NOT on that day.

If the population holds good, as we say, up to the present they have admirably kept; but there is a limit to human endurance. For this indispensable endurance to continue, Belgium must be helped. Here we have suffered from the rear no doubt, what are our sufferings to compare to those who have suffered through cold and hunger, who have seen their country invaded by modern barbarians worse than those of the past, who have seen their homes burnt, their fields ruined, their relations, and friends massacred! And today, the deportations are enslaving Belgians who are asking the civilized world, their hands tied with chains, the help for their women and children to whom they took the living means. No one can be unalarmed at the sight of those little innocents who are slowly perishing by all privations and that under the eyes of their mothers who have made the sacrifice necessary to save them!

The sufferings of the Belgian people are well known! Everyone knows that they are merited, it is for the respect of their signature! This is sufficient to obtain the sympathies of the whole world! The Canadians will once more show their generosity on the BELGIAN DAY. The Belgian Works will largely benefit from gifts on this occasion.

From now subscription lists are open in the first page of "Pro Belgica" to the profit of the BELGIAN DAY (see p. 8). Subscribers can choose the works to which they wish to give. The 16 page illustrated souvenir paper which will be published on July 21st will be sent to subscribers. The contents and text of illustrations will be published in this issue of the paper.

Send your donations, as small as they may be, to the ADMINISTRATION OF "PRO BELGICA," 32 SUSSEX AVENUE, MONTREAL.

The opening of these subscription lists enables all the persons who desire to contribute to diminish the innumerable sufferings of Belgium. Think of it and do your share.

Copy of Pro Belgica is sent free on request.

**MARITIME UNION**

The legislature of New Brunswick has recently expressed its willingness to discuss with Nova Scotia and Prince Edward Island the suggestion that the three provinces be united for legislative purposes. This is a matter which has called for considerable debate and discussion throughout the maritime provinces for years. Outsiders who probably may not consistently consider the sentimental consideration which is strong in all three provinces, cannot see two sides to the argument. The present time is scarcely one for giving the matter of this kind the consideration which it should receive by all the legislative bodies before it could be arranged, as men of the calibre to handle such a situation are bending their energies along with the war lines.

Nevertheless it is perhaps well that this matter be kept before us. There is little doubt that a union of the three maritime provinces for legislative purposes would be an economy in administration alone which would be very desirable. Besides this a unity of these three provinces would give them a strength in the Dominion legislature in pressing their claim, which at the present time is lost, owing in part to the competition between New Brunswick, Nova Scotia and Prince Edward Island. For the present this matter can well remain in abeyance, but when the war cloud lifts this would seem to offer one of the chances for retrenchment and curtailing of national expenditures.

**KULTUR'S NEWEST CRIME**

Restoration of Slavery in the 20th Century. Is this the Climax

Under this title Mr. A. J. de Bray, Doctor of Political and Diplomatic Sciences of the University of Louvain, at present Prof. of McGill University has just published an interesting book in seven chapters: Deportations, Belgian appeals and protests. Protests of Allied Nations. Protests of Neutral Countries. The German replies. German Countries. The German replies. The German lies. Conclusion.

The deportation of the civil population of Belgium has aroused the indignation of the whole civilized world. All countries allied and neutral, seventeen in number, not including the Vatican, have protested against these acts of barbarism contrary to the laws and conventions between nations. Prof. A. J. de Bray has initiated an extensive petition in Canada, text of which appears in his book, protesting against these Belgian deportations. This petition contains more than 100,000 signatures from all parts, including the heads of civil and religious institutions.

His book contains the official text of almost all the protests namely: Those of the Belgian Government, the British Government, the City of Brussels, the Dutch Government, also many touching letters from Cardinal Mercier and the replies from Governor von Bissing, the appeal of Belgian workers all over the world, the protests of the United States to the German Government, and the manifestations which took place in the principal American cities and universities are described.

There appears also particulars of the measures taken by the Americans in 1863 concerning deportations; one chapter is devoted to the German replies and another exposes all the senselessness and lies which they contain. The conclusion is brief. The author begs that the prayer of the Belgian workers to neutrals for acts, not sympathy only be heard and concludes with the lines of R. W. Johnson in the New Slavery: Speak, and if the need shall be Men of freedom, Strike.

The book which contains a colored engraving of "Life," "SLAVERY FOR BELGIANS," a sold for 50c in aid of the Belgian Relief Fund.

**OBITUARY**

The funeral took place at Lower Granville, Annapolis Co., on Monday last of John H. Roblee, aged 73 years and was very largely attended, which shows the very great esteem in which he was held. Mr. Roblee has been a life long citizen of Lower Granville and was highly esteemed by every person who knew him, both for his sterling worth and his exemplary character as a true christian man. Early in life he allied himself with the Baptist Church of that place and from this same church he was laid to rest, as deacon and one of the foremost guiding hands of the church he loved so well. Mr. Roblee was twice married, his first wife being a Miss Goyert who predeceased him eleven years.

His second wife was a daughter of J. Henry Beckwith of Sheffield Mills who survives him. He also leaves to mourn the loss of a loving father, three sons John, Charles and Leroy and four daughters, Clara wife of Mr. Timmins, Miss Helen all of Massachusetts, Annie, wife of Archie Troop of Granville Centre and Miss Olivia at home, the service was attended in the absence of his pastor by the Rev. A. Brinkley and Rev. Lew Wallace, a life long friend of the deceased and no one who heard his address but were deeply moved by the great tribute of love and respect he had for the deceased as a staunch friend and true christian gentleman, one of the most sorrowing incidents was the reference made to the memorial service held here on May 20th for his son Harry who made the Supreme Sacrifice on the battlefield of France. It was plain to Mr. Roblee intimate friends that from this sad blow he never fully recovered.

Mrs. Roblee is a sister of Mrs. F. G. Newcombe and Mrs. George Brecken of Sheffield Mills, Ed.
